County Beef Improvement Association addressed by Chatham area farmer

Union Carbide employees to vote on agreement reached by committees

A new memorandum of settlement, which could end the sixweek-old strike at Union Carbide in Lindsay will be presented to a membership meeting for a ratification vote tomorrow night.

The memorandum of agreement, which was signed by company and union bargaining committees, came after a meeting with a Department of Labour conciliation officer, J.D. Speranzini in Peterboro yesterday.

A joint company-union statement issued at noon today said the memorandum of agreement was reached and agreed by both parties but the details of the agreement would not be released until the union committee had presented the package to the union membership for ratification meeting.

The statement said that yesterday was scheduled for tomorrow night at the Canadian Legion Hall.

The statement said that yesterday's meeting at the Empress Hotel in Peterboro was at the request of the Labour Department.

Negotiations between Union Carbide and the Printing Specialties Union broke down two weeks ago when the union negotiating committee walked out of a meeting. Yesterday's meeting was the first since the breakdown of negotiations.

The strike started April 19 after employees rejected a new proposal which had been put directly to the workers in the intersection.

William Street North is a busy street in Wellington.

Lindsay School authorities said Mr. Winterburn suffered possible back injuries but no "holistic warfare" is in progress as yet.

REGULAR BLOOD DONORS ARE MAINSTAY OF CLINIC

One of the regular donors is John Smale. In the picture he is standing behind a glass of orange juice before he makes his contribution to the Red Cross Clinic.

Lindsay has quite a few of these. Red Cross officials claim that there are single ones of these regulars is responsible for saving one or more lives by their faithful donations.

A blood donor's clinic is held twice a month at the Carnegie Bridge Street United Church.

One experiment he related proved that most blood stored by a chemical process, rather than in the nervous system. "Memory and knowledge may some day be available from a needle" suggested the speaker.

He also told of experiments with plant life, creating plants that could thrive under adverse conditions. "They now have the clue to purifying salt water, since plants have been raised in salt water. Plants can extract fresh water from very hostile conditions," he said.

"Man is on an adapt much closer to man than human life," said the speaker as he introduced his favourite subject. "My friend, the earth and air. He said a perennial corn plant is just ten years away, and went on to say that if some of the bridge Street United Church.

In Memoriam

SCRIVENS — In loving memory of my dear son, Norman, who passed away June 4, 1963 and Stanley, killed in action, July 1944.
The times comes with sad regret.
It brings back a day we won't ever forget.
You fell asleep without goodbye.
But the memories of you both will never die.
We miss you more than any one knows.
As each day passes the tears we shed grow.
But the ache in our hearts will always stay.
No one knows the grief we bear.
When the family meet and you're not there.
You left so suddenly your thoughts unknown.
But you left us memories we are proud to own.
Always remembered by mother and the family. (17905)

LYTLE — In loving memory of a dear husband and father, Harold Lytle, who passed away June 1, 1962.
We do not forget you dad, we love you too dearly.
For your memory to fade from our lives like a dream,
Our lips need not speak when our hearts mourn sincerely.
For grief often dwells where no light is seen.
Always remembered by wife Kate and family. (17903)

FADER — In loving memory of a dear mother and daughter-in-law, who passed away June 4th, 1964.
As we loved you sadly miss you
As it dawned another year,
In our lonely hours of
Remembrance
Thoughts of you are ever
near.
Always remembered by daughter Brenda, Mom and Dad Fader. (1638)

Engagement

Mrs. Ray Raymond, daughter, Camden, announces the engagement of their daughter Sharon Margaret to Mr. Paul W. Black, son of Mr. and Mrs. Wesley Black, Glenora. Wedding to take place June 25, 1966 at 3 p.m. in the United Church, The Brown family. (17941)

In Memoriam

KING — In loving memory of a dear husband, father and grandfather, David King, who passed away June 4, 1962.
His memory is as dear to day, as in the hour he passed away.
Sadly missed by wife Stella and family. (17882)

Sunday School anniversary held at Cambray church

Cambray (PNS) — The Sunday School held their Anniversary Service in St. Paul's Church Sunday morning with a gratifying attendance despite inclement weather conditions.

The service was conducted by members of the Sunday School with Miss Janet Kirk giving the call to worship followed with singing Holy, Holy, Holy, Prayer of Invocation and a hymn.

Scripture lessons were read by Misses Deborah Spence and Sandra Person and a chorale given by the Junior Public School classes. Reverend E. Snegrove offered prayer followed by the hymn. The offering was received and thanked by the minister.

Mr. Maurice Dickinson S.S. Superintendent welcomed the congregation. S.S. pupils presentation of awards for attendance and proficiency during the year was conducted by Mr. Tompkins and Reverend E. Snegrove to the following pupils — Kindergarten class with Mrs. Ray Campbell, teacher, Jo-Anne Barker, Joy Zanlyn, Pamela Cardon, Ricky Jordan, Larry Patton and Paul Patton.

Primary class grade 1 and 2 — Mrs. Jim Chambers as teacher assisted by Miss Donna Gordon, Raymond Hill, Cindy Chambers, Terry Jordan, Susan Chambers, Terry Louison, Wayne Jordan, Donald Spence and Calvin Sinclair.

Primary class grade 3 — Mrs. Linda Sinclair, teacher, Lorna Pattison, Christopher Waller and Harold Waller. Junior class — Mrs. Kenneth Worley teacher, Carol Seale, Kathy Rill, Wayne Patton, Arlene Spence, Janice Louison, Julie Tamblay, Kathy Hays, Deborah Spence, David Jordan and Murray Sinclair.

Intermediate class — Mr. Ronald McIntyre teacher — Janice Gorrill, Susan Alger and Arthur Trail.

A hymn was sung and Rev. E. Snegrove preached a sermon emphasizing the young people folk with guiding thoughts for the order to think about. The Senior Public School classes contributed one number with Mrs. Glen Smith presiding at the organ. Both choirs sang and voices and appreciation was expressed to Mrs. Smith and the public school teachers, Mrs. David Rodgers and John Alton.

The church chancel was appropriately dressed with bouquets of Spring flowers. Mrs. Murray McKinnon and Mrs. Elwood Stroud were the flower carriers. The minister pronounced the benediction.

On Tuesday evening a supper was enjoyed by the parish bringing picnic baskets in the church basement, after which there were sports for children and a short programme which climaxed very happy anniversary.

Over 200 Cubs compete in Cuboree at Bobcaygeon

Three Lindsay cub packs won top honours in the second annual Victoria County Cuboree which drew over 200 Cubs from nine packs in this district to the Bobcaygeon Agricultural Park for competition on the weekend.

A pennant were presented to the first place 3rd Lindsay pack who scored 387 points, second place 6th Lindsay with 364 and third place 2nd Lindsay with 359.

The scoring of the other packs who participated in the Cuboree was: 1st Lindsay, 321; Bobcaygeon, 319; 4th Lindsay, 318; 5th Lindsay, 309; 1st Fenelon Falls, 308; 1st Oneone, 289.

The day started off with a parade of the groups participating in the Cuboree from the United Church in Bobcaygeon to the Fair grounds, with stirring martial music provided by the Lindsay Kinmen Band.

After the flag-break, the Cubs and their leaders stood in ranks for the opening address and inspection by District Scout Commissioner — John Joyce and his assistants. The various packs were given points on attendance, for the personal inspection,

hair inspection and for having a proper sign to indicate where they were located.

Officials also judged the pack projects which were to be original and created by all members of each pack.

The Cubs competed in relays, fitness tests, games and skills.

The relays tested the skill of the Cubs in things they had learned in Cubing. A travois relay required a team from each pack to lash two poles together and make a rope seat, using the proper knots and then drag a Cub on the travois over a course in a race.

The second relay was a message relay in which Cubs had to relay a given message to Cubs stationed at various points on the race-track.

The fitness competitions included a pole-drag race, obstacle course, relay race and a tumbling competition.

In games the Cubs competed in kilt-the-snake, a skipping relay and a greased-pole contest.

The Cuboree wound up with skits and a campfire ceremony at which pennants, sports-bags, crests and a trophy were presented to packs who merited them from the day's competitions.

Conners pigeon wins Perth race

A racing pigeon owned by Almer Conners of Bridgenorth won the Peterboro-Kawartha Racing Pigeon Club race from Perth Saturday.

The winning pigeon averaged 870.0 yards per minute over the 110 air mile course, or almost 30 miles per hour.

A pigeon owned by Walter Van Tol won second place at an average speed of 845.6 miles per hour. 3rd and 4th places went to pigeons owned by Bert Hart with average speeds of 838.9 and 838.4 yards per minute respectively.

Fifth place went to Bob Boland of Bridgenorth. Murray Pearson, Ron Horton and Bill Baker also entered birds in the race. This was the third "Old Bird" race of the season. Another race from Perth is scheduled from Perth next Saturday.

Riding Club elects slate of officers

The Lindsay Riding Club held a meeting at the Recreation Centre on Monday evening, May 29th. A slate of officers for the coming year was presented by the nominating committee as follows: President, Mr. Andy Anderson, of Dunford; Vice President, Mr. Gordon Chambers, Lindsay; Secretary-Treasurer, Mrs. Joe Reynolds, Lindsay; Directors: Mrs. Norman Taylor, Cobden; Mr. Jim Whitaker, Beaham; Mr. Ted Spenceley, Bethany; Dr. Nelson Lester, of Lindsay; Mr. Joe Reynolds, of Lindsay.

The new president took charge of the meeting and a short question and answer period followed. Matters pertaining to club policy, fees, membership, etc. will be ironed out by the new executive and prepared for the approval of the members.

Mr. and Mrs. Ted Spenceley of Bethany gave a very interesting illustrated talk on their riding holiday in Mexico. They attended the riding school "Escuela Equestre" at San Miguel de Allende, Mexico. The coloured movies of the country, the people and the riding school were a real treat for those privileged to see them.

The next meeting of the club has been set for Monday, June 20th, 8 p.m. at the Recreation Centre.

Woodville

Miss Barbara Lane and friend, Miss Elizabeth Barrett of Toronto, spent the weekend with Mrs. Onville Lane.

Mr. and Mrs. Jim Anderson spent the weekend with Mr. and Mrs. Stewart Hicks of Kitchener at their summer home in Haliburton.

Mr. C. S. Stoddard and Mr. Russel Veale spent a recent afternoon in Brighton and in Graton on business.

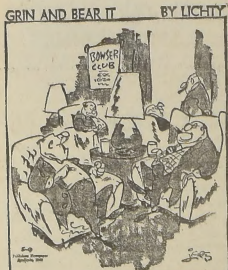

Mrs. Russel MacLeod has been spending some time at the home of Mr. and Mrs. Donald McEachern of RRS Woodville.

Mrs. Emily Montague, Mr. and Mrs. Jack Montague, Nancy and Heather and Mr. Ross Butler spent the weekend in Quebec where they attended the wedding of Mrs. Montague's granddaughter, Miss Denise Malhot to Mr. Paul Carlin of that city.

Mr. and Mrs. James Cook of Peterboro, spent a recent weekend with the J. McCaughy.

Bylaws read at council

Six of nine bylaws that received first and second reading at the Monday night Council meeting were also given third reading and passed.

Among those to receive third reading was a bylaw to raise the parking meter rate on Kent Street west between Lindsay and Cambridge Streets to 5 cents for thirty minutes and 10 cents per hour. A second bylaw will prohibit parking or stopping in the Silverwoods - Jus Terminal laneway. The bylaws will now be submitted to the Department of Transport for approval, and will become effective following receipt of approval and the erection of signs and changing of parking meters.

summer home
Kirkfield, (PNS)-A street
home owned by Mr. Pyers of
Cookeville and situated just
east of Kirkfield on the Trent
Canal was struck by lightning
Friday afternoon during a
thunderstorm. A passerby
turned in the alarm to a neigh-
bour at home. Kirkfield Volun-

the alarm and the fire was
kept mainly in the kitchen
area. Approximately twelve
hundred dollars damage was
done. (H577)

Violet Bannister

Violet Grace Bannister of
Little Britain, Ontario, enter-
ed into rest at the Rose Memorial
Hospital, Lindsay, on Mon-
day May 16, 1966. She was in
her 47th year.
Violet Bannister was born in
Toronto, the daughter of George
and Mrs. Bannister, the late
Edith Luck. She resided at
Little Britain for the past 24
years, and had previously re-
sided in Lindsay.

Violet Bannister is survived

by two daughters Mrs. C. Wil-
son of Thornhill and Mrs.
Bruce Masters of Little Britain
and two sons Kenneth and
Thomas of Little Britain. She
is also survived by a sister,
Mrs. Winnifred Franks of
Toronto, and two brothers
George Buck of Bristol, Eng-
land, and S. Buck of Burnaby,
Vancouver, B.C.

Mrs. Bannister received her

education in Toronto and was
a member of the United Church.

The funeral service was

held from the Mackey Funeral
Home, Lindsay, on Thursday
May 19th, at 2:00 p.m. Rev.
J. L. Lane conducted the ser-
vice with interment at Little
Britain United Church Cem-

Twins County girls softball swung into action Monday with Beaverton, Oakwood, Lindsay and Cannington registering wins. The complete schedule has arrived and appears quite attractive, and sufficient for every team member.

Examinations may curtail activity for some of the league teams including Lindsay and O.T.S. at Beaverton, Cannington at Lindsay, and Cannington at Sunderland games will likely be postponed.

A and W Twins ran into their first loss of the season at Peterborough Monday night. After matching strengths through five scoreless innings, the league leaders mustered two runs, then the balloon burst in the final frame and the Twins came home on the short end of an 8-0 score. Thursday evening the A and W Twins meet again.

other front running team, UE. In the late game at 8:30 p.m.

Little Britain Pirates and Oshawa Legionaires put on a ding-dong battle at Oshawa's Lakeview park Sunday. Bob Taylor hurled a five game for the Pirates but suffered a 3-1 loss. The Pirates next game is at Little Britain Saturday night when they meet Fort Hope.

Special note to Mr. Weatherman: please save up some nice weather this next week for Little Britain Field Day — please! The date June 4.

North Durham Men's Softball League started Sunday with Sunday and Wednesday games to August 14th. The five teams consist of Bellefleur, Cavan, Bethany, Millbrook and Fenwick.

Little Britain Cubs thumped Valentea Jets in V.I.L. action under the lights last night. Rookie Bobby McMillan rated winning pitcher status, with last inning help from Mike Herr.

Pole for softball and soccer floodlighting are at the George Street park and electricians are on the job. Landscaping for the soccer pitch will soon be well under way.

Bethany, (PNS) — A piano recital by the pupils of Mrs. Jeanne McMahon, Mrs. McMahon was held in St. Paul's Parish Hall recently.

Playing solos were first year students Lois Darroch, Helen Van Beek, Karen Youngman, Dale Youngman, Kimberly Neale, Terry Huse. These same pupils played duets with other pupils, Mrs. Youngman, Karen Richardson and Phyllis Youngman.

Grade three students were Sonia Viano playing "The Scottish Rags" and "Allegrito"; Dawn McCabe, "The Old Plantation"; "Three Blind Mice"; Gloria Mitchell, "Mer-y Willow Waltz"; Timmy Mitchell, "The Big Bass Tub"; "Down"; Karen Richardson, "The Birthday Waltz". Duets in this section were Sonia Viano and Marilyn Youngman playing "Little Dutch Dance"; Dawn McCabe and Gloria Mitchell, "Easter Parade"; Timmy Mitchell and Alex McCabe, "The Blacksmith's Song"; Karen Richardson and Dale Hyland, "Contentment".

Grade four students were Dale Hyland playing "Dancing School"; Calypso Boy"; Hyland, "First Violeta"; "Baldie"; Dale and June Hyland played a duet "Country Garden".

Grade five students were Marilyn Youngman playing "Dance of the Field Mouse"; "Mozart's Waltz in C"; Kathryn Mitchell, "The Raindrop Prelude"; Chopin; "Rumina (Weybright); Donna Hoy, "Summer Morning"; Sonatina; Schmitt; "Hazy Fog"; "Swaying Pines"; "Kabelevsky's Waltz"; Penny Carder "The Slight Ride" (Cautis); "Little Prelude" (Bach); Mary Est Bradley "French Song"; "Banjo Song".

Grade six students were Alex McCabe playing "The Happy Farmer"; "Sonatina"; "Lichten"; Nancy Bradley, "Rondo" (Pleyel); "Toccata" (Kabelevsky); Jennifer McGill "Allegrito"; "Vivo" (Handel); "Flight of The Bluebird".

Grade seven pupils were Gail Carder, playing "Highland Lullaby" (Coutis); "Allegrito" (Bach); Phyllis Youngman, "The Little Rose Dance"; Marguerite, "Waltz in A Flat" (Brahms).

In the grades five, six and seven there were also several duets. Kathryn Mitchell and Donna Hoy played "Alice Blue Gown"; Mary Hoel and Penny Carder, "Little Ruby Waltz"; "Pat Bradley and Nancy Bradley, "Bright As A Button Polka"; Jennifer McGill and Vaneia McGill, "Venezia Waltz". Mrs. McMahon accompanied Gail Carder in a duet "Tales From Vienna Woods" and Phyllis Youngman in "Nola".

Mus Kaly Bistow of Yellowknife gave several top dancing numbers in costume, accompanied by her mother, Mrs. Dorothy Bistow at the piano.

Mus Vaneia McGill, also of Yellowknife, sang two songs — "Winter Song" and "The Little Red Lark" accompanied

by Mrs. Jeanne McMahon.

Mrs. McMahon introduced Mrs. McMahon and gave comments on the composers of some of the recital numbers, also thanking the guest artists and the parents for their cooperation.

1-0 win 3-3 tie in soccer play

A win and a tie were registered by the Mosquito league soccer players in mid week action to date Monday evening.

The Rovers edged the Beavers 1-0. Gregg McKenzie scored the only goal of the game.

On Tuesday evening Thistles and Beavers played to a 3-3 tie. Rick Doyle scored all three goals for the Thistles, while two goals by Dave Rowell and one by Doug Price for the Beavers levelled the count.

Thursday night the Rovers will meet the Shamrocks while on Saturday two league games are on the agenda. The Lindsay Barons and Lindsay Intermediates will meet U.E.W. in two league fixtures.

SCOTS SECRET SERVICES REMEMBERED AT SPECIAL PRESBYTERIAN SERVICES

Scots who rallied in hidden dens for secret worship nearly 300 years ago will be remembered at special Presbyterian service at Lake Simcoe on June 5.

Scots secret meetings or conventicles, held in defiance of English domination, were the only means of preserving freedom of worship.

Their descendants will be remembered at the service, which will be held at Glen Muir Camp, five miles north of Beaverton, for 100 years since the first secret meeting.

SIMILAR SETTING
The solemn setting and the emotional fervor of the setting similar to the meeting places where their forebears gathered.

Presbyterians from 280 churches in Toronto and Kingston will be invited to the service, which will be held at Glen Muir Camp, five miles north of Beaverton, for 100 years since the first secret meeting.

Cannington Lawn Bowling Club re-elect same officers for 1966

Cannington (PNS) — The annual meeting of the Cannington Lawn Bowling Club was held at the home of the President, Mrs. MacCovey, on Wednesday evening.

Minister of the previous meeting were read by the secretary, Mrs. Myrtle Purvis.

It was agreed to give \$100 to the Cannington Lawn Bowling Club and it was decided to cater at all tournaments this coming year.

Should women be ministers?

Should women be ministers? Jehovah's Witnesses in recognition with the Lindsay, Ontario Congregation of Jehovah's Witnesses, 169 Queen Street, held on Wednesday night a special service at which the subject was discussed.

Charles Peacock, presiding minister of the Lindsay, Ontario Congregation, announced that 24 women ministers had been called to the ministry.

Peacock said, "Thousands of our women have an active part in the ministry. They engage in door-to-door preaching and follow up in visiting the sick and the aged."

Lindsay may try new illuminated street signs

"Lindsay may be the first in Ontario to try out new illuminated street identification signs," Board of Works Chairman David Logan told council members Monday night. He said while attending a traffic convention in Ottawa with the town engineer, the new signs were on display and the Lindsay delegates had arranged for three units to be supplied to Lindsay on a trial basis. Councilor Logan told council members of three intersections on Kent Street West where the signs would be installed for the test.

Britton - Guthrie Wedding

Mr. and Mrs. Hugh Britton.

Bobbycayn Baptist Church dress of yellow rose buds, she carried yellow shasta daisies. The bridesmaids headresses were tulle petals in matching green with tiny flowers, tinted shoes and white gloves. The groom wore yellow shasta daisies. The bride's hair was styled in a walk beside you and "The Wedding Prayer". She was of Toronto.

The reception was held at Branscombe of RRI Lakeside. The bride was given in marriage by her step father, Mr. C. Campbell and looked lovely in a floor length gown of pearly blue with bolero top of Guipure lace rounded neckline and elbow length sleeves. Full overskirt softly trailing into a chapel train, adorned at waist with a large bow. Her headress, a wedding-band of baby pearls and Bavarian crystal held a scalloped silk illusion veil softly worn over the face. She carried a bouquet of red sweetheart roses, stephanotis and ivy.

The maid of honour was Miss Brenda Peck of Lakeside. The bridesmaids were Mrs. Lynn McMillen, Miss Wendy Wagg, both of Toronto and Miss Wanda Britton sister of the groom of Bobbycayn. Miss Heather Lance of Bobbycayn was flower girl.

The attendants were identical gowns of floor length green chiffon with cupure lace bodices, rounded neck and elbow length sleeves. The gowns were accented with a detachable train at the waist. The flower girl was dressed the same with a head-

4-H club girls attend meeting

Manilla Women's Institute

Manilla, (PNS) — The May meeting of Manilla Women's Institute was held May 25 in the Manilla United Church with an attendance of nine and the girls of the 4-H Club.

The President, Mrs. F. Nixon, opened the meeting.

Roll Call was answered with "Hints on Sewing" since this meeting was on Sewing done by the 4-H Club girls.

The treasurer, Mrs. P. Brown, reported on the financial situation, as carried over from last season. Bills were presented for payment, and it was decided that these bills be paid.

A business meeting is to be held on June 9th at the home of the President, to arrange meetings and programmes for the coming year.

Mrs. R. Wood, District Director, reported on the District Annual Meeting held in

Woodville on May 17th. Mrs. Molon, 4-H Club leader, then spoke on the work done by the girls and stated the Fall project is to be "Meat On The Menu".

Miss Marie Hubbard of "The Jolly Henstichers" gave a very informative talk on "Colour Schemes for the Bedroom". She had on display a miniature set of two bedrooms - completely furnished with colour - matched accessories, and a chart showing the manner in which colours should be matched for a proper effect.

The 4-H Club girls demonstrated articles they had made and exhibited at the Achievement Day held recently in Lindsay. These articles were bedspreads and matching dresser covers - waste baskets - throw cushions and some fine Italian hemstitch-

ing. These items were beautifully done and the girls deserve great credit for their efforts.

Small girls were presented to the girls and their leaders by the President, Mrs. F. Nixon.

Mrs. M. Philip, Convenor of Citizenship and Education, read an article, "Prospect for You" - a talk on future jobs and the value of life saving, the young people of tomorrow, and how they should prepare themselves for this problem.

Mrs. O. Lawton, Public Relations Officer, spoke on the "Centennial Flowering Crab Tree" and the slogan "Make Canada Beautiful".

A discussion followed regarding the possibility of planting some of these trees by the girls and their leaders, and praised them for their endeavours.

While refreshments were being prepared, a Quiz on "Sewing Project" was held and won by Mrs. R. Wood. A social half-hour was spent.

Council Quickies

A tender submitted by Rhy's Williams Men's Wear for the supplying of clothing for the employees of the Fire Department was accepted, with the addition of clothing necessary for a newly hired fireman who will commence duties in ten days. The Rhy's Williams' tender was the lowest tender received.

Board of Works chairman David Logan reported the Colborne Street widening should be completed by July 1st. He said the Lindsay Street project is well under way and the street may be closed off temporarily before long. The Peel Street storm

sewer project was nearing completion, and he said tenders will be let for the Mary Street work in August.

Office hours at the Town Hall, commencing June 1st, will be 9:00 a.m. to 5:00 p.m. Monday through Friday inclusive following a decision of the Town Council.

Tenders for the supplying of clothing to the Police Department were opened by the Town Clerk. The three tenders were from Rhy's Williams, Ross Stores, and W. E. Ferguson were referred to the Police Committee for study and recommendation to Council.

Bylaws authorizing the construction of water mains and the issuing of debentures to cover the cost of same received two readings. Bylaw 25-60 covers the construction of a water main on Anglin Street from Ross Square to Roosevelt Street. Bylaw 26-60 covers construction of a water main on George Street from Hamilton to Cambridge Streets at an estimated cost of \$6,156 and \$5,693, respectively.

Rev. Price inducted as minister Queen Street United Church

Rev. William Joseph Price, which in the dim distant day was formally inducted as the minister of Queen Street United Church in Lindsay Friday evening.

Rev. W. F. Lane, associate pastor at Queen Street, conducted the opening exercises, and Rev. Coleman of Cannington delivered the charge to the new minister, and to the congregation.

Rev. Coleman exhorted the new minister to be tolerant, be courageous, be faithful in the discharge of his duties, and be a true minister of the flock. He told the congregation that they must render help at all times and should never criticize the minister in his absence. He said the minister should have a clear vision of his ministerial duties, should preach the gospel fearlessly and be a leader, while the congregation should be considerate and helpful as members of the Shepherd's flock.

Rev. K. J. Crawford of Omeene performed the induction ceremony. A former pastor, Rev. John Scott, was in the congregation.

The name of Rev. Price adds to the long list of ministers who during the history of the church have ministered to the needs of members of Queen Street United Church. Commencing with the days when Rev. John Sanderson travelled by horseback from the Township of Cayn, over a winding trail through the woods, sometimes inhabited by friendly Indians to the hamlet of Lindsay, many pages of the "Good Book" have been thumbed by preachers in the history of the Queen Street United Church. It is a long time since Rev. George Dewey and other courageous ministers of the Gospel brought the message of the Bible to a handful of pioneers in the old Queen Street Church, a congregation

St. Andrew's choir give concert

Thirty-six members of St. Andrew's Presbyterian Church Choir, journeyed to Carnarvon, Ontario, on Sunday afternoon, to present a concert of sacred music in Carnarvon United Church.

Their selections ranged from works by Palestrina and Bach, negro spirituals by the men's chorus, of such contemporary offerings as the West Indian spiritual, Kumbaya, accompanied by Bongo drums. The programme, under the direction of William J. H. Perry,

Be counted for Canada

A census taker from the Dominion Bureau of Statistics will visit your home soon to ask you these five simple questions as part of the 1966 Census of Canada. The census starts June 1st.

Your answers, when related to the answers from millions of other Canadians, will provide basic facts on Canada's growth and development as a nation. These facts are essential to business and industry and to governments at all levels.

Census '66
JUST 5 SIMPLE QUESTIONS

1. Name of person?
2. Relationship to head of household?
3. Male or female?
4. Age at last birthday?
5. Single, married, widowed or divorced?

Householders will also be asked whether the home is owned or rented. Farmers are asked additional questions, which for their convenience, will be mailed to them in advance.

Mr. and Mrs. Clifford Hargrave returned to Toronto and visited his son and wife, Mr. and Mrs. Keith Hargrave, and also attended services at the church where son Keith is the Organist on Fairlaw Avenue and had as visitors Mrs. Hargrave's aunt, Miss Sadie Logan of Toronto, who also visited relatives in the community before returning to Toronto.

Deep sympathy is extended to Donald MacMillan on the passing of his father, the late Archie C. MacMillan. Although in failing health for some time his passing came quite unexpected to relatives and friends. A member on the Board of Knox Church, and for a number of years an Elder of the church — duties of which he carried out diligently and well as long as his health permitted. He will be missed not only in the home but in the community at large. Many called at the home where the body rested, and later the service was held from Glenam Church, with interment in Glenam Cemetery. To express their sympathy to the relatives, which also include a brother — Mr. Colin MacMillan of Lindsay, baskets of flowers were placed in the church in loving memory.

Mrs. Percy Ellis of Washago was a visitor at the home of her niece and husband, Mr. and Mrs. Wesley Black and attended a presentation for the honoured couple in Camsen Community Hall during the weekend.

Friends are glad to hear that Mrs. Angus McKay is well enough to enjoy a visit with her sister, Mrs. J. J. Thurston in Lindsay.

Miss Anne Boyle, a leader of the Explorer Group treated the children to a hike and a treasure hunt at the Mac Moynes bush of Mr. and Mrs. Gordon Jamieson where lunch and a social time was enjoyed among the gathering, with the weather an added attraction.

— (Continued) —

ALMOND CHESS PIE
Let Almond Chess Pie add a touch of that irresistible Southern charm to the meal. A first cousin to the famous Southern Pecan Pie, this tempting dessert consists of a smooth rich filling placed in the perfect setting of a tender, flaky crust.

Almond Chess Pie is sure to satisfy any "sweet tooth". This elegant recipe is easy to prepare, and easy on the pocket. Nutritious margarine is the key to the success of the smooth rich filling. Choose a well known brand of margarine with a sweet delicate flavor for the best results.

HOUSEHOLD SCRAPPBOX
By Phyllis Lee
Add crisp toasted almonds to the filling mixture for a delectable flavor and texture contrast. Sometimes try chopped pecans or peanuts for an interesting variation. Once the filling ingredients are well blended, pour the mixture into an unbaked pie shell. Place in a moderate oven (350 degrees F.) for 45 to 50 minutes. Allow the pie to set 1/2 hour before serving. Remember it at its best, flavoured best when served slightly warm.

Topped with a few dollops of whipped cream, this tantalizing dessert is ready for the dinner table. That first bite tells you how good a pie can be. Almond Chess Pie has come to be the favorite of true Southern hospitality. Pastry for single 8 inch crust (see below), 1/2 cup margarine, softened to room temperature, 1/2 cup sugar, 1/2 teaspoon salt, 1 cup dark corn syrup, 2 teaspoons vanilla, 3 eggs; 1 cup steamed, toasted almonds, 1/2 cup unbaked pie shell.

For 8 inch unbaked pie shell.
The egg and salt together. Cream margarine with sugar-salt mixture until light and fluffy. Add corn syrup and vanilla and beat until smooth. Add eggs one at a time, and beat gently until all ingredients are well blended. Pour in almonds. Pour into pie shell. Bake 45 to 50 minutes in moderate oven (350° F.) until top is golden brown. Cool pie in the centre is set with shaken gelatin. Cool pie 1 hour, at least, before cutting. Pie. Pecans or peanuts may be substituted for almonds.

For 8 inch unbaked pie shell.
1/2 cup shortening, 1 cup sifted pastry flour, 1/2 teaspoon salt, 1 to 2 teaspoons cold water.

Sift flour with salt into a bowl. Cut in shortening with pastry blender or fork. Until mixture is the consistency of corn meal and small peas. Sprinkle cold water, a little at a time, over different parts of flour mixture. Turn mix lightly with a fork. Place dough on waxed paper. Knead 3 to 4 times with small paper ball. Let stand at room temperature 15 to 20 minutes. Lightly flour pastry cloth or board and covered rolling pin.

Roll dough into a circle 16 inch thick and 1 1/4 inches beyond edge of pan. Fit dough loosely into pan and do not stretch. Prick with fingertip from centre out to remove air bubbles. Fold edge of pastry under it to rim of pie pan. Place edge with fingertips. Do not prick pastry with fork. Add Almond Chess filling to fluted unbaked pie shell. Bake according to directions for filling.

FIRE DESTROYS HOUSE, CAR AT NESTLETON

A family of seven fled their burning home near Nestleton, southwest of Lindsay, Sunday evening, escaping with only their clothes by wearing after a blaze which started in a shed swept through the two-story house built dwelling. Mr. and Mrs. Percy Williamson and their five children evacuated their home after a fire, broke out in the rear of the building in a wood-shed.

Fire officials estimated the damage to the building at \$8,000 and said the cause of the fire had not yet been determined.

Mr. and Mrs. Williamson and their children, Douglas, 19, Thomas 16, Joseph 14, Sharon 12 and Harry 10, escaped the blaze unharmed.

Cutwright Fire Chief Leonard Scott said the Cutwright Fire Department was called to the scene at 10:06 p.m. and arrived at the scene at 10:15 p.m. The fire was reported by a neighbour who saw smoke billowing from the chimney which was not in use. Minutes later, the fire swept through the house.

He said members of the legion have to look beyond the four walls of the legion, venture into new fields of activity and constantly strive for improvement of themselves and their Legion and their country.

He told them each man of the 280,000 Legionnaires in Canada was equally important and had to "pull his weight". Mr. McChesney's address came during the luncheon at the Canadian Legion Hall in Lindsay.

Legionnaires heard reports in the morning and then fell asleep at 11:35 a.m. Sunday for the annual parade which went from the Academy Theatre to the Cenotaph. The march-past salute was taken by Mr. McChesney.

Among the head-table guests at the luncheon were Legion Zone Commanders in District F and Victoria Riding MP, William Scott.

The afternoon business session included reports from the various Zone committee chairmen and some new business. Under new business, the group decided to hold the 1967 district Drumhead Service at Oshawa.

Peterborough Legion representatives urged Legionnaires to vote in favour of holding the service in Peterborough because they had promised the city they would have a drumhead service for their centennial and the Oshawa branch said they wanted it in Oshawa to publicize the opening of a new branch which cost \$360,000.

Oshawa won the vote but Legionnaires said they would support a drumhead service in Peterborough next year as well.

Mr. and Mrs. Hugh McChesney, Dianne and Kimberley went to Lansdown for the weekend to visit Mrs. McChesney's parents. It was their 17th wedding anniversary.

Over the weekend at Mr. and Mrs. James Simpson's were their daughter, Mrs. Peter Dilling and Mr. Pilling, Sandra and Bill from Peterborough.

Two hospitalized following accident
Two Bowmanville people were hospitalized Sunday evening after the car in which they were riding was involved in a two-car collision on County Road 29, near Glenora.

Lindsay Hospital authorities reported Monday Ivan Zwanan of R2B Bowmanville, and his wife Catherine had been transferred to Oshawa General Hospital with multiple bruises and abrasions sustained in the crash.

Lindsay OPP said total damage of \$2,800 resulted when cars driven by Ivan Zwanan and James Bigler of Upper Canada College, Toronto, collided with a car driven by a Bowmanville resident. The cars were involved in a two-car collision on County Road 29, near Glenora.

KILLING YOURSELF

By Peter J. Steinhorn, M.D., F.A.C.P.
Author of "How to Add to Your Life"

ALCOHOL INJECTIONS RELIEVE PAIN FROM TIC DOLOUREUX

Dear Dr. Steinhorn: What is the dolefulness? Do alcohol injections help? Mr. O. Comment: It is actually a neuralgia of the trigeminal nerve. There are severe, constant pain along the course of the nerve which supplies the eye, region, cheek and lower jaw. These pains come on in sudden attacks.

It occurs most often in the elderly and the actual cause is often unknown. Sometimes relief, or exposure to a slight draft may be the trigger at almost unbearable shocks of pain. At other times, they come on without any apparent reason.

In answer to your question about the value of alcohol injections, I'll give you the essence of what I have been reading in "Review of Modern Medicine," which summarizes the results of their treatment of such patients with alcohol injections. (Mrs. Arthur Ecker and Theodore Prier of the State University of New York Update Medical Center, Syracuse.)

"They found that 'precise injection of alcohol' near the junction of the gasserian ganglion and its posterior root usually relieves trigeminal neuralgia. The injection is performed in the outpatient department under local anesthesia and takes about 15 minutes. Relief of pain is usually immediate and lasts for years. A few patients require

more than one injection. Alcohol injection relieved pain in all of 133 patients with the dolefulness. Of 111 patients followed up for one year or more, three had recurred pain, one had reduced visual acuity from a corrected 20/20 and 10 had developed parasthesia (numbness, etc.). Among 68 patients followed up for three to eight years, 49 had remained free from pain after one injection. A second injection was needed in 10 patients. Most of the patients were elderly and many were poor surgical risks."

DIVERTICULOSIS

Dear Dr. Steinhorn: My doctor has told me I have diverticulosis, and that I must be on a low-fiber diet to avoid trouble. I have no symptoms, feel fine, so I wonder is this necessary?

He has mentioned that I must abstain from popcorn, strawberries and all fruits with seeds, corn on the cob, etc. Does this malady ever correct itself? Or must I resign myself to a curriculum of diet for the rest of my life? Is this ailment common? Can a person ever eat raw carrots and celery again? Mrs. C. Comment: I prefer this, as I usually do, by saying that I do not intend to diagnose or treat from way back here — for your own good, I would only be guessing that I can advise in a general sense. Your doctor has the advantage because he has examined you. But there is a difference of

Former Lindsay student receives major award in Medicine at Queens

A former L.C.V.I. student, Lester received one of the major awards in medicine at the May 28 convocation for medicine, law and nursing science graduates at the University of Toronto.

She is Frances Thelma Lester, now of Kingston, who received the Medal in Medicine, along with a number of other honours.

Her father is the Rev. H. C. Lester, superintendent of home missions of the United Church of Canada, Bay of Quinte Conference, who received a honorary doctor of laws degree last Saturday at the convocation for the conferring of Honours B.A. and B.Sc. ND degrees. B.Sc. ND degrees and post-graduate degrees.

Other awards which Miss Lester received include a diploma in the profession in how to handle patients with diverticulosis.

Some, like your doctor, are very conservative and put patients on diets similar to yours. Others (and I am one of this group) look upon symptomless diverticulosis — harmless outpouchings from the intestine — as something to be feared. Such patients can stay in their usual diet.

Of course, if they get diverticulitis (an inflammation of one or more of these sacs), then they require a special diet and other special treatment. Don't take my word for it. Stick to your present diet until you ask for a consultation. Whenever in doubt, you deserve an medical opinion.

It is hailed that Johnny Appleseed began his odd life after a dream in which he had a vision of the world filled with apple trees in bloom — and he set out to make that dream come true. Chapman gave away, bartered or sold seedlings to midwest pioneers, depending on their ability to pay. He was barstard, even in winter, sometimes wore an iron kettle for a hat and got along fine with hostile Indians.

The Johnny Appleseed vertical stamp is dominated by a red apple, before which Johnny stands, in black and white, spade over his shoulder and seedbag in his left hand. At the top, in green, is "Johnny Appleseed". The stem of the fruit and a leaf also are green. Extending across the bottom of the stamp is "©c United States Patent".

U.S. Postmaster General Lawrence P. O'Brien has made public the design of the Johnny Appleseed commemorative postage stamp.

The 5-cent stamp, the first in the "American Folklore Series", will be issued September 24 at Leominster, Massachusetts, birthplace of John Chapman, the gentle eccentric who roamed over some 100,000 square miles planting apple trees in bloom.

Lance King, western singer and rope spinning expert, will be one of the many star entertainers at the Little Britain Memorial Centre programme in the Arena Wednesday evening. Formed as one of the most ambitious programmes ever presented, feature performers, all professionals, will include Billy Msek, Cyril Messenger, Jack bateman, Zena Cheevers and the Videettes.

MARIPOSA CIVIC HOLIDAY CELEBRATIONS STARTED OVER ONE HUNDRED YEARS AGO

Mariposa Civic Holiday celebrations started over a hundred years ago as a community picnic, and for the past twenty years has been proclaimed a public holiday by the Township Council of Mariposa, a Little Britain citizen and director of the Community Memorial Athletic Centre Board recently told "The Post".

For many years the park bought the park site in 1946. The arena was built in 1946 and officially opened in 1949 at which time the Community Memorial Athletic Centre was set up under the Community Centres Act of Ontario.

Under progressive leadership the Centre is one of the best equipped sports centres in Central Ontario. In 1963 floodlights for basketball and softball were erected and paid for. In 1965 artificial ice was installed at the Arena complete with a cement floor and proper drainage. In 1967 further advancement will so doubt be planned for Centennial year.

Possibly the secret of the success of the Centre programme, over and above splendid leadership of its chairman, has been the whole hearted co-operation and hours of time donated by area citizens.

The Community Centre Board consists of 12 district men, who with their wives take turns, one week at a time, making the ticket sales and the operation of the refreshment booth. Two couples are on duty each week and their turn comes only once every ten weeks. A schedule is set up and the area residents fit in their plans around this schedule.

The main source of funds for the development and operation of the Centre in recent years has been the Civic Holiday car drive. Second largest contributor to the treasury have been the net proceeds of the refreshment booth, outside in summer and in the upper auditorium in winter.

Next Wednesday the 17th consecutive car will be given away by the Centre board, and many other cash donations and prizes are also included in the "Is of the sports day".

Little Britain, for a centre of its size, has now the most extensive facilities for minor and spectator sports in Central Ontario.

The 1966 Civic Holiday programme scheduled for next Wednesday is one of the largest ever planned by the Community Centre board. Starting with the parade of public

Youth fined on careless driving charge; probation for consuming

Douglas John Geddes, of Hiawatha Drive, Toronto, aged 17, pleaded not guilty to charges of careless driving and illegally consuming liquor while under age in Lindsay police court Thursday. He was convicted and fined for careless driving and placed on probation for consuming. The charges were laid by Provincial Constable Stewart Brooks of the Penelon Falls detachment following a motor cycle accident in Penelon Falls.

The driver and a passenger in a car that followed the accused from Nelson's Corners May 26, 1966, told the court the accused was driving in an erratic manner as he tried to make adjustments to the motor cycle as a passenger with a girl as he drove on the back of the bike.

Constable Brooks told the court he investigated the accident and found a large motor cycle had left Colborne Street near the intersection of Princess Street and ran into a hedge. He said a girl was laying on the grass about 15 feet from the Douglas Geddes and she was conscious. He said the accused, Douglas Geddes at first was belittled and his breath smelled of alcohol.

Provincial Constable McGregor said he interviewed the accused at the Lindsay detachment Thursday night and a half after the accident and there was a trace of an odour of alcohol on the breath of the accused.

The passenger on the motor cycle told the court Geddes had been adjusting the carburettor before entering the corner at Princess Street. She said the bike ridden on loose gravel and sand on the pavement. She said she was with the accused all night and he had not been drinking. Magistrate Guest called the

Tennis round robin proved successful

The first of bi-weekly tennis round robin tournaments at the Lindsay Tennis Club proved most successful Tuesday evening. The tourney, conducted this week by Astrid Trach, proved very popular with the club members and was found most enjoyable.

Phyllis Wilson won the ladies event this week, but Karl Brown and Paul Winkler were tied in the men's competition and required a play-off round. Karl Brown emerged final winner of the men.

Bride given shower

Blackstock (PNS) — Thursday evening, May 26, about 40 friends gathered in the Town Hall to surprise Sylvia Lawless to marry a miscellaneous shower. The shower was given by Mary Mackie, Shirley Hudson, Ruth Bullock, Edith Black, Theresa Lawrence, Hilda Napin and June Lawrence. Hilda escorted Sylvia to a prettily decorated chair and pinned a pink corsage on her dress. After opening her many lovely gifts, Sylvia expressed her appreciation. Gifts were displayed while lunch was served.

To clean patent leather articles, such as shoes or belts, mix up a solution of 2/3 vinegar and 1/3 water, apply the leather with a soft cloth, then polish with a dry one. Petroleum jelly used in the same way also does a good job.

Gilt Frames
It's a good idea to cover new gilt frames with a coat of white varnish, this will make future jobs of washing off the frames with water much easier, and without injury to the gilt.

Easier Work
When driving screws into hard wood, you can make the job much easier if you lubricate the threads of the screws with kerosene soap or some shaving cream.

HOW CAN I
By Anne Ashley
Q. How can I keep my diamonds sparkling?

A. In the first place, to keep a diamond sparkling, it must be kept scrupulously clean, so that the light striking each facet breaks down into rainbows. If the diamond is dirty and gummy up with soap, you might as well be wearing glass. A diamond that is worn every day needs a special cleaning at least once a month - without fail.

Q. How can I keep nickel faucets gleaming and bright?
A. Clean them regularly with a soft cloth dipped in spirits of ammonia. Follow up with a good washing with hot water and soap, then rub dry with a soft cloth.

Q. How can I remove paint splatters from my linoleum floor?
A. Fingernail polish remover is also fine for removing paint spots.

A man describing his new summer home. "On one side there is the view of Sturgeon Lake, on the other side there is the view of the woods and all around there'll be a 360-degree view of the mortgage and deficit."

Since we have returned to the workaday world for awhile this will be our last W.W. Of W. But hope you will have a Guest Editor until our return.

Little Britain
Plans and preparations are now completed by the committee in charge for Little Britain's Annual Field and Sports Day on Wednesday, June 8th and a good attendance as usual is hoped and looked for as it promises to be bigger and better than ever.

Contributions are extended to Joan Staples, daughter of Mr. and Mrs. Neil Staples, R.R. 1 Little Britain and John Koehlf, son of Mr. and Mrs. C. Koehlf of R.R. 1 Little Britain who were united in marriage on Saturday, May 21st at Cambridge Street, Wainfleet in Little Britain by the Rev. C. P. Purdon officiating and also to John R. Williamson, son of Mr. and Mrs. Raymond Williamson who was united in marriage to Ruth Eleanor Bell, daughter of Wellington Bell at St. Paul's Anglican Church in Little Britain on Saturday, May 21st.

CHATTERBOX

ALMOND STRAWBERRY JAM

3% cups prepared fruit (about 2 1/2 cups) berries; 1/4 cup lemon juice (about 2 lemons); 1/4 cup chopped blanched almonds; 7 cups (3 pounds) sugar; 1/4 bottle liquid fruit pectin; 1/4 teaspoon all-salt extract.

First, prepare the fruit. Crush completely one layer at a time about 2 1/2 cups fully ripe strawberries. Measure 3% cups into a very large saucepan. Add lemon juice and almonds.

Then make the jam. Add sugar to fruit in saucepan and mix well. Place over high heat, bring to a full rolling boil and boil 1 minute stirring constantly. Remove from heat and at once stir in liquid fruit pectin and almond extract.

Skim off foam with metal spoon. Then stir and skim by turns for 5 minutes on low heat, slightly, to prevent floating fruit. Ladle quickly into glasses. Cover lam at once with 1/4 inch hot paraffin.

Over 60 attend Deanery meet

Over sixty members from W.A. groups met at St. James' Church, Kilmount on Tuesday, May 17th for the 40th Annual Conference.

The morning session began with the Service and Holy Communion at 10:30 a.m. Rev. J. E. Mason celebrating with Rev. C. Dymond of Missions.

Rev. R. J. Carr of St. George's Hallowood presided over the sermon. The spoke of the 70's of Faith - confusion, conviction, confession, confession, confidence, confidence, concern. He told of the gentle love and concern for others necessary to help people to grow up fully - to know that the Love of Christ Contrainth us.

"Those from 10 to attending the meeting are Mrs. Frampton, chairman of Deanery, who brought greetings from other Deaneries; Mrs. J. J. Wormald represented the Junior Auxiliaries; Mrs. Clark from the Treasury Dept; and Mr. Ashburn, Chairman of the Educational Dept, were also in attendance.

At noon a luncheon was served by the ladies of St. James and an opportunity to discuss the literature table also the display of Pakistan Souvenirs.

The speaker in the afternoon was Rev. W. E. Askew, Director of Diocesan Services to Anglican World Missions. "Since Man Sinned there has been a world mission; Prophets among the Hebrew People; Then God sent His Son; Then the Disciples and now us. We can reveal ourselves in Prayer, to Study and in self examination that we may be tools for God. Our mission field is the world and we have an important role to play."

The next Deaneary meeting is to be held in West Gullford in 1967.

The officers for the ensuing year were installed by Rev. E. E. Mason.

Tea was served by the Kilmount W.A. and everyone expressed their hope all would meet at West Gullford next year.

Introducing LINDSAY CRANE RENTALS

A man's trousers should be not baggy - but not pipestems. Yours with an appropriate belt, they should sit snugly on the hips without causing a dimple at the waist or an unwanted ridge at the shoe. The "rise" in distance between crotch and waistband is the determining factor.

Trousers worn with suspenders should have a higher rise for proper drape. The trouser seat should fit snugly. Too snug a fit will cause horizontal wrinkles and the waistband will cause unlighty folds.

On The Main Street

Historically speaking, the following letter "Early Days in Victoria County" may interest many readers — it is reprinted from "The Post of an undated letter dated:

"To the Editor, The Lindsay Post: Dear Old Post, I speak with justification as I remember reading The Lindsay Post ship, a couple of miles back of Kirkfield, in 1862-63. Our principal literature at that time was The Post, The Globe and the shorter catchisms. Frequently we found sufficient matter of interest in the former to keep us busy until it was time to go for the cows, and so we lapsed from grace in neglect of the catchism.

In those days Lindsay was our city of refuge, our Mecca, to which we made pilgrimages by wagon, with wheat or other grain; nor slept till we returned — a trip of 56 miles. How would some of the youths of today enjoy such a trip?

These were the days of the voting and my first vote was a choice between McTear and Cameron; I voted for the latter, but I knew just because I knew him, and with as much knowledge as what the candidate proposed to do for us as the steers I drove.

Lately I renewed my interest in the country, and when I visited my home I found everything much changed from the times when we sold our hay — I donned a paper collar (Cotton) and took me out to a dance where the orchestra was a single fiddle, and the fiddler plaidly drunk, and when the affair was over we hired our fair one to her home with a torch of cedar bark.

Yes, times have marvelously changed in many ways in Victoria County. Lindsay is a substantial clean kept city and the north part of the riding has been much improved, particularly in ranching. I hear of one rancher — Mr. John Sheridan — who for the last ten years has paid out to the farmers of the neighbourhood, over \$100,000 per year. Some

80 to 100 farmers winter from 80 to 1000 head of cattle for him in Mariposa, Opa, Fenelon and Somerville, and he catches some 1200 to 1500 cattle every season in Berley, Garden and Somerville. Surely this is a great advantage to the community and worthy of public recognition. I do not know his mind in this matter, but as I have heard him highly spoken of as a man of sterling worth and cultivated tastes, would it not be of general benefit to the county to run Mr. Sheridan as an independent candidate in the coming Federal elections. He might or might not accept, but the need of this trying time of Canada is to seek out someone who can afford to be independent of party politics. Hoping you may find space for this and promoting my further short success as opportunity permits. Yours, D.S. Macquodale, 5500 Dovercourt Road, Toronto.

UCW plan centennial project

Fenelon Falls (PNS) — Miss N. Simpson presided for the May meeting of the Fenelon Falls Women's Institute which was held at the home of Mrs. D. A. Scott and opened in the usual manner.

During the business period, reports were given and it was decided to continue the Dime Cards for another year, and to vote the Secretary Treasurer \$10 for petty cash.

Plans for a visit to the Victoria County Home and a pot luck picnic luncheon for the June meeting were discussed and a committee named to finalize arrangements.

Mrs. Thomson reported a centennial project and it was decided to allocate \$150 to the project. This to cover the cost of a picture by an artist born in Fenelon Falls for the Municipal Building and an additional project to be decided on definitely later.

"Fun with flowers" was the theme of a demonstration by Mrs. Scott. She displayed floral arrangements suitable for table center, hospital gifts

Personal

Mr. and Mrs. T. R. Price are attending the graduation of Mrs. Price's granddaughter, Miss Sheila Barnard, from Frankstone Hall in Toronto. Miss Barnard will attend McMaster University starting in September. She is the daughter of Mr. and Mrs. F. K. Barnard, 282 Ridgewood Rd., Toronto.

Little Britain

The passing of Emma (Dunn) Rich and beloved wife of the late John Rich at her home in Oakwood on Monday, May 16 was learned with much regret and came as a severe shock to the entire community. Quite a number from here attended the funeral service of the deceased which was held at the Mackay Funeral Home in Lindsay on Wednesday afternoon, May 18th with interment being made in the family plot at the Little Britain Christian Cemetery.

Mrs. R. O. Culbert spent the holiday weekend at Collingwood and was the guest of Mr. and Mrs. Ross Culbert while there.

What's in a name?

With only about 200 days still to go before the opening of Expo 67 it is becoming increasingly evident that many do not know what Expo 67 is — particularly those in the United States.

During a recent trip through the New England states, we spoke to a number of Americans about the forthcoming world's fair at Montreal and found few knew anything about it.

Part of the reason is, we feel, the name — Expo 67. It sounds very much like an international stamp exhibition, which for years have carried such exotic names as Stampex, Pipex, Tapes, and Cipex, etc.

Although it is obviously too late to abandon the name as a description of the forthcoming Centennial fair — the additional words World's Fair should be added before it is too late.

We suggest that all publicity matter

Three-Horse Wagon

Anyone with a memory going back to the horse-and-wagon days will recall that the only way to get a runaway team to slow down to a trotting pace is first to get the horses calmed to a walk or even to stop for a moment.

The driver or owner of a team may not want to stop entirely but he certainly does not wish to go overloading down the road and run the whole package into the ditch.

Canada is afflicted by a three-horse team going madly down the road. The only man who can stop it will have a strong body to lean on the lines, and estates that do not want out.

There is the Honorable Judy LaMarsh, who is said to be willing to spend six million dollars of your money on a stude painting from Leichenstein. The idea is that the tourist industry would be helped if this painting were installed in the National Art Gallery in Ottawa. (But Miss LaMarsh now says she was misquoted on the subject, which makes her the most misquoted

woman member in the history of the Pearson cabinet.)

There are the promoters of art centres. Art is long and promoters thereof persistent. In their impatience, they have called opponents of artistic ideas "yahoos." A yahoo is a person who knows very little about anything and probably wears a farmer's straw hat in the winter, never goes to the theatre or other artistic centre, and objects to contributing in his taxes towards something that he feels he does not need.

The third runner in the three-horse team going madly down the road is any provincial government that feels competition compels it to keep its taxes high and that the public in the driver's seat will not have the strength to stop what is going on.

This is not a plea for a return to the horse-and-buggy days but it is a suggestion that the economy cannot get very far if the wagon pulled by the three horses is wrecked.

This Day 25 Years Ago

JUNE 6, 1941
Local Young Man Dies in Peterborough
Injured while working on a freight car, death came to "Joe" Roche on Saturday, some twelve hours after he had been terribly injured when he fell from the ladder of a moving boxcar, and under the wheels of another car. "Joe" Roche, popular young Lindsay man, died in St. Joseph's Hospital, Peterborough, surrounded by his immediate family and fortified by the Last Rites of the Roman Catholic Church, a young brakeman passed away.

None of Mrs. and Mrs. Edward Roche, St. Lawrence Street, Lindsay, the deceased was born in this town and spent his life here until recent months when, engaged as a brakeman with the C.N.R., he was transferred to Belleville and more recently to Peterborough.

Love

We are all here for love... It is the principle of existence and the only end.

The Lindsay Daily Post

The Thursday Post with weekend supplement

At the Goldenmile Hall in the City of London, Ursula Andress, the Swiss-born model, wears part of a piece of jewellery which won 44-year-old Andrew Grina this year's Duke of Edinburgh prize for elegant design. The necklace is a collar of 18 carat gold edged with 90 round diamonds of varying sizes. It is made up of random lengths of this round gold wire engraved to produce a silk-like texture, finished off at each end by a globe of highly polished gold. With a setting price of around \$7,500 it was the most expensive piece in the range. The drop ear clips are of 18 carat yellow gold and platinum with two large black opals, square emeralds and sapphires and white diamonds. For the ring, a piece of bark peeled from a tree was cast in 18 carat gold and soldered to a shank and the perimeter set with 35 brilliant cut diamonds of varying sizes. —B.L.S. photo.

PIÑAAPPLE AND RHUBARB MARMALADE

Yields: about 8 medium glasses (4 lbs. marmalade).
3 cups prepared fruit (1 lemon, 1 orange, 1 small ripe pineapple and about 3/4 lb. red stalked rhubarb); 6 cups (2 lbs. 10 oz.) sugar; 1/2 bottle liquid fruit pectin.

First, prepare the fruit. Remove skins in quarters from 1 medium-sized lemon and 1 medium-sized orange. Lay quarters flat; shave off and discard about half of white part. With a sharp knife or scissors, slice remaining rind very fine, or chop or grind. Add 3/4 cup water and 1/16 teaspoon soda; bring to a boil and simmer, covered, 10 minutes, stirring occasionally. Section or chop peeled fruit; discard seeds. Add pulp and juice to undrained cooked rind. Simmer, covered, 15 minutes longer. Pare 1 small, fully ripe pineapple. Chop very fine or grind. Slice thin or chop (do not peel) about 3/4 pound red-stalked rhubarb. Combine all fruits and measure 3 cups into a very large saucepan.

Then make the marmalade. Add sugar to fruit in sauce pan and mix well. Place over high heat, bring to a full rolling boil, and boil hard 1 minute, stirring constantly. Remove from heat and at once stir in liquid fruit pectin. Skim off foam with metal spoon.

Then stir and skim by turns for 5 minutes to clear slightly to prevent foaming fruit. Ladle quickly into glasses. Cover marmalade at once with a inch hot paraffin.

HOW CAN I GET IT?

By Anne Ashley
Q. How can I prepare small holes in linoleum?

A. Try filling these small holes with a mixture of finely chopped cork and liquid glue, and after letting this dry thoroughly, give it a coat of clear varnish.

Q. How can I remove rust spots from a chrome finish?
A. These often yield readily to a rubbing over with aluminum foil dampened with water. Wipe dry with a soft cloth.

HOUSEHOLD SCRAPPBOOK

By Roberts Lee
Hammer Repair
A wedge to hold that hammer or hatchet head on its handle can be made from an ordinary wood screw. Before driving the screw into the top of the handle, flatten the screw so that it has a triangular shape. The teeth which are formed by the flattened threads serve to hold the wedge securely in place.
Gilded Frames
You can improve the appearance of gilded picture frames by rubbing gently with a cloth wet with alcohol or turpentine.

Naturalists study poisonous plants

A riverside naturalist walk afforded a native setting for the subject "Poisonous Plants and Clubs" by Victoria County Naturalists club vice-president Mrs. Brenda O'Keefe on Monday evening. The outdoor meeting was held at the home of Mr. and Mrs. Charles Brett, 98 St. Paul Street, Lindsay.

Mrs. O'Keefe discussed the dangers of children and adults chewing on wild plant life in gardens or woods unless their identification and edibility were known.

"The flowers and berries of many plants, while attractive and tempting, could, all or in part, be deadly or toxic in effect," she said.

Of the many species mentioned, the following are some of the innocent looking offenders:

Ground Hemlock (American Yew, Calla Lily (Water Arum), Jack in the Pulpit (Indian Turnip), May Apple, Bittersweet, Pokeweed, Jimson (Chorn Apple), Moonseed, Jeweled Impatiens and Buchnera.

Mrs. O'Keefe concluded her address by admonishing all to "Luxuriate in the outdoors."

PROPER
SHIRT FIT

A man's shirt body should fit easily, but never "balloon" at the waist or blouse over the trousers top. Shirt sleeves should be long enough to extend 4 inches beyond the wrist, but not below wrist cuffs. Avoid a "starched" laundry look.

Good grooming starts underneath, with modern underwear that provides a comfortable fit and the fashionable trim, or action look.

Several car loads of people attended the eighth annual Conventicle Service of the Presbyterian Synod of Toronto and Kingston, held at Camp Glen Mohr near Beaverton on Sunday last, when the Rev. Stanford Reid, M.A., Th. B., Th.M., Ph.D., of the University of Guelph was the guest speaker.

Life

When we look into the long avenue of the future and see the good there is for each one of us to do, we realize after all what a beautiful thing it is to work, and to live, and to be happy.

Robert Louis Stevenson.

Mr. D. N. Sinclair, Mrs. A. Jamieson and Mrs. Keown, all of Lindsay, and Miss May Tolmie of Toronto were recent visitors with Mrs. D. Ferguson, Mr. and Mrs. Ivan MacLeod, and family of Palestine and Mrs. Murray Campbell and family of Kirkfield were Saturday evening visitors with Mrs. Neil MacMillan.

Mr. C. Velez spent a day in Toronto recently where she attended the June meeting of Toronto - Kingston Synodical Executive of the W.M.S. which was held in Calvin Presbyterian Church.

Congratulations and best wishes for many happy returns of June 26th, to Mr. and Mrs. J. C. Imrie, who were 50 years married on that date.

Mr. and Mrs. V. R. Anderson and daughter of Kearney visited with Mrs. Anderson's mother, Mrs. Wm. Gilson, on Sunday.

Congratulations and very best wishes to Mr. and Mrs. Ron Archer (nee Karen Kelley) who were married recently at the United Church Manse with the reception later at the Kelsey summer home near Belskov.

WARP AND WOOF by SCOTTY

THE OLD RAINMAKER has been used in writing since man have returned. Last Sat. 1888. "ooies" It's 20 years after, afternoon's torrential order than "cliché." Don't use downpour made a river of our compunctions about saying about the new plant something like "What's it do flower boxes to the brim, cracked up to be." Cracked sneaked in under the door, cracked up to be. Cracked infiltrated into the night. So here we've been using Shirlene's English for years fishing parties caught in the and didn't know it was socially sided storm, were deep in "acceptable" water, and just think what it did to the garden!

Ood Garden is not plover yet, and it looks like we're going to be harvesting our fruit crop, maybe in time to save it from the first frost of fall. With our favourite fruit, tomatoes, selling at 30¢ a lb., a real crash programme will have to be started as soon as the ground is ready.

LONG RANGE WEATHER FORECAST for June: Says 5th to 11th warm dry weather will prevail; warmer between 12th and 18th and at weekend. Threat of light scattered showers on 7th.

SERVICE WITHOUT A SMILE: A friend tells me that when having a snack in a nearby town, recently, the waitress brought the coffee, and setting the table, she said, "You know, I had better take that cream first, it might be sour." Our friend, taken aback, poured it in her coffee. "It was sour," she said, and she asked for another coffee. There was no more. It was nearing closing time and the coffee was finished. Now this big place, not in Lindsay, will have to be white, when another certain big place being built, gets started in business, and there will be nobody to blame but themselves.

At another place where a salesman called trying to sell a superior product, the buyer who was also the cook, said, "I know your stuff is better, but I don't eat here and I don't care what those so-and-so's out there, eat. Well, so for him, too!"

WHICH REMINDS US that a hotel had to fire its printer. They put on a swank dinner for a medical society, and right before the appetizer the menu read "Spill-Fee Soup".

When everybody tends to mind his own business, news is scarce.

It's all in the way you look at things. . . a flea would be happy to see his children go to the dogs.

June is the month of wedding. The bachelors and the brides come in July.

Four rules for Shirlene's English.

Go slow on rare and fancy words.

Don't worry too much about avoiding repetition.

Don't worry too much about avoiding slang.

Don't worry too much about being grammatical.

Slang words such as "cliché"

taintment in town.

Lilacs in bloom at long last, and their sweet fragrance perfuming the air.

Driveway material finally arrives — beautiful white crushed stone from the Highlands of Haliburton.

Just an assortment of June Bugs — the real ones who have gone back to doing their home-work.

The farmer says: "When a fellow has got to know the botanical name of what he raises, and the etymological name of the bugs that eat it up, and the pharmaceutical name of what he sprays on it — things are bound to cost more."

It would not be quite so bad if civilization were just at the crossroads. . . unfortunately this is one of those cleverities.

If you were born between May 21 to June 21 you were under the sign of Gemini. Twice — Rules the arms. Your lucky day is Friday — You are most successful in April and August. Persons born under the sign of Gemini are usually dual personalities. Skilled with their hands, they are kind, generous and unselfish. Make excellent teachers and speakers. Their ruling planet is Mercury.

The chairman of a meeting is like that minor official at a bullfight whose job it is to come and open the gates to let the bull in and out.

Bullfight — That reminds me of something about bullfights. The only thing we heard about Lindsay, previous to moving here, was that it was the town where a famous bullfight had been staged.

Shuhlin's Corner. Prayer in Church. Search us, kindly, Lord, we pray.

Let us leave Thy throne today. Through our stubbornness unfed —

By the true and living bread — Let us know that we read "Spill-Fee Soup".

Selfishness that we have nursed.

Through the years, O Blessed Lord —

Smite it with Thy two-edged sword.

Make us over! Make us kind! Let us no longer stranger find Lack of friendship handclasp.

Pass unawakened through the door.

Let the whole week sweeter be For this hour we spent with Thee.

Big slushy wagon driving down the street with big sign on side "Live Ball!" Station wagon just filled to the brim with kids.

THE HOUSE OF COMMONS - FOCAL POINT OF GOVERNMENT

This view of the Parliament Building is one photographed by thousands of visitors to the capital city of Ottawa every year. —"Post" staff photo.

The modern parlance of today work at much high pressure the back benches is frequently unable to make his full contribution to the process of government in the chamber of the House of Commons.

However the rank and file members of the House of Commons are unable to exert their independence in the House by serving on committees which have delegated to them certain responsibilities. Committees are not a substitute for Parliament but a valuable aid and a supplement to Parliament.

A "Post" reporter this week visited Ottawa and spent a number of days with the Victoria riding member of Parliament William Scott and learned first hand the amount of work expected of a member.

Last Sunday morning, Mr. Scott was on the reviewing stand to watch the march past of the Royal Canadian Legion veterans attending the District Convention in Lindsay. Following their afternoon meeting, which he attended, he made visits to constituents in Sunderland, Cannington, Beaverton and Gamsberg.

On Monday evening, Mr. Scott on a boat on Lake Simcoe inspecting the channel of the Taber River to inspect obstructions reported to him by a constituent, which were causing a hindrance to navigation in the area. Mr. Scott arrived back home in Kilmoun at 10:30 a.m.

On Monday, bright and early, Mr. Scott was on constituent's business in Norland, Cobocook and Lindsay and in the evening attended and spoke at the meeting of the Women's Progressive Conservative Association meeting in Lindsay.

Following the meeting, the member, with his "Post" porter passenger, left for Ottawa at 12 midnight, arriving there about 4 a.m.

Tuesday morning at 10:30 a.m. Mr. Scott had an appointment with a group of Hadow Rural School Children from the Cobocook area. He took them on a tour of the West Block of the Parliament Building and then to lunch.

Mr. Scott then dictated a number of letters to his secretary, Mrs. Nora Punnett, of Breakfast which concluded Lindsay (who has served the house around 10 a.m. He visited his Victoria members at secret office until 11, then went to the house at 12:30 p.m. and entered the house at 1:30 p.m. The house at through to 11 p.m. and Mr. Scott was pre-3:30 and Mr. Scott was back in his seat for most of the day to listen to the day time, with a short break for debates of the day.

This unusual view of the Parliamentary Library was taken from the observation gallery on top of the Peace Tower at Ottawa. —"Post" staff photo.

A statue of Queen Victoria stands in the centre of the Library of Parliament, which is situated at the rear of the centre block of the Parliament buildings. —"Post" staff photo.

And so the week goes on... meetings with constituents, committee meetings, caucus meetings, speaking engagements, writing letters and speeches, meeting with Cabinet Ministers and the party whip and some opportunities to speaking in the House. William Scott, M.P. in the first time who has been for 14 years of the 27th Parliament, has already spent in the house on three separate occasions.

On The Main Street

Victoria County Historical Society members anticipate a busy summer. Plans are well underway for expansion and additions and work has started on improving and landscaping the grounds.

The paint brushes will be put in motion, signs will be reprinted and other decorations will take place. In the meantime the Society solicits support. Gifts of obsolete and antique articles will be appreciated.

The other day a Lindsay woman came across a number of maps of all the townships in the County with the names of landowners thereon. This will be handed over to the Society. The same Lindsay woman has a number of old pictures of hockey teams including one of

the Championship Lindsay Bidgets of 1900 which will be donated to the Museum.

Glen Mober Camp, the beautiful summer home for boys and girls on Lake Simcoe north-west of Beaverton, was the beautiful setting for an important gathering of members and adherents and friends of the Presbyterian faith on Sunday afternoon.

Hundreds of people assembled for the Eighth Annual Conventicle Service, many motoring from as far away as Orillia, Trenton, Peterboro, Lindsay and other districts. Weather conditions were favourable for the service and the songs of birds mingled with the hymns of praise.

Rev. Donald McQueen of

with FORD MOYNES

Glebe Church, Toronto, formerly of Lindsay, the Clerk of Synod acted as chairman.

General arrangements for the Conventicle Service for the past seven years have been in charge of Arthur Steele of Cobourg, whose wife was the former Margaret Crum of Lindsay. He also supplied the P.A. system.

Rev. Alex J. Calder, B.A., B.D., of St. Paul's Church, Peterboro, who assisted in the service is a Beaverton boy.

Other clergymen taking part included: Rev. W. Ross Adams, R.A., Rev. James H. Williams, B.A., Rev. E.G. MacDonald, R.A., and Rev. W. Stanford Reid, M.A., Th.B., Th.M., Ph.D. of the University of Guelph, who preached the sermon.

"THE POST" LINDSAY, ONTARIO, WEDNESDAY, JUNE 27th, 1966

The Menard Choir composed of members from many congregations throughout the Synod was under the direction of William J. H. Perry, Organist and Choir Director of St. Andrew's Church Lindsay. The "Mighty Pines" and Drums of Lakeland and Penelon Falls contributed to this service.

A hole in one is the idea of any ardent golfer. Two true stories came to light a few days ago.

Tom Price, Jr., a son of Mr. T.R. Price, Regent Street was driving golf balls on a range at Kingston and was accompanied by other friends from his home city of Ottawa. One of the little white balls landed a few yards from a stately tree when out darted a squirrel, grabbed the ball in its mouth and quickly, the squirrel and ball disappeared into a hole in the tree.

All efforts to retrieve the two dollar article proved hopeless — a hole in one!

The story of another golfer, a Lindsay devotee, was given credence a few days ago. This golfer happened to slide on his

Lindsay golfers. It is reported, with rightly abandon the green and fairway immediately south of the entrance to the course, along Angeline Street. It has been a hazardous fairway as it crosses directly between the entrance to the grounds and the clubhouse, and pedestrians are apt to be crowned by a hard-hit ball.

The new greens are to be established south west of the present course in a large field across the railway tracks. The two new greens will be among the best on the course.

Little Britain

Mr. and Mrs. William Tamlin and family are leaving the village this week after residing here for several years, for Eden (Mariposa), where they intend making their new home with his parents. Mr. and Mrs. John Tamlin and their many friends are sorry to hear of their departure from our midst.

Several from this community attended the annual Anniversary Services at Pleasant Point (Mariposa) last Sunday, and also the supper and programme of interesting items on the following Monday evening.

Mrs. N. H. Jacobs has returned to her home in the village after spending a very enjoyable holiday on a trip to the Western Provinces where she visited with some of her friends and relatives.

Mr. and Mrs. Lloyd Kemp of Newcastle are now being welcomed as new residents of the village, and are residing in the dwelling which was formerly owned and occupied by her brother-in-law and sister, Mr. and Mrs. John Jeffrey.

Mrs. J. B. McGibbon is

spending a few days in Toronto where she is visiting with her son-in-law and daughter, Mr. and Mrs. E. V. Stevenson, and their family.

Friends of Mrs. Stanley Davison regret to hear of her illness again and that she has been confined to her home for a few days but wish her speedy recovery.

Mr. and Mrs. Harry Gorzill attended the wedding of their nephew, Clifford Ray Gorzill, son of Mr. and Mrs. Reuben Gorzill of R.R. 1, Woodville, who was united in marriage with Jean Malette, daughter of Mrs. Malette and the late John Malette, also of R.R. 1, Woodville, on Saturday evening of June 4th at Eden (Mariposa) United Church, and also the reception which was held at Canyon United Church.

Mr. and Mrs. Gordon Thonson have returned to their home in the village after a very enjoyable trip to Vancouver, B.C., and other parts of the Western Provinces.

Word was received here with much regret of the passing of William George Rodman who was in his 80th year,

who was the husband of Catherine Broad and the late Annie Mease and which occurred at the Ross Memorial Hospital in Lindsay, on Thursday, June 2nd after an illness of lengthy duration. Several from here attended the funeral service of the deceased which was held at the Mackay Funeral Home in Lindsay on Saturday afternoon, June 4th, with interment at Riverside Cemetery.

Mr. and Mrs. E. A. Linton spent the recent holiday weekend with some of their friends and relatives in Toronto.

Miss Margaret Prouse of Galt teaching staff spent the weekend in this community with her mother, Mrs. G. P. Prouse and some of her other friends here.

Rev. Gordon Houtt has been engaged as the anniversary speaker at Oakwood United Church on Sunday, June 19th, and the Rev. Preston Brown of Oakville will be in charge of the services that day on the anniversary of the founding of Pleasant Point and Victoria United Church circuits.

Preparations are now being made for Little Britain's Annual United Church Sunday School Anniversary on Sun-

day, June 19th, and the Rev. Jim Mills of Uxbridge, who was one of the former pastors of the Little Britain United Church has been engaged as the guest speaker.

Mr. and Mrs. Rose Johnston of Uxbridge were in the village this weekend.

Mr. and Mrs. Frank Mills of Barrie attended the funeral of the late Mr. Edward Johnston on Monday.

Friends of Mr. Lewis Pritchard are pleased he is recovering after a heart attack.

Mrs. Hazel Whitaker of Toronto, is the guest of her mother, Mrs. Laura Baker.

Mr. Johnston Bailey of Brampton was a weekend visitor at his home here.

Mr. and Mrs. Kenneth Langdon have returned from Stratford after attending the funeral of the late Mr. Edward Johnston.

Mr. and Mrs. Glen Johnston of Newmarket are in town on the weekend attending the funeral of the late Mr. Edward Johnston.

Haliburton

Mrs. Doris Watersworth of Toronto was home over Sunday.

Mr. Bill Johnston of Ottawa was home over the weekend.

Mr. Bruce Bounsell was a visitor here on Sunday.

Mr. Earl Hailey of Sarnia left for home after a fishing trip.

Minden

Weddings on Saturday included Mr. and Mrs. John Halbig (nee Freda Burrell) and Mr. and Mrs. Sidney Stamp (nee Gloria Mintz).

Sympathy of the village to the friends of the late Miss Mae Burriss who passed away last weekend.

Mrs. James Hile and Mr. Alan Hewitt have been very ill at their homes.

The women of the LOBA had a very successful card party last week with winners being Irene Higgins, Evelyn Cox, Jack Hounsell, George Cruickshank and Alice Pogue. Maud Coulter was the lucky winner of the draw for the gift. The members served a lunch and

Church parade

Sunderland, (PNS) — Sunderland United Church was filled with overflowing on Sunday morning when District Deputy Grand Master Gordon G. Pinkham of Victoria District A.F. & A.M. held his district church parade.

District Chaplain Rev. William Farley delivered the sermon.

After the service refreshments were served to the visiting brethren in the Masonic Temple banquet room.

Right Worshipful Brother Pinkham was very gratified with the attendance from the lodges in his district.

all enjoyed a social half hour.

Mrs. Rose Young and Mrs. Ethel Leigh spent the weekend with their daughters in Toronto.

Sympathy of the village to the family and friends of the late Mrs. Joseph Cole of Biggar, Saskatchewan, who passed away last week.

Jack Hounsell, Bill Deacon of Oakville spent a few days last week with Mr. and Mrs. Taylor, Kernohan.

A LOVELIER YOU

By MARY SUE MILLER

TREATMENT SLINGS LEGS — Smooth as satin — that's how legs should look in spring's pale stockings. And this is how they come to look that way:

1. During daily baths, gently scrub legs with a sudsy brush or loofah sponge. Work until the skin is pink. This tones up the skin's color and texture.

2. Clear away chaps and rough spots with a gritty remover. The product is made by several cosmetic houses. Or you can create your own by mixing equal parts of unsalted corn meal and mild soap flakes with enough water to make a thick paste.

Applications should be made to wet skin and should be massaged in with firm, upward motions. Obviously the convenient time for application is during a bath. It should be repeated twice weekly until snuff disappears.

3. As needed, remove hair with a razor or depilatory. Repeat the process before regrowth becomes noticeable. To avoid tenderness, never use a gritty remover and a depilatory on the same day.

4. Keep the legs flamed with hard or body lotion. Always make applications before dressing in the morning and before retiring.

When you are faithful to these steps, the leg complexion soon acquires a desired clarity and sheen. To keep it that way, keep up the routine.

GURNERY UNIT GIVEN 'EXCELLENT' GRADE AFTER TESTS

Captain P. Karrys, training officer of the 45th Battery, said today that the local militia unit has been awarded a grade of "Excellent" on a recent inspection of equipment, vehicles and other stores on charge to the battery.

This is the first "E" grading to be awarded to a militia unit in this area and reflects the high standard of training, maintenance and enthusiasm of the Lindsay unit.

On Saturday an examination team from the Regular Army tested six members of the bat-

John Shannon Brown

The death occurred on Tuesday, May 16, 1966, of Mr. John Shannon Brown at the Lindsay Private Hospital ending a long life of almost 87 years. He had enjoyed good health until the last four months.

Mr. Brown was born in Fenelon Township on his father's farm on June 25, 1879. He was the youngest of seven children of the late John Brown and Mary Jane Shannon who were early pioneers. Mr. Brown Sr. settled in Fenelon Township in 1890, the third settler between 1850, the first settler between 1850 and Fenelon Falls.

Here John Brown, Jr., grew up, attending school at S.S. No. 4 Poyles' Corners. He was married to Elsie Maude Percin on Sept. 25, 1900. They took up farming on the old homestead where they lived for four years moving then to a half mile north to the farm they purchased from Thomas Gillis at Poyles Corners. Here they resided until 1944 when they sold the farm and moved into Cameron.

For two years prior to his marriage, Mr. Brown worked out of Allandale as a fireman on the railroad and had many interesting experiences to relate from this period in his life.

He was County Road Superintendent for several years and was one of the first to sponsor the telephone when it became available. The residents of the district formed The Cameron Telephone Co. and Mr. Brown, and Mr. Merle Parrish were engaged to build the first lines out of Cameron in 1913. Until he was in his mid-seventies, Mr. Brown served as line and repair man. He was also a member of council, school board, U.P.O.

His willingness to promote progress was also evidenced in that he procured one of the first motor cars in the district as early as 1917, and in his acceptance of new farm machinery as it became available.

Mr. Brown is survived by his wife and three children, Mrs. Brown of Little Britain, Irma (Mrs. Adrian Smith) of Earlley, Orpita, (Mrs. Ed Jones) of Fenelon Falls. Also surviving are ten grandchildren and thirteen great-grandchildren. His family will fondly recall him as an understanding and loving husband, father, and grandfather. His brother, Thomas of Vancouver, Sergeant Arthur of U.S.A., and all of Vancouver and Emma, (Mrs. Wm. Bryson), of Cameron all predeceased him.

The funeral service was conducted from the Stoddart Funeral Home, Lindsay, on May 13 by Elders Harry Price and George Bell of the R.L.D.S. church. Burial was at Eden Cemetery, Cambridge. The pallbearers were all nephews of the late Mr. Brown, Messrs Aubrey Milloy, Cecil Brown, Hilward, Ross and Hector Parrish and Joseph Lang.

Many beautiful floral tributes testified to the respect in which he was held. Those attending from a distance were from St. Catharines, Toronto, and Ottawa.

FADING EYESIGHT

Failing eyesight and defects due to cataracts account for many of the accidents that injure our older citizens. Well lighted halls and stairways, and scatter rugs safely anchored to the floor, will help the elderly person to navigate safely in his home. A bedside lamp or flashlight, kept at hand beside his bed, will help to prevent falls in the dark.

VOL. 52, NO. 6

COUNCIL AGREE TO INSTALL SANITARY SEWERS AT LYNWOOD

"I feel we are morally obligated to supply services to Lynwood Heights subdivision," said Councillor Dr. James Fawcett during discussion of a report by the town engineer on the estimated cost of installing sewers in the subdivision, at Monday's Council meeting.

Councillor Dr. Hollows said he had strong reservations about the project. "Here we are telling one developer we can have it for him, and telling another developer he can not," said Dr. Hollows. "I think the other developer has a right to know where we stand," he continued.

Mayor Ekins pointed out the Lynwood Heights was a registered subdivision before being annexed by the Town. "The residents know it is required," he said.

Board of works to install ramp on railway track at Rainbow bridge

The Board of Works was authorized to proceed with the provision of a ramp over the railway tracks between the rainbow bridge and the city street.

Called on to report on the proposed Board of Works advisory committee chairman David Logan, engineer Eric Booth reported that the ramp had been received from the railway company. He said the CPR crews would be installing the ramp.

The ramp would be a fence erected parallel with the railway tracks, and the railway would be on each side of the railway, some six or eight feet wide, and the ramp would be a single decked bridge. "I feel the fence would be painted white," he said.

The engineer said the cost to the town of installing the ramp, he presumed would be on a time plus material basis. "The problem that has been brought to council some time ago when residents across the rainbow bridge pointed out the difficulty of traversing the railway tracks with baby carriages or carts at the approach to the walk-over bridge," he said.

Engineer Booth also reported through the chairman of

Opposes downtown incinerators

"I am opposed to incinerators anywhere in the downtown area," said Councillor Arthur Brown during discussion of providing metered parking at the rear of York to Lindsay Street businesses and the north side of Kent Street. "I feel the parking committee chairman said he understood recently a request has been received to reserve an area for the operation of an incinerator in the area. 'Possibly we should be working on a by-law to stop the use of incinerators in the downtown area,' suggested Mr. Brown."

Councillor suggests free early parking

Councillor David Logan, during a discussion of parking in the town at council meeting Monday night, asked if councillors would like to provide free parking from nine to ten a.m. "I feel the people in the stores early and be worthwhile for the merchants," he said.

He said the merchants should take the initiative. "Let them be out on the street a full cup of nickels" he said.

On the Main Street

Councillor David Logan said it was difficult to draw a line between the Lynwood situation and other subdivisions. "I feel the Lynwood plan was registered on title before being annexed by the town," he said.

Time marches on, what has become of the shoe shine parlor? There were three or four stands and they long ago succumbed to so-called progress. Old Times today can recall when as boys they had one thing to do every Saturday night — clean their shoes for Sunday. Then came the modern shoe shine parlours, generally in a barber shop or pool room. Remember the high shoe shine chair in the Bert Naylor barber shop?

Bert was a progressive town artist and his shop was then over the late Marshall Stevens many years ago. The long cushioned seat was high up so the shoe shine boy did not have to break his back when applying the black polish with a rhythmic splat.

Often a customer had to wait and take his turn and in that event there was usually the Chicago Blade and Legation band to pass the time.

Another pool shoe shine parlour was in Brown's pool parlor, located in the Tanganyika. It is interesting to note that sometimes fountains to watch the pool sharks operate (and the sharks were around to take the money from beginners and smart ones). Billiards and pool were games for the experts and the money was in the table were always busy and the parlours well run.

Reeves had a fine parlour as did Danny Hogan. Then there was the shoe shine owned by Herbert Tobacconist. Karrys had a good elevated shoe shine bench and also had two three pool tables. At one time Karrys was directly interested in baseball in Lindsay.

A four shoe shine stand was located on William Street in the days when Herb Williamson was the king town serial artist. For a time one of the shoe shine boys operated a one seat stand on Kent Street near the Royal Hotel.

It was however, when Lindsay it fell travelling to Toronto that they experienced a visit to barbershops that operated five to ten chairs and a busy shoe shine built many alongside.

It was a sight to see the long line of white cuffed chairs standing by their white leather cushioned chairs waiting for customers. One visit recalled when a Lindsay visitor walked into a Young Street shop and took pity on a barber who was at the end of the row. The barber was listening the playground. "Matter of fact, I felt like I was on a one foot being lifted on a stand. It was the shoe shine boy who blackened it up as the customers were being shaved. This was all right, but the area was all.

While the hot steam towels covered the face of the customer, a soft slender hand lifted his hand and a finger nail was clamped to his ear. When all was completed the Lindsay youth could not afford to be a chess player to be generous with a ten cent tip for the barber, a dime for the shoe shine and a quarter for the feminine hairdresser.

AUXILIARY OPP HOLD MARCH-PAST

Chief Inspector David Adair of the ZING Branch, General OPP Headquarters, Toronto and Inspector Lyle Eskrine of the No. 8 District Headquarters, Peterboro, inspected the 34 men Lindsay OPP Auxiliary at the annual inspection and march-past held at the Lindsay OPP detachment Monday night.

After the march-past, members of the auxiliary met on demonstration which included firearms, radio, dispatching, accident investigation, breathalyzer procedure and police defense.

After the inspection and demonstrations auxiliary officers, their wives and members of the auxiliary met and discussed the role of the auxiliary OPP.

Trucks collide

A collision between two dump-trucks on County Road 7, near Highway 360, resulted in a total damage of \$150.

Lindsay OPP said the trucks were driven by Mitchell J. Lindsay of Downeyville and Norman Phinney of Burke's Falls.

Lindsay OPP Constable Lyle Welton investigated.

OPS COUNCILLORS BURN THE MIDNIGHT OIL

Ops councillors burned the midnight oil Monday evening after a seven p.m. start and adjourned until 7:20 p.m. on Tuesday.

Several delegations were heard by the Township Council and decisions on some of the subjects will be arrived at following discussion.

An Ops Township resident, Leo Fanning, approached the Council meeting action on a problem drain that crosses his land, and had received no financial assistance in the expense.

Mr. Fanning said the eight inch drain had been installed to drain "the Pogue place" and it was no longer sufficient size to carry the water. He said now on his farm emptied into the eight inch drain which is already full to capacity and three acres of his land has been flooded. He said a lot of water comes from the new house in the area and suggested the township should assist in correcting the situation.

Ops Council referred Mr. Fanning to the Agricultural Engineer at the Government Building. "His business is award responsibility of property owners in connection with drains," he was told.

Must Mae Burris, well known Canadian Council teacher died at Friday at her home in Minden. Miss Burris held in Honourary Life Membership in the Ontario Secondary School Teachers' Federation as well as honorary life membership in the Royal Canadian Legion, the Red Cross and other organizations.

She was a member of the "Paula Bunyan of the North" for her conservation undertakings.

Two schemes for proposed development of parking area at the rear of Walkers new store, the Benson Hotel, and the New Royal Hotel, were outlined by parking committee chairman Carl Brown at the Council meeting held Monday night.

Councillor Brown told councillors that several meetings had been held with representatives of the property concerned by the Parking Committee. He said Walkers Store had been most co-operative and were interested in the provision of metered parking in the area within two or three months if possible.

Rental arrangements have been worked out with Walkers Stores and the Benson Hotel for the use of property at the rear of their establishments for metered parking," the chairman said. He noted that the New Royal Hotel representatives were now interested in selling their property to the town.

Town Engineer Eric Booth, when called on to outline the two proposed plans for developing parking facilities in the area, said one plan would provide two more parking spaces at least cost but was possibly not as attractive in appearance as the other plan.

Sleeping Policemen

A recent recommendation by a Toronto Coroner's jury as a result of a fatality of a 3-year-old, was that a 20 mph limit be set for residential streets. It is now the responsibility of the town to enforce the speed limit all over town and consequently select certain busy streets and set speed traps. It is not clear how many town spreaders travel unimpeded.

One idea from Europe that might be used is the inclusion of sleeping policemen on the roadways. These are bumps and troughs built into the road.

'Handy' for whom?

It is not evidence, but it is a handy device.

With these words Mr. Justice Spence of the Supreme Court of Canada reminded the press Tuesday a 12-page summary made by the Royal Commission's lawyer of police reports on the Munsinger case.

The report included a variety of "jelly" bits relating to Mrs. Munsinger, notably her assertion that the prime reason for her husband's disappearance (her baker) had told her that "she was doing a great thing for Canada" in her relationship with Mr. Munsinger.

It was three times when the two professions of such an inquiry look curious to a layman.

True, Judge Spence did ask the lawyers (Conservative and Liberal) in the courtroom whether they had any more to say about the substance of the summary — and on some objects.

But let's look at that more closely. Had they objected to the paper's re-

the road surface to slow vehicles down. Cars travelling over these areas in excess of 20 mph provide a very uncomfortable ride for the occupants and may cause damage to their vehicles.

A similar portion of ridged roadway already exists in Lindsay in the centre of town. The intersection of the Volington Street and Lindsay Street north.

Now you notice how motorists slow down on potholes streets you will appreciate the value of "sleeping policemen".

It is not evidence, but it is a handy device.

With these words Mr. Justice Spence of the Supreme Court of Canada reminded the press Tuesday a 12-page summary made by the Royal Commission's lawyer of police reports on the Munsinger case.

The report included a variety of "jelly" bits relating to Mrs. Munsinger, notably her assertion that the prime reason for her husband's disappearance (her baker) had told her that "she was doing a great thing for Canada" in her relationship with Mr. Munsinger.

It was three times when the two professions of such an inquiry look curious to a layman.

The Main Street

With Ford Moyne

It is reported that some thirty, South Kintmore, Messrs. McArthur, Ellis, and Martin, who are active in the mining industry, are planning to open up a new nickel belt in the world. Very few of the real nickel belts in the world are known to be in the North American continent. The only one known to be in the world is the one in the North American continent.

In Lindsay many years ago, experts tested the ore of Mr. Blair's farm at Blairhampton, and at that time offered him a very handsome price simply for the mining rights.

In Lutterworth and Stonewall, valuable deposits of iron, lead, and zinc were known to exist. In Stanhope and Sherburne there was evidence that nickel ore was as fine as that at Sudbury.

An interesting item regarding the early seekers for minerals in Victoria and Haliburton was reintroduced a few days ago when the following story (in part) came to light in a copy of a local newspaper dated 1900.

The article: Victoria and Haliburton have been long known to be rich in iron and ore of the silver, platinum, asbestos, mica, and other minerals.

On Sand, Lady's farm in Somerville samples of silver ore were discovered. This was the first time that silver ore was discovered in the world.

The Nation's Business

By William Scott M.P., Victoria

More and more it begins to appear that one of the most difficult and important problems facing Canada in the immediate future lies in the area of industrial relations. The problem is one that has long-range implications as well as the immediate ones.

This area was brought out this week as opposition spokesmen debated the Liberal government's failure to bring about a settlement of the crippling strike which is tying up the ports of industrial relations. Three Rivers. Traffic through those ports is normally so heavy that when there is a break in it, the effects are felt throughout the entire Canadian economy.

Debate on the government's handling of the strike came when the NDP moved for a special debate on the subject. The government then changed the order of discussion of the Labour Department estimates.

Mrs. Ella LaPorte and five children of Basqueville, Quebec, are spending some weeks with Mr. and Mrs. John Sornberger.

Mrs. and Mrs. Ralph Armstrong entertained their sisters and brothers in an afternoon reunion in honour of their father's birthday.

Mr. Harry Franklin had the pleasure of his daughter and two grandsons company from Fort Erie for the past week.

Recent visitors with Mr. and Mrs. Earl Kennedy were Mr. and Mrs. Harry Davies, Columbus and Mrs. and Mrs. Arnold Cresswell of Lindsay.

John Sornberger had the pleasure to call on his crack three of his nieces recently, but glad to report that she is able to be in good health.

Mr. and Mrs. Percy Brown are spending a few days in Toronto. Mr. and Mrs. Percy Brown are spending a few days in Toronto.

Sorry to report Mr. Albert Currie continued to his home, but hope he will soon be back to his usual good health.

Assistant director of the university graduate level, the members were told the budget would not allow this added expense.

The recreation director had presented a realistic budget of \$25,000 and it was cut down to \$20,000.

"If we hired the help we should have budgeted for it," said the director.

The commission member James Hall said Harry Johnson's only mistake was that he tried to do too much with too little money.

Mayor Eakin supported a motion that in future all employees be hired on a permanent basis he hired by the whole commission. This motion was carried.

It was pointed out that Marilyn Johnson was hired subject to a six month probationary period, (similar to the one used by the city) and that she was not used up in salaries alone said the director.

Safer boating urged by Department of Tourism

The Ontario Department of Tourism and Recreation today urged boaters to be more conscious and try to observe the safety rules of the water and prevent drownings.

Safer boating is far more fun when the boater does not fear getting into trouble or losing training in the art of seamanship.

But every year the beautiful waters of Ontario take their tragic toll of lives and limbs. Hardly a day goes by without a newspaper carrying unwholesome reports of upset and drownings - even of whole families.

on our waterways, but respect the water. They will continue until those who use the water learn a healthy respect for their own safety and the safety of others in a crowded and common sense.

The Canadian Red Cross reports that drownings have decreased by about eight per cent in the last five years. This, coupled with the fact that the increase in pleasure boating indicates that the efforts to educate the boating public have been successful.

The Red Cross also notes that the individual is more likely to respect the elements.

In waters that are more beautiful than ever before, there are many dangers and a much greater need for care and attention to detail on and in the water.

The course is set, the weather fair. Only statistics will prove and last summer's accidents have been learned.

KILLING YOURSELF

By Peter J. Steiner, M.D., F.A.C.P.
Author of "How to Add Years to Your Life"

SEAT BELTS STILL TOP INSURANCE FOR RIDERS
Dear Dr. Steiner: I am writing this letter in thankfulness. About a week ago, my All he got was a bump on the chin and a few scratches. The other two people in the car were killed. Neither one of them had a seat belt on. I hope you will relay this to your readers. Mrs. D.

Comment: I have mentioned seat belts as life savers and good accident insurance quite often. But not lately. Therefore, your note is a good reason for mentioning it again. During 1965, seat-belt-equipped cars increased by at least 50 per cent. One reason for this is that about 30 states have passed laws requiring such equipment in new cars. But I've said just having the belts installed is not enough. Using them is what matters. Always, even though you're just going around the block to pick up some groceries, click on your belt.

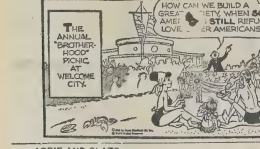

People have the mistaken notion that the potential danger on the road during long trips far from home. For that reason, according to one recent survey, only 44 per cent always use the belts during the local travel and 67 per cent on long trips. Yet, most accidents (80 per cent) happen within a 25-mile radius of home and at apparently safe speeds of 40 miles per hour.

Make this resolution: Buckle up before you turn the ignition key. This is cheaper than the lawsuit. This is cheaper than the lawsuit.

Eden couple given shower

Eden (PNS) — A large number of friends and neighbours gathered at Eden School Saturday evening to honour Miss Jean Malette and Mr. Clifford Gorrill on their forthcoming marriage and presented them with a miscellaneous shower. The programme consisted of a solo by Nancy West and a duet by Misses Jenny and Cathy West. They were accompanied by Miss Judy Campbell.

A reading was given by Miss Grace Henderson. The instrumental was given by Miss Christine Starr.

A vocal duet was sung by Misses Sharon Greenaway and Donnie Wilton. They were accompanied by Lydia Wilson. An instrumental duet was played by Misses Donnie and Linda Wilson.

The bride and groom-to-be were invited to take two decorated chairs on the platform to examine my tonal stumps? Mr. S.

Comment: I reprint your letter in its entirety because it helps help other readers who have a similar fixation elsewhere. For example, those who believe they have heart disease even though their doctors say they haven't. For those who have an abdominal discomfort due to functional reasons only, who keep thinking they have an ulcer. For those, like yourself, who won't believe their doctors.

I suggest that the sooner you find a doctor you will believe, the happier you will be. And please forget about stumps and X rays, too. (Released by Bell Syndicate Inc.)

No Deposit Bottles

The Hamilton Highlands Chamber of Commerce, at its annual meeting this week discussed the increasingly serious problem of No Deposit-No Return bottles which are littering our streets. Broken glass is becoming an ever-increasing problem in our lakes and this week a five-year-old Peterboro boy suffered a deep gash on his foot from broken glass in shallow water at a pleasure beach.

As a speaker at the Hamilton meeting pointed out, glass does not deteriorate and the deadly litter will remain in the grassy verges, the fields and waterways where thoughtless and irresponsible people have discarded bottles.

Of course no deposit bottles are not the only problem. The innumerable bottles that drink beer in their cars and throw the bottles out of car windows are a major factor in the broken glass problem. Empty beer bottles are particularly noticeable by the side of the roads during the summer months and during hunting season.

Restrictions should be placed on the use of no-deposit bottles by glass, and manufacturers urged to find some other

suitable material that will deteriorate. The metal cans are nearly as bad as the glass bottles as they are discarded everywhere to rust over the years.

With deposit bottles such as beer and soft drinks, possibly the sum charged on them should be raised to 5c to persuade people to return them.

Another partial solution might be the heavy fining of car travellers caught throwing bottles from their vehicles.

Friends

So long as we love we serve; so long as we are loved by others I would almost say that we are indispensable and no man is useless while he has a friend—Robert Louis Stevenson.

Gambing

There is nothing that wears out a fine face like the vigils of the card table, and those cutting passions which no man is useless while he has a friend—Robert Louis Stevenson.

Man

Not wealth, but the ability to meet difficult conditions, is the measure of a man—Anonymous.

Centennial Report

1867 / 1967

By JOHN W. FISHER, CENTENAL COMMISSIONER

I have met a number of Canadians inspired, by the coming Centennial celebrations, to research the family tree.

Tracing back one's lineage can be an interesting pastime and may produce some surprises. One woman from London, Ontario, told me she had turned up the uniform her grandfather wore in the Northwest Rebellion of 1885, stored for years in an attic trunk belonging to a maiden aunt. Until the uniform was discovered she hadn't known her grandfather was involved with the prairie uprising.

The reason why I like to encourage people to research family history is that it may provide more than a text-book link with the history of the country. History can become alive and personal.

A woman in Ottawa, for example, who had adopted Canada as her country, knew about the Battle of the Plains of Abraham but she did not realize it was Captain James Cook who guided General Wolfe's men to the shores of Quebec. She learned of this when the discovered she was a direct descendant of that famous navigator.

It is worth noting, also, that the spirit of the times rules out the old snobbery associated with claims of having dukes, counts and other nobles as ancestors.

I recall touches of humour associated with a period 25 to 30 years ago when some families went to great trouble and sometimes considerable expense to have their histories researched. Those who researched ancestors came from Europe or the British Isles often were hopeful of finding proof of heroic or royal blood in their backgrounds. Certainly a copy of the family crest or old parchment, framed and hanging in the dining room, was a status symbol of sorts.

Remember

This Day 25 Years Ago

JUNE 10, 1941

Lonsville Man Suffers Injury
James Deacon suffered a painful accident on Saturday while returning home from work on the road. He was according to information the Post received, driving his horse along the road when they suddenly became frightened and ran away. Mr. Deacon was thrown from the wagon and suffered a fractured leg and shoulder. He was removed to Ross Memorial Hospital, Lindsay.

Shotgun Charge Hits Little Girl In Leg.
While definite information is still not available as to the circumstances surrounding the accidental shooting of little Phyllis Schley, 6 year old girl residing near the boundary of Semoville and Verdun Townships, the Post has been informed that the accident occurred while brothers of the girl were endeavouring to shoot a crow which had wandered into the orchard on their farm.

One of eight children the little girl was shot in the ankle when a shotgun in the hands of one of her brothers accidentally discharged, the Post is told. It is reported that the charge passed between the legs of another brother before striking her on the foot. The hospital reports to-day that she is resting a little more comfortably.

Frugality

Frugality may be termed the daughter of prudence, the sister of temperance, and the parent of liberty. He that is extravagant will quickly become poor, and poverty will enforce dependence and invite corruption—Johnson.

Private Stoddard Taken Prisoner
The Woodville Advocate says: "We are pleased to hear that, Miss Toot Stoddard has had a card from her uncle, Walter Stoddard, who is believed dead, but is a prisoner in Germany."

Sad Drowning on Saturday
A sad drowning occurred on Saturday afternoon about three o'clock, when Basil Cole, the little six year old son of Mr. and Mrs. Albert Cole, William Street, went to his death in the Scugog River.

Pts. McDonnell Announced
Mrs. Edward McDonnell, East Ward, received word on Saturday that her husband had been wounded at the front. Pts. McDonnell enlisted in the 10th Batt., and was a member of the 13th Batt., and later the Royal Highlanders at the front.

CARE OF DIET

The person who lives alone should take particular care of his or her diet. There are certain nutrients that are essential to good health and it is easy to become careless in planning meals for one. Canada's Food Guide gives a helpful list of foods and their values; the Guide is available free on request from local or provincial health departments.

frank about sports

Wet weather at Harpers' Shell station, and everywhere else in town caused the postponement of the Lindsay Motor Football parade last night. Convector City drivers reported the best day for the parade to be Monday, June 13th, at 6:30 p.m. with two scheduled games to follow.

Monday June 13th, marks the beginning of senior and intermediate instruction at the Lindsay Tennis Club. Instruction periods will be held on two Mondays and Thursday evenings between 6:30 and 8:00 p.m. Chas. Richmond is president and Cy Alsworth is secretary of the Kawartha Tennis Club, comprising Lindsay, Delaware, and two teams from Peterborough. A schedule will be drawn up commencing in the next couple of weeks. The Lindsay nine p.m. on two courses for practice time for the Kawartha League.

Four games appear on the Ontario Counties league schedule for Monday. Oakwood goes to Woodville, Sunderland to Cambray, Beaverton to Cannington and Lindsay plays off O.T.S.

A and W Twins have three games in Peterborough next week, with games Monday, Tuesday, and Thursday evenings, the first two at seven p.m. U.E. Purveys, and Bowls will be the opponents and the Twins must win to stay close to first place position.

A preview of the mammoth Junior O.B.A. baseball tournament slated for July 1, 2, 3 at Little Britain, may be seen at the St. Andrew's Presbyterian church, where Little Britain Pirates in an exhibition contest. Twelve teams from Toronto, St. Catharines and Oshawa area have designated Monday and Tuesday nights after the game will be there.

Lindsay commercial softball teams are playing exhibition games pending the formation of a local league. The teams seem well balanced and a summer's activity seems assured at the George Street Park.

Victoria Intermediate league games Saturday showcase Stouffville at Valentin and Sonja at Manilla. Sunday features Stouffville at Perry, Little Britain at Stouffville, and Valentin at Sonja.

HALIBURTON C OF C PRESIDENT CALLS FOR MEASURES TO COMBAT POLLUTION

Haliburton Highlands Chamber of Commerce president, Lela, spoke on "What's ahead for Haliburton—or what's up front for Ontario?"

A lengthy discussion took place on "No Deposit—No Return" bottles and the alarming increase of broken glass all about the annual meeting of the Chamber of Commerce and Ontario Tourist Council held in Keddar.

Mr. G. V. A. Scott gave a splendid paper on citizenship. Some of the highlights were training for good citizenship began at home. It is one thing to talk of citizenship in your living room or hear it talked about from the public platform but it is another thing to get out and wrestle with problems in your community.

Mr. G. V. A. Scott gave a report on current events. Lunch was served by the group.

Dr. H. G. Metcalfe

Herbert George Metcalfe, M. D. of 11 Sylvia Crescent, Lindsay, entered into rest as a result of an accident at Pleasant Point on Saturday, May 14, 1966. He was in his 80th year.

Dr. Metcalfe was born at Almonte, Ontario, the son of the late Henry Metcalfe and Elizabeth Reilly, and was the beloved husband of Lauretta Margaret Hill.

Remaining to mourn his passing in addition to his sons and wife, are a son, Herbert D. Metcalfe, of Kingston, and two daughters Mary Catherine and Sue Ellen of Almonte. Surviving are two brothers A. H. Metcalfe of Toronto, and Arnold Metcalfe of Almonte, and a sister Lyla Metcalfe of Toronto. He was predeceased by two brothers Wilfred Metcalfe of Almonte and J. A. Metcalfe of Toronto.

A physician and surgeon by profession, Dr. Metcalfe attended Almonte high school and Toronto University. He was a member of Cambridge Street United Church, and had lived in Lindsay twenty years since coming here from Timmins.

Dr. Metcalfe was a member of the Victoria County Medical Society, the Ontario Medical Society, he was a former Chief of Staff at the Ross Memorial hospital, and a member of the St. Paul's Hospital, and the R.C.M.C. in Toronto, and served for four years in England, Italy, France and Holland.

The funeral service was held from the Cambridge Street United Church at 8:30 p.m. Tuesday, May 17th. Rev. Hugh Pritchard conducted the service with interment at Riverside Cemetery.

The active pall-bearers were Arnold Harpman, Bert Hick, Walter Bagnshaw, Dr. C. Blackwell, Dr. Hugh Davies, and William Metcalfe.

Honorary pall-bearers were Dr. Service, Dr. Crowe, Tom Harte, Cliff Staples, Ray Presley, Dr. J. G. Middlebro and Dr. Broadford.

Conrades of Sir Sam Hughes Branch 67 formed a guard of honour, and held a graveside service.

Relatives and friends from Almonte, Ottawa, Brockville, and Elgin, Waterloo, Owen Sound, London, Toronto, and Kingston attended the service.

\$8,250 Federal Contribution

Approval of an \$8,250 federal government contribution to the Town of Lindsay, Ontario, for an urban renewal study has been announced by the Honourable John R. Nixon, Minister responsible to Parliament for Central Mortgage and Housing Corporation and Housing Affairs.

A further measure in the government's anti-poverty programme, the study is aimed at identifying blighted areas of the town, providing information and recommendations for general urban renewal, preventing further deterioration.

The study will be carried out by Marshall Macmillan Monahan Limited, consisting of engineers and town planners, of Don Mills, Ontario, in association with the Town of Lindsay's Planning Board. The study is expected to be completed within seven months. The total cost of the study is estimated at \$11,000.

Dalrymple UCW meeting

Dalrymple (PNS) — The June meeting of the Dalrymple UCW took place at the lake shore home of Mrs. A. Birds on June 1, with an average attendance.

The theme of the meeting was "The Present", and an opening poem "It's time today" was read.

Mrs. Norman Wilson assisted by Mrs. Bruce Devereil gave the devotion on Christian family life. Penny and Paul read for Mother's Day, Father's Day and the 23rd Psalm (with additions for parents were read).

Business of the meeting was mainly concerned with plans for July and August which will be held. A third Bake Sale will be arranged by the Sunday School. The second in stallment of the Allocation was to be sent to Lindsay. After the estimate of the decorating of

the church was given. It was decided to have other estimates before proceeding also to have the trustees present, when other estimates are heard.

A committee was arranged to see to the 1st of July Garden Party arrangements.

A large bake was sent to Lindsay, delivered by Mr. Birds.

The mass funds were replenished and Mrs. Campbell reported that the minister had visited the mass that day. Mrs. Stewart reviewed the book "The Comfortable Poor" by Pierre Berton as a topic. This "critical look at the church in the New Age", pointed out serious areas of concern for the modern day Christian.

The singing of a hymn concluded the meeting. Lunch was served later. Several summer visitors from the estimate of the decorating of

McNamara - Kawzenuk Wedding

Mr. and Mrs. William Edward (Ted) McNamara

Kimnont (PNS) — A very pretty wedding was solemnized on Saturday May 7th, 1968 when Miss Irene Rose Kawzenuk, daughter of Mr. Michael Kawzenuk and the late Mrs. Kawzenuk became the bride of Mr. William Edward (Ted) McNamara, son of Mr. and Mrs. David A. McNamara of Kimnont, held in Place des Arts, Montreal, on May 30.

September Mr. Fourny will begin studies at the Presbyterian College, Montreal, in preparation for the ministry of the Presbyterian Church in Canada. Mr. Fourny's father, Mr. John Fourny, Lancaster, was a weekend visitor with his son. Mr. Fourny has been attending the ninety-second conference of the Presbyterian Church of Canada.

lance, and matching appliques enhanced the skirt. A cathedral train fell from the waist. A pearl and crystal ring head-dress was held by a scalloped bouffant veil.

The bride carried a formal cascade of yuletide roses with centre of pink sensation room. The bride carried a formal cascade of yuletide roses with centre of pink sensation room.

Miss Charlotte Laviole of Oshawa, Miss Luba Maiorovich of Oshawa and Miss Janice Newland of Whitby were bridesmaids. The flower girl was Miss Julie McNamara, niece of the groom, from Fennelon Falls. The attendants were identically gowned in full-length pink lagoda empire-line gowns with elbow length sleeves and waist.

Given in marriage by her father the bride wore a full length gown of silk organza and chintilly lace. The fitted bodice was fashioned with scalloped neck and short sleeves edged in chintilly lace. The bellie shaped skirt was also edged with scalloped chintilly

the others were Mr. Paul, Kawzenuk, brother of the bride from Oshawa, Mr. Jack McNamara, brother of the groom from Peterborough and David McNamara of Kimnont, nephew of the groom, Michael Kawzenuk, nephew of the bride from Oshawa was ringbearer.

The reception was held in the Kimnont Community Centre where the bride's father, Mr. Kawzenuk and Mr. and Mrs. David McNamara received the guests. Mrs. D. McNamara wore a pale turquoise blue dress with a blue lace top, pink hat and brown accessories. She wore a corage of

pink carnations and rosebuds.

An orchestra supplied music throughout the evening and a dance was held later.

For a trip by car to Penn. Hills, Pocono Mts., Pennsylvania, the bride wore a white wool suit with pink accessories. Her corage was of pink sweet-heart roses with a white bow.

On their return the newlyweds will reside at 41 Heber Down Cres., Brooklyn, Ont.

Guests were present from Kimnont, St. Catharines, Hamilton, Burlington, Grimsby, Thorold, Kingston, Whitby, Fennelon Falls, Peterborough, Grandhaven, Cornwall and Oshawa.

Fennelon Falls blood donor's clinic very successful this year

Fennelon Falls (PNS) — At the Red Cross Blood Donor's Clinic held recently in the Parish Hall of St. James Anglican Church, Fennelon Falls, sponsored by the Fennelon Falls Association of churches, 106 volunteer blood donors were present.

This was a substantial increase over the clinic held last year. The response was made possible by the many who volunteered their help, serving in many capacities.

Sincere thanks is extended to the volunteers who made blood donations thereby rendering help to the many in need. Many of the donors were from outside the local district.

Thanks are also due the following for services faithfully and cheerfully rendered: Mrs. Anna Moore, Clinic Convener, assisted by Mrs. Wm. D. Murdoch, Mrs. T. G. Gaul, Mrs. E. Breaky.

Members of St. James Parish Guild convayed by Mrs. Graham Everett, who were responsible for the serving of refreshments.

Nurses in the afternoon were Mrs. Don Willson and Mrs. M. W. Robson, in the evening Mrs. Wm. Graham and Mrs. Leigh Culbert.

Stenographers were: Mrs. Brock McNamara, Mrs. Dale Coe, Mrs. John Palmer, Miss Vivian Whitehead, Miss Norva Byrnes and Mrs. Jerry Jenkinson.

The following groups for supplying over 45 telephone canvassers: members of the United, Anglican and Presbyterian churches, the Catholic Women's League, Women's Institute, the Eastern Star and the Royal Canadian Legion, Branch 238, Fennelon Falls Senior Citizens' Club who were also represented.

Members of the Rotary Club for supplying the help necessary to load and unload the Red Cross equipment and those who loaned typewriters.

Members of the local community comprised Mr. Tom Guntion, chairman, and press representative, the Rev. J. B.

The Johnson 60 horsepower tractor is the kind of power that makes living on the water worthwhile.

It's typical of Johnson products—high powered to pull a boat quickly. And this year a new four-speed engine cover makes it quieter than ever. If you want to get away from it all—let your Johnson take you there. The joy links and power steering make the 60 a pleasure to operate. Electric starting is standard equipment.

The Johnson 60 is the world's most popular outboard. It can power many types of boats in more size ranges than any other motor on the market. What's more, it comes in 3 models: manual start, electric start, and the exclusive single lever electric start system. See your Johnson dealer and pick the Johnson that meets your needs from the full line of Johnson motors.

Swinging Soup Mates

Tonight's the big dinner! Plan a gay mood prevalence supper, and a menu that's light, interesting and easy to cook. Why not serve a big soup supper of soup mates — two soups combined to make a delicious new soup! It's an easy meal to fix and one that lends itself to your individual creative touch.

The supper can be as much fun as the party itself. Serve on trays or buffet style to eliminate as much work and time as possible. Join bright-colored dishes, contrasting napkins and a few party decorations help set the mood.

Here's a soup to come that really swings. Mix together a lively team of canned condensed soup, cream, peas and vegetables. Add a dash of lemon juice and a dash of hot sauce. The soup is delicious and a bit of go-go music, and you have a party party that's really "in."

SWINGING SOUP MATE

- 1 cup chopped onion
- 1 tablespoon butter or margarine
- 1 can (10 oz.) condensed soup
- 1 can (10 oz.) condensed vegetable soup
- 1/2 cup peas water
- 1/2 cup flaked cooked white fish
- 1 tablespoon chopped parsley
- 1 bay leaf
- 1 dash pepper

In saucepan, cook onion in butter until tender. Blend in remaining ingredients. Simmer a few minutes to blend flavors. Make 4 to 6 servings. Note: Substitute your favorite flaked fish for that in the recipe.

DOUBLE BEEF SOUP

- 1/2 cup sliced celery
- 1 cup chopped onion
- 1 tablespoon butter or margarine
- 1 can (10 oz.) condensed vegetable beef soup
- 1 can (10 oz.) condensed beef noodle soup
- 1/2 cup peas water
- 1/2 cup chopped parsley
- 1 dash garlic powder

In saucepan, cook celery and onion in butter until tender. Blend in soup and remaining ingredients. Heat thoroughly and serve. Make 4 to 6 servings.

Pleasant Valley WI meeting

Pleasant Valley (PNS) — Mrs. Wm. Pearn hosted the June meeting of Pleasant Valley WI. The President, Mrs. Morley Moynes opened the meeting.

The May minutes were read and approved and a poem was read by Mrs. Webber.

A donation of \$5 was given by Mrs. Wm. Brown toward sending a child to camp, agreed that \$5 more be added to that from the funds making the donation \$10.

It was moved and seconded that the attendance prize be discontinued.

A thank-you note from the Woods family of Canby for donation sent to them after they lost their home by fire was read.

The treasurer's report showed

Euchre Party

Kinmount (PNS) — St. Patrick's C.W.L. held their card party in Holy Angel's Hall on June 2nd. Seven tables of euchre were played.

The women's high prize went to Mrs. Joe Byrne and men's high to Mr. Mike Cain. The consolation prizes went to Mrs. Clara Cain and Mr. Robt. Allen.

The moon lone hands ended in a draw between Mrs. Byrne and Linda Cain, with Mrs. Byrne winning the draw.

MUSEUM OPENS

Fenelon Falls (PNS) — The Fenelon Falls Museum has opened for the summer season with Mr. Cecil Elery as curator.

Visitors from far and near were present at the weekend, some coming from great distances such as Devon, England; Newfoundland, Toronto, St. Catharines and Agincourt.

If you are interested in local history plan to visit the museum which is located at the end of Oak St. and has many wonderful treasures from the past within its aged walls.

Oakwood man fined \$100 on impaired driving charge

A 31-year-old Oakwood man, Clark W. Trent, was fined \$100 and costs or 15 days when he was convicted in Lindsay magistrate's court Monday of driving while his ability was impaired.

Lindsay OPP Constable Frank Prior and Lyle Walton testified they began following Trent vehicle on Kent Street West when it was proceeding in an erratic manner about midnight May 12.

Constable Walton said when he first noticed Trent, he was slumped over the wheel, proceeding west on Kent Street. He said the vehicle went through a red light at the intersection of Kent and Albert Streets and the vehicle was on the wrong side of the road. He said it narrowly avoided collision with another car which had to stop for the Trent vehicle. He said the other car was on Albert Street.

The accused told the court he had four drinks in Lindsay. He said he had done a lot of travelling over the two days prior to the May 12 incident and had only had a couple of hours sleep.

Defence counsel James McQuarrie said the case was the reverse of most situations. He said according to the police the accused's vehicle was travelling

Council meeting

Manvers Township

All members were present and Reeve Lewis McGill in the chair for the June meeting of Manvers Township Council.

A grant of \$25 is to be given to the Millbrook Agricultural Society.

The township will enter into an agreement with Joseph Staples, whereby the township will acquire 10 feet of additional land on the easterly 1237 feet of the north half of Lot 12, concession 9, in excess of the required 66 feet road width for a consideration of supplying an 8 ft. wire woven fence. Mr. Staples to supply the posts, labour, etc. to erect the fence.

A bylaw was passed, setting the rates in Manvers township for 1966. The combined county rate, township rate, high school rate, township road rate and public school rate commercial is 80.3 mills, farm and residential rate 73.0 mills. Due to a considerable increase in the High School requisites and an increase in the County levy, the mill rate had to be increased by 10 mills over the 1965 rate. The street lighting in Pontypool, Bethany and Janetville is to remain at 3 mills. The Pontypool Fire area levy to remain at 3 mills.

The United Counties of Northumberland and Durham will be requested to turn over \$500 of the original Manvers allotment of the Centennial grant.

Mrs. Ross Carr was appointed the editor of the History of Manvers township to be published as a Centennial project of the township in 1967. In this connection the Council are prepared to give a \$50 grant to each of the Centennial committees working on a project in the Janetville, Pontypool and Bethany areas, provided that the said committees submit their plan for approval.

to the Council before the project is undertaken.

A grant of \$10 is to be given to Blackstock Fair.

Communications received, read and discussed were from the Lake Ontario Regional Library Co-operative; Ontario Water Resources Commission; Department of Highways re approval of regular bylaw in the amount of \$50,000 and the interim subsidy in the amount of \$19,050; Magistrate Baxter, enclosing a cheque for \$5.60 re Manvers share of fines for April 1966; Department of Municipal Affairs re Manvers equalization letter 2577; Millbrook Artificial Ice for 1966; Northumberland and Durham Health Unit monthly report; Solicitor for Stock Bros. re franchise for bus service in Cavan and part of Manvers (ownership, Department of Labour re fair practice labour rates, hours, etc.

Accounts ordered paid are as follows: Harry Sheeh, balance re warble fly spraying \$318.60; Gordon Strong, balance re warble fly spraying \$171.00; road account, voucher No. 6, \$4,343.88; Councilors salaries of one half year \$862.50; Charles Martin, dog control \$7.60; Ray McCullough, bulldozing Janetville garbage dump \$12.50; Kesco Electric for street light bulbs 28.33; drug supplies, insulin \$6.50; Municipal World, supplies \$10.76; welfare chargeback, Township of East York \$5.71; Bernard Neals, fund \$18.70; Millbrook Agricultural Society \$25.00; welfare account \$21.00.

The next meeting of Council will be held July 5th, 1966 at 1 p.m.

Albert Cole, well known resident living on Main Street, North, traces his ancestry back over a century ago to the remote settlement in France. "I would like to visit France but that is merely a dream now. I have lived in Canada and in the good old town of Lindsay for four score years."

This gentleman who worked long hours, leaving school when he was very young, has witnessed many changes in Lindsay, its business structure and its people. His memory is as clear as a bell and he is a good conversationalist when it comes to memories of the past.

He was born in a small frame house at the corner of William and Bond Streets, where the old wooden mill office is now situated. "As kids, our family thought nothing of walking the old Separate School or Boys' School on Russell Street," said Mr. Cole. "They thought to demolish the old school and when that time comes I hope that someone will write its history, for a bright young man graduated from this place of learning and many of them went a long way in the business and professional world."

"I recollect the Wallace Woolen Mill which was located where the Horn building is now. Wallace was a short, stout gentleman and a good business man. He rigged up his own telephone and connected with telephone down town. His son, Harold, lives in R.C., and I understand has done well."

Mr. Cole remembers the William Road factory which was situated at the north-east corner of William and Bond Streets, which was owned by a man named Matt. "As a boy we watched the man work with a substance which looked like dough. This they placed on a hot steam plate and then they used moulds to make the buttons. They used moulds for fancy buttons but when these buttons were subjected to heat when garments were being washed, the buttons would curl up in ripples."

Memories of the distant past include the time when Lindsay discarded gas street lights for electric carbon lights. When Sam Parker and his brother Joe had a small dynamo and electric plant, when the Rees brothers were in charge of the first electric current distribution in town, when a man named

Joyce was engineer at the Reesor plant at the corner of William and Wellington Streets, when A. L. Cole succeeded his father in the operation of a steam power plant at the Horn Woolen Mill.

Before the introduction of the water works system residents used hand pumps and deep wells and as time went on, many of these pumps were provided by a well digger named Dennis. The best flowing wells with the coolest water in the neighbourhood happened to be at the Callaghan property and on the old Zevel property at the corner of Bond and William Streets, which was a white frame home. He was a drayman by day and night.

The present home of St. Catharines on the east side of William Street was considered to be built but somewhat of a difficulty. The walls were built of boards, six inches wide and one inch thick and they were placed one on top of the other running lengthwise.

The present site of the McCrea Machine and Foundry plant was occupied by a low tumble down frame machine shop run by a man named Makin, who owned two small rough cast houses at William and Wellington. "He was a good machinist," said Mr. Cole, "and he later on became the bridge tender at Wellington Street."

The memory of Mr. Cole recalled the old Methodist Church at the south-west corner of William and Wellington Streets, when it was later occupied by William Zevel's Carriage maker, father of Percy Skeith.

WELDING PLANT
For many years Mr. Cole ran a welding plant on the east side of William Street, the operation which is now carried on by his son, Cliff. In the welding business, Mr. Cole could rebuild and refit many an article, anything from a lady's bracelet to welding broken springs on automobiles and farmers relied on Cole to weld almost anything that needed the cut.

From the rear windows in the old welding shop he could look out and see the large passenger steamers and small craft pass up and down the Scugog

River, and as time went by, he watched the old time Motor Ford rutter and rattle past the front door to be replaced by a Stanley steamer and then all the latest in fine automobiles.

He has been a member of the Roman Catholic faith all his life, but recalled on more than one occasion when the late Walter Reesor, an official of Cambridge Street Methodist Church had him visit the big edifice to look after the welding of the brass lectern or repair a noisy electric fan which worked in connection with the pipe organ.

"I felt timid at the time being all alone in the big church but I soon got over that feeling and it was a pleasure and a real experience to be a friend of Walter Reesor."

Now eighty-three years old, friends of A. L. Cole will join in wishing him many more years of good living.

Nestleton

Mr. Clifford Helt and daughter, Faith, Fairview, Pennsylvania, U.S.A. were guests during the week with Mr. and Mrs. Cecil Wilson, Mr. Helt, a graduate of Bowmanville Hospital, attended the nurse's reunion. They were accompanied by Miss Rosario, The Dominican Republic, who has lived with the Helt family while she attended high school in Fairview. Miss Helt has graduated and is returning to the Dominican Republic where she plans to attend college. Spanish is the native language of Miss Rosario, but since living with the Helt family, she speaks English quite fluently.

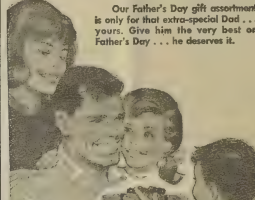

Miss Rosario addressed the nurses at their reunion. The many friends of Mrs. Ben Delong will be pleased to know she is progressing favourably after surgery in Oshawa General Hospital.

Lindsay minor softball organizer Mike Congrove addresses a crowd of spectators and players at the opening of the minor softball season Monday. Looking on are (left to right) Recreation Director Harry Johnson, Recreation Committee Chairman Robert Payne and Lindsay Mayor John Eakin, who officially opened the season.—Post staff photo.

MacDougall-Luke Wedding

The Church of the Immaculate Conception, Sutton, Ont., was the setting for the wedding May 21st of Judi Lorraine Luke to Ambrose William MacDougall.

The bride is the daughter of Mr. and Mrs. Orville Luke, Scarborough and granddaughter of Mr. and Mrs. Frank McPhee of Lindsay. The groom is the son of Mr. and Mrs. George MacDougall of Coldstream, N.B.

Rev. Father Cullen officiated. The bride wore a full-length gown of white satin and antique lace. Her train of troy white roses held an elbow length veil of nylon lace. She carried a cascade of pink and white roses.

The flower girls were twin nieces of the groom, Debbie and Dawn. Debbie wearing white nylon and lace with pink headresses and bouquets. The bride's sister, Miss Nancy Luke was maid of honour and Miss Juanita Patrick was bridesmaid and they wore identical empire style dresses of pink nylon and white lace and carried bouquets of pink and white roses.

The best man was Mr. Ronald Patrick and ushers were Mr. Tom Luke, brother of the bride and Mr. Ronald Dunsby.

The reception was held at Cedar Cliff Manor on Lake Simcoe. Guests were present from Lindsay, Woodville, Whitby, Toronto, Orillia and Scarborough.

frank about sports

Twin County girls softball is on the agenda at the George Street stadium this evening, weather permitting. In a scheduled fixture, the Lindsay team, looking for their third win, will play Cambray. Game time is seven p.m.

A and W Twins ran short of runs this week and dropped two close games in the Peterboro City League schedule. Buzz Hodgson was the victim of a 1-0 loss Monday night to United Electric, and Tuesday night they dropped a close decision to Purvey.

Stouffville's new entry in the Victoria Independent Baseball league suffered their first defeat Sunday. In a home game Stouffville was defeated 4 - 1 by Little Britain Cubs. Stouffville edged Valentin 6-2 Saturday night at Valentin.

Lakehurst O.B.A. action is on the agenda at the floodlit park at Little Britain tonight when Little Britain Pirates meet Ottawa Juniors.

a lot of your neighbours have stopped baking pies!

Maybe it's because they discovered Jane Parker Pies... thousands have.

But...you say, "No thanks, there is nothing like a good home-baked pie." We agree...they're great."

But would you believe it if we told you our Jane Parker Pies taste home-baked? Probably not...until you've tried one.

Then you'd discover the crust is short and flaky like your own.

You'd discover the fruit is the kind you'd use... the best...juicy, not stiff with starch.

And if you popped a Jane Parker Pie into the oven and warmed it before serving, you'd discover a pie you'd be proud to call your own.

Are Jane Parker Pies a good reason for shopping A&P? They're one of many.

Rosedale couple celebrate

Fenelon Falls (PNS) — Mr. and Mrs. Sylvester Sawyer celebrated their Golden Wedding at their home in Rosedale on Saturday, June 4, 1966, when approximately eighty friends, relatives and neighbours, their daughters all assisted in the golden wedding arrangements.

The golden theme of the day was further enhanced by the various gifts which included a set of gold cups and saucers, deep pink roses, floral art, a gold butter dish and a beautiful autumn gold settee (a gift from the family) and a beautiful bouquet of pink and white roses from the bride's friends.

At the supper hour Mr. and Mrs. Sawyer enjoyed a dinner with their family. At this time was served from the beautifully arranged table centered with a three tiered wedding cake with dainty floral arrangements. Mrs. Clifford Smith presided at the silver tea service.

Mr. Sawyer is 77 years of age and Mrs. Sawyer 74. They have been married for 50 years and have been married at the Methodist church in Rosedale and Fenelon Falls on June 3, 1916 and have been residents of the Rosedale and Fenelon Falls and loved neighbours of area.

L.O.L. & L.O.B.A. church parade

Zion-Fenelon (PNS) — A number of members and also church members. Rev. Mr. Snelgrove conducted the service and spoke on "The service and apple on the orange" as it concerned all Christians to uphold the cause of right over wrong. Miss Sherri Moyer was soloist with Mrs. Clarence Kins as organist and choir. There was a good attendance.

45th Wedding anniversary

Kirkfield (PNS) — Mr. and Mrs. Wm. Burney of Kirkfield celebrated their forty-fifth wedding anniversary on Wednesday, June 8th at their residence. The house was tastefully decorated with pink and white streamers and busses of yellow and mauve flowers. Mrs. Burney received her friends and guests in a white dress figured with the navy blue. She had white accessories. Her courage of the evening twenty-two pink carnations and Mr. Burney's boutonniere was a gift of the grandchildren.

Mr. and Mrs. Burney have spent their entire married life in Kirkfield with the exception of a couple of years during the war when they lived in Hamilton.

A large number of beautiful gifts and cards were received. Congratulations were received from Victoria-Haliburton members of Kirkfield, Camp Borden, Argyle, Woodville, Toronto, Oakville, Dalrymple and Beaverton.

OFU to hold protest meeting

An Emergency meeting of the Ontario Farmers' Union County officials held in Peterborough Sales Room, June 12, resulted in plans being laid for a large "Protest Meeting" to be held in the Peterborough area at 8:30 p.m. on June 23. The universal discontent and unrest among farm people cannot further be ignored. Farmers must have a realistic price for their produce to prevent the continual rise in production costs, said a spokesman. All farmers especially milk producers and cream shippers will be on hand to present their problems.

Girl Guides hold banquet at Omemece Legion Hall

Omemece (PNS) — Local Girl Guides and Brownies held a banquet in the Legion Hall on Friday evening, June 3. Rev. Keith Wilcox of St. Andrew's Presbyterian Church officiated. Mrs. H. Hopkins, District Commissioner introduced the head table guests and also explained to the mothers what the local association meant and asked for their support.

Mrs. A. Lloyd, Divisional Commissioner presented Bonnie Finney with her All Round Card. She is the first girl of the company to receive a Miss Bonnie Rea award. Miss Bonnie Rea awarded a toast to the mothers to which Mrs. Walter Fox responded.

Past District Commissioner, Mrs. Sydney York presented with a thanks badge in recognition of her past services. Five Brownies were welcomed into the Guides. They were Laurie Harrison, Nancy Hill, Wendy Hickox, Judy Stevens and Cindy Haviland. Laurie and Nancy received Golden Hands.

Wendy, Cindy and Judy received golden letters. Sandy Wheatman, Susan Booth, Rosemary Laurensen and Jacqueline Fox received Golden Bars from Mr. Robert Taylor (Brown Owl) and Mrs. George Mills (Tawny Owl).

Girl Guides received several class badges. Dr. McQuade, Stephanie Earl, Jane Jamieson, Susan Taylor, Beth Joyce and Sharon Wheatman. Dianne Crawford received her badge.

A pole lamp was presented by their son and daughter and a set of T.V. snack trays by Mrs. Burney's sister.

Guests were presented from Kirkfield, Camp Borden, Argyle, Woodville, Toronto, Oakville, Dalrymple and Beaverton.

Chorus Is Big With Little Leaguers

Treat the team after practice to refreshing orange juice and Orange Peanut Refrigerator Cookies. Kids used the money pickup of vitamin C orange juice, and they'll love those Davey's.

Prepare the juice with fresh-pressed Florida orange juice concentrate—now sweeter, richer and more flavorful than ever before. The pure, natural pulp is better for them than a synthetic, high-sugar fruit drink. The strongly concentrated flavored cookie rolls will keep in your refrigerator or freezer compartment for several weeks. Just slice and eat as you need 'em.

Orange Peanut Refrigerator Cookies
1 cup all-purpose flour
1/2 cup butter or margarine
1 cup brown sugar
1/2 cup granulated sugar
1 egg, well beaten
2 tablespoons Florida orange juice concentrate
1/2 cup milk
1/2 cup chopped peanuts
1/2 cup butter or margarine
1/2 cup brown sugar
1/2 cup granulated sugar
1 egg, well beaten
2 tablespoons Florida orange juice concentrate
1/2 cup milk
1/2 cup chopped peanuts

Sift flour, baking soda and salt together. Combine butter and sugar. Beat well. Add egg and mix until well blended. Stir in orange juice concentrate and vanilla. Add the ingredients and blend well. Stir in chopped peanuts. Roll dough into 2-inch (2 1/2 inches in diameter) balls, in wax paper. Refrigerate several hours or overnight. Cut rolls into 1/2-inch slices. Place on ungreased cookie sheet. Bake in 400°F. oven 12-15 minutes or until done.

YIELD: About 4 dozen.

Mr. Johnston was his 82nd year.

He was a member of the United Church.

He retired at the John Welch chapel until Monday at noon, thence to Wilberforce for the service and returning to Haliburton where interment took place.

Left to mourn his loss is his wife, two sons and one daughter. Mrs. Frank Minns of Barrie, Ross of Uxbridge, and Glen of Newcastle. The flowers were beautiful.

Lindsay man hurt

A Lindsay man, Robert Quilley, 49, of 140 Bessie Street, is reported by Lindsay hospital authorities to be in satisfactory condition in hospital with a broken leg. Quilley was injured Sunday night on the Downeyville Road, near the Lindsay Drive-In Theatre when the small foreign-model car he was driving went out of control and crashed, sustaining \$500 damage. Lindsay OPP Constable Daniel MacDonnell investigated.

Baddow UCW meeting

Zion-Fenelon

Mr. and Mrs. Gerald Henry, Mr. and Mrs. Harold Poulton, Mr. and Mrs. Wm. Nicholls attended the concert in Peterborough given by the Don Messer company of entertainers.

Mr. and Mrs. Elmer Moyes were guests of Mr. and Mrs. Cliff Benson on Sunday. Miss Sharon White of Linden visited her sister and brother-in-law, Mr. and Mrs. Al Levering on the Glenora Road.

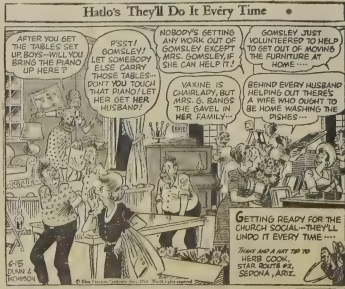

Mr. Mac Moyes, Mrs. Elmer Moyes, Mr. Jack MacMillan attended a MacMillan meeting which was held in Beaverton.

Mr. and Mrs. Walker of Bury's Green were Sunday dinner guests of Mr. and Mrs. Morley Moyes.

Mr. and Mrs. Morley Moyes were callers at the home of Mr. and Mrs. M. Runney.

The June meeting of the Baddow U.C.W. met on Wednesday, June 1st, 1966, at the home of Mrs. Cecil Chambers. The President, Mrs. Maurice Watson opened the meeting with a very inspiring reading of meditation. She then gave the Devotional. A hymn was sung in unison. The Scripture Lesson was taken from John, Chapter 15, verses 1-13. The Topic on Mind "You Can't Live Wrong and Be Happy" and "Moods" from the Observer was well rendered. A hymn was sung followed by prayer which closed the Devotional Period.

The minutes of the last meeting were read and approved. Roll Call was taken with eight members present and two guests. The Corresponding Secretary read correspondence on hand with the (Cheer) Convener also reporting. The President read two letters received by her, one being from Mrs. R. Smith with

regards to Bales and the others receiving their respective to discuss the meeting came from Miss Vina Neal, jobs. A Bazaar is to be held a close with everyone regarding the new benediction. The Dairy Freeze to commence at A social half hour was spent with the hostess and helpers serving lunch.

Advanced engineering features at no extra cost. Built-in quality from beginning to end. That's what you get from American Motors today. Look at these features:

Single Unit Construction. Body and frame on all American Motors cars are welded together into one, single, solid unit for tremendous strength and safety. Result: a stronger, safer, longer-lasting car - a car free from rattles.

Double Safety Brakes. Not just one braking system, but two. If one set ever fails, the other stops you safely. (Double Safety Brakes have been an exclusive feature, at no extra cost, on all our models since 1962. Some other manufacturers have now announced that they will adopt this feature—but not until their 1967 models.)

World's best rustproofing. All of our cars get a "bath." They're deep-dipped up to their rooflines in rustproofing compound *exhaustive times*. Then they're dipped again in primer and given a separate spray coat of primer. Then come three painting coats of Lusta-Gard super enamel. You get a beautiful finish and long-lasting protection from the ravages of rust.

Most powerful standard engines in their classes. Swift, smooth, seven-thousand-bearing asis. Powerful, V8's. Take your choice.

American Motors offers you unbeatable safety features. **Body construction:** body and frame welded together for tremendous protection. **Double braking system:** if one set ever fails, the other still stops you. **Ceramic-Armoured Exhaust System:** eliminates the danger of leaking fumes. (These three features at no cost on all models.) **Safety options:** headrests, power disc brakes, heavy-duty suspension, Twin-Grip differential, 4-way hazard warning signal, **Standard equipment:** front and rear seat belts, padded dash and visors, outside rearview mirror, backup lights, windshield washers, variable-speed wipers, higher-strength windshield glass. **More safety features come from American Motors today.**

Widest range of seating options in the industry. Luxurious reclining seats (pockets, if you want), armrests and adjustable headrests. And time-furniture coil springs in all our seats in all our models. (Only one other North American car offers this—and it's in the luxury class.) **Fibreglass roofliners and double door seals.** A far cry from flimsy fabric roofliners and single door seals. Note stays out. Drafts, winds, chilly air can't get in. **Attention to detail.** American Motors offers the durability of plastic kick panels, all-metal rear-deck shelves, even ashtrays that roll out on ball bearings. Small details, yes—but they add up to overall quality. **Beautiful luxury fittings.** A big, big selection! All the power equipment and features you want. And driver consoles. Thick-cut pile carpeting. Vite wheel discs. Walnut interior paneling. Houndstooth or plain fabric. New vinyl patterns. Exciting styling in top-of-the-line Ambassador DPL, Rambler Rogue and Rambler Rebel. **New car quality.** We believe that quality is what you build in—not what you add on. We build quality into all our cars from the beginning. We take the time. We take the trouble. We always have. We always will. **Used car quality.** The exclusive quality and features that we build into our full line of cars mean that an American Motors used car is a better value and a better buy.

Garden party at Bethany church

Bethany (PNS) — The Garden Party, held on Saturday by the Anglican Church Women of St. Paul's Church, Bethany, was well patronized, with many coming from outside points to attend this annual event. Mrs. Mervin Smith received the guests at the entrance. The tables were decorated with the Hall and tables and the visitors enjoyed a delicious supper. Approximately \$150 was realized to be used for general church work.

Demonstrations Highlight OPP Auxiliary Parade

Obviously there are times when police have to be strong, when they are weak, when they are reinforced, when small departments might be overburdened entirely and unable to perform the essential services expected of them.

It is with this in mind that the chief executive officer of every police department must give the question of reinforcement by auxiliaries his serious consideration," says the Auxiliary Manual.

And in the Lindsay area, 35 citizens volunteer two nights a month to learn the art of constabulary work — both theoretical and practical, so they will be better equipped to assist police when necessary, and through this training they acquire a better knowledge of their police officers, and the protection afforded them by law, and the advantages of the Canadian legal system.

Monday night, members of the Lindsay OPP Auxiliary stood smartly for an inspection by Chief Inspector David Adair, Emergency Measures Branch, General Office, 8 District Headquarters, Peterborough; Emergency Measures Branch Sergeant J.A. Fullerton, Lindsay OPP Sergeant Gordon Stout and Lindsay OPP Auxiliary Inspector William Smart.

The auxiliary members were to show executive OPP officers a few of the things they learned from their training as they do at each of the annual inspection of the auxiliary.

Inspector Adair took the salute during the march-past which followed the inspection, and then they quickly went into their programme of demonstrations of various aspects of police work.

The first demonstration was one of using firearms. Three auxiliary constables, Wallace Martin, Lorne Thurston and Jack Thurston displayed disabling shots by police. They fired at police silhouette targets, using was loaded in their 32 calibre cartridges. The cartridges were loaded by Constable Ian Miller, instructor of the auxiliary.

After the firearms display, visitors were invited into the OPP building and they were given a demonstration of radio procedure. Auxiliary Constable Everett Davey, acting as radio dispatcher, talked with an unseen constable who was in a cruiser with a fictitious number.

—Post* staff photo.

MOCK ACCIDENT
Auxiliary Constable Davey dispatched the cruiser, ambulance and tow-truck to the scene of a mock accident using regular police procedures. Spectators were then invited to move back outside the building where they saw a wrecked car with two occupants and an OPP cruiser which had just pulled up.

Auxiliary Constables, Ross Tremere, John Hughes and Harold James immediately went to work on the investigation of the accident.

They found one of the occupants of the car involved in the mock accident, Kenneth Addie, a feature with Cuts MS Tool, required medical attention for a fractured leg, and the driver of the vehicle, Ivan Bell, emerged from the car, staggering and talking loudly. Mr. Bell was escorted to the cruiser.

An ambulance arrived on the scene and Auxiliary Constables David Smith and Howard Nesbitt performed first-aid, put the "victim" on a stretcher and loaded him into the ambulance.

When the investigation was completed, Mr. Bell was taken into the building where he was asked some question by Auxiliary Constable Kenneth Burns, who had Mr. Bell perform sobriety tests and blow up a breathalyzer bag.

The final demonstration was one of police Defence tactics put on by Auxiliary Constables Jack Montague and Corporal Wes Lockwood.

The members of the Lindsay OPP Auxiliary have one night of training each month and one night of practical experience, assisting a regular constable on patrol.

KILLING YOURSELF

By Peter J. Steinhorn, M.D., F.A.C.P.
Author of "How to Add Years to Your Life"

PURSUIT OF HEALTH IS BOND BETWEEN DOCTOR AND PATIENT

Dear Dr. Steinhorn: Aren't you a bit touchy about not liking my patient, "my doctor," etc.?

My denials many things besides ownership, or possession. My friend, my favorite artist, my hero, in addition, clearly denotes choice, admiration, something very special. My brother, even, certainly denotes no ownership but it does indicate a special bond. I think that a patient, by his choice of a physician, feels a bond in a common pursuit: health. Health is such a treasure item that the patient feels a special dependence, a special bond with him. How best to describe it than by my? All best wishes to my favorite writer on health, Mr. J.

Comment: My dear! Now who could resist showing affection after your delightful note. And I assure you it will not be understood familiar or possessive. I am simply completely understand what you have said, and it may surprise you, I agree.

In having made the distinction that no doctor owns his patient, and, conversely, that no patient owns his doctor, had only this in mind: that it need not be a permanent association for the good of one or both if true disconnection arises on either side.

For example, I wanted to stress that if the patient becomes dissatisfied with treatment, he should not allow the

my complex to overshadow the desire for getting consultation — or even changing doctors.

In the absence of a real need for a change, I would be the last to deny the use of the word "my" in describing a doctor-patient relationship. The medical point of view, at least I can assure you it is one of the most rewarding facets of the practice of medicine. The love of a patient for his doctor and the doctor for his patient, has it all over the Dion and Pythias relationship. So I close (and I am not being facetious) in giving my thanks to you for your letter.

VARICOSE VEINS

Dear Dr. Steinhorn: I am just beginning to get varicose veins. Is there any way to prevent them from getting worse?

Comment: I know of no specific measures. All I tell patients is to be sure they are not overweight, and that they get off their feet at intervals, legs raised, to help the circulation in the veins. Have your doctor take a look and advise.

HEART SKIPS

Dear Dr. Steinhorn: I am a 72-year-old man. For some time I have had small heart palpitations to be sure they are not too frequent, but sometimes they come five times, and then comes a slight pause, next count may be 27 without a skip. My doctor says there is no need to worry about it. He has no heart to machine in his office. Shall I see a heart specialist for an electrocardiogram? Otherwise I'm OK. Mr. L.

Comment: Not all doctors have a heart machine. Otherwise I'm OK. Mr. L.

SPORTSMAN'S DIGEST

With sharp tips for fishing muddy lakes

ALL FISHING ON A LAKE AND MUDGY LAKES ARE MUDGY LAKES. LOCATED IN THE MUDGY LAKES ARE MUDGY LAKES. LOCATED IN THE MUDGY LAKES ARE MUDGY LAKES. LOCATED IN THE MUDGY LAKES ARE MUDGY LAKES.

ADVICE: DON'T FISHING ON CATCHING — A LATER HARPNESS REELS CONCENTRATED FISH PAGES AS HURRY MOTORS SPREAD OR BETTER TO CLEAN UP.

Comment: Probably your doctor is right. He thinks you have heart skips which can pressure contractions and usually aren't of any consequence. Nevertheless, I'd suggest an electrocardiogram for consultation. It will help complete the heart examination so you won't be guessing at the real cause of the heart skips.

Kinnmont UCW meeting

Kinnmont (PNS) The U.C.W. monthly meeting of the U.C.W. was held Tuesday afternoon, June 7th, at the home of Mrs. Olive Barr.

Mrs. D. McNamara, the president was in charge of the devotional exercises as well as the business meeting. One hymn was sung, scripture read and Mrs. McNamara read several numbers and poems. Mrs. McKay explained the use that can be made of old or used stamps. Mrs. O. Herr, the hostess.

William Jackett

William John Elmer Jackett of lot 10, concession 12, Marysville Township, entered into rest suddenly at his late residence on Friday, May 27, 1968. He was in his 54th year. He was the beloved husband of the late Marjorie Simons.

Remaining to mourn his passing are two daughters, Joanne (Mrs. James Miller) and Isabel (Mrs. John Robb) all of Janville. He is also survived by four sisters, Freda (Mrs. Harriett McConnell) and Edna (Mrs. Russell Dayell) of Omemee, and Mildred (Mrs. Merritt McGill) and Olive (Mrs. Crawford English) of Janville. Mr. Jackett received his education and farmed all his life at Janville. He was a member of the Janville United Church and of the Canadian Order of Foresters.

The funeral service was held from the Mackey Funeral Home on Monday, May 30th, at 2:00 p.m. Rev. Ivan Cook of Janville United Church conducted the service with interment at Riverside Cemetery. The pall-bearers were John Burn, Victor Blatherwick, Victor Crouth, Horace Healey, Walter McGill and Jim McGill.

With a prayer.

The collection was dedicated by Mrs. McNamara. The roll call was answered by eight members and one visitor. The minutes of the previous meeting were read and adapted and the treasurer's report was given.

Many items of business were discussed. "Thank-you" cards were read and plans were made for the Bake Sale which is to be held on Saturday. A lunch was served by Mrs. O. Herr, the hostess.

Halo's They'll Do it Every Time

Home economist addresses Nestleton WI

Nestleton (PNS) The June meeting of Nestleton Women's Institute met in the Presbyterian Church with Mrs. Harry McLaughlin as hostess and Miss Ruth Prout as co-hostess. The president Mrs. Arthur Hyland extended a welcome to all and a special welcome to the visitors, the 4-H club girls and their leaders, Mrs. McLaughlin and Mrs. L. Malcolm.

The minutes were read by the secretary-treasurer, Mrs. Dick Davidson, and a very gratifying financial report was given. A cash donation was received from Mrs. Herman Samuels, who is a patient at Glen Cedar Nursing Home, Columbus, and thank-you cards were read and a card signed for a member in hospital.

Mrs. Annmarie Emerson, district director, gave a report on the District Annual at Kendal. Officers were elected and reports given by the conveners. Mrs. Patricia Wray, home economist, was a guest.

The history of the home making club, in 1923 Miss Ethel Chapman started a garment making club. Women's Institute Sewing Circle started its first year. Now there are clothing and nutrition projects and 4-H clubs are continuing to grow. The girls' conference will be at Guelph, June 21 - 24 and three girls from Durham County will attend. Sharon Larmer, Carver Wright Township, has been chosen to attend Conference in Winnipeg, July 27 - Aug. 3. In Durham County 4-H club membership has doubled in two years. These clubs are valuable in building character and good citizens.

Mrs. M. A. Beacock, convener of Agriculture and Canadian Industries gave an excellent paper on "A peep at pop — planning on pop for progress". Mrs. Beacock, a native of Simcoe County, stated Simcoe County is named after Lord Simcoe and three townships, Thry, Tay and Floss are named after Lady Simcoe's daughters. Mrs. Beacock's grandfather settled there, a single plow, a man and a woman and one hundred ducks, the duck raising the worms and providing the fertilizer. The results were a good crop of potatoes and good fat ducks. Truth is stranger than fiction.

There will be no Women's Institute meetings in July or August but a trip is being planned for August. Mrs. Fred Harvey will be visiting the potatoes. Howe machines till September meeting.

Speed can kill

Opp. Constable Clark Saunders, P.O. officer for the Lindsay Detachment told "The Post" today that he was listening in on the radio messages passed between the OPP aircraft flying over Highway 401 and an OPP interceptor car on the highway. "You would be amazed," said Constable Saunders, "just how fast some of the cars are travelling. It is not uncommon to hear the pilot advise the interceptor car to stop such as your vehicle for speeds exceeding 85 and 90 miles an hour." It wouldn't surprise me if in a couple of years cars came equipped with clear

plastic top and have a swirl seat so that a passenger can act as an OPP aircraft spotter!" quipped Constable Saunders.

The OPP knows that speed kills and the officers are determined to do all they can to keep the accident toll down. In the Lindsay district we have been fortunate to be accident free since last Sunday. (The fatalities south of Lindsay were in the Bowmanville-OPP area). Constable Saunders urges motorists to exercise special care during the weekend when more tourists and visitors will be on our highways.

Take care, slow down, speed KILLS.

The nautical influence was well in evidence in a recent collection by London milliner Edward Mann, shown in Lindsay. At left is a plate inspired aye named "Captain Kidd", complete with two gold brass rings; at right is "Lord Jim", a nautical cap in navy poplin.—BIS photo.

Protection through Insurance

Automobiles and life insurance have one thing in common—the basic model can be equipped with accessories designed to fit a family's particular needs.

In the case of life insurance, the accessories amount to extra insurance. The simplest way to pay extra is to do so at the same time as the basic policy. Many families, however, whose needs have changed, decide to buy the extra insurance, and in these cases a company will probably require proof of continued insurability of the breadwinner. According to The Canadian Life Insurance Association, families use these extras to protect against everything from accidental death to loss of income through disability.

Here are some of the typical areas a family might guard with extras: The Mortgage on the family home. Bill Jones, age 30, has bought a new home for \$28,000. He's used the \$8,000 he cleared on the sale of his old home as the down payment, and is carrying a \$20,000 mortgage, to be paid over 20 years.

He could add \$20.00 of 30-year term insurance to his basic policy, but it would not precisely suit his needs because the balance of the mortgage will be reduced each year.

In this case, a decreasing term extra, whose benefits coincide roughly with the balance of the mortgage in any given year, can be attached to his basic policy. Should he die before the mortgage is paid off, the extra insurance will provide free and clear family ownership of the home.

Accidental death: Accidents are the

third highest cause of policyholder deaths, and many families take out extra insurance against this risk with an accidental death benefit clause. In the event of accidental death, a policy equipped with this accessory will pay at least twice the face amount to the beneficiary.

Premium protection: A clause can be attached to a new policy which prevents it from lapsing in the event the policyholder suffers a total and permanent disability. Once the disability has been established (there is usually a few months' waiting period involved in this process) the premiums are waived.

In other words, the life insurance company pays the premiums for the disabled person.

Family income: Most insurance is designed as income protection in the event of the breadwinner's death. But there is an extra, which can be attached to a permanent policy, which will provide additional income during the time it is needed most—when the children are growing up. Over the years, more and more families have been having this accessory added.

This amounts to a decreasing term policy added to the basic permanent insurance and the benefit schedules are arranged to provide a level monthly income during the length of the term which it is bought—until the youngest child reaches the age of 21, for example.

Most people find they need an automobile extra. They can have the "optional extra" on their life insurance at moderate cost, too.

The ceremonial changing of the guard, which takes place daily at the arsenal, will be officially witnessed by Colonel Deroche, manager of the Dominion Arsenal on Wednesday morning.

Colonel Deroche will be present to inspect the new guard, part of the veteran detachment which arrived in Lindsay on Saturday last, to take over the guarding of the arsenal.

It is expected that a number of ladies of the town will also witness the changing of the guard which takes place at 9:45 a.m.

Transportation Problems
E. F. Thompson, General Agent of the Canadian Pacific Steamships and Canadian Australasian Line, Toronto, was the speaker at the Kiwanis Luncheon here today and delivered a highly interesting talk on "Transportation War Time Activities," in which he described some of the work being done by large transportation organizations to aid the Allied cause.

Major Hughes in Town
Major-General Sir Sam Hughes arrived in town this morning per CPR from Ottawa, where he held a review of the troops Friday.

The minister will attend a memorial service for the late Col. H. Baker, M.P., at Swetsburg, Quebec on Sunday.

Colonel Lowe Wins
Col. Lowe, who achieved fame for the rapidity with which he prepared Valcarier Camp at the outbreak of the war, arrived in town this morning from Camp Borden, Simcoe County, and met Major-General Hughes on important business.

Camp Borden is now in readiness for the reception of troops and a number of battalions will be removed there at once.

Steers Poisoned

Four valuable steers were poisoned this week on the ranch farm belonging to John Brabant, O.P.R. agent at Blackwater. When the cattle were discovered, four of them were in great pain.

A veterinary was quickly summoned, but it was of no avail, all died in a short time.

THE OTHER CLUB

Mr. Harold Wilson has been elected a member of the Other Club. It was founded by Winston Churchill (with F. E. Smith in 1911) who kept going to his disbanding after he had given up almost every other outside activity. The membership of the club includes Winston Churchillian taste in good dinner table companionship rather than political colour.

Sewers adequate

at County Home

Sewers serving the Victoria County Home were termed adequate as such by M.O.H. Dr. Norma Gill in her report to the health board meeting Thursday.

Dr. Gill reported the board of health engineer found the sewers to be adequate provided roof drainage water was not piped into the system.

Mayor John Zakus pointed out that the new system that has been installed is not being used. "When it is connected in soon the problem will probably be rectified," said the Mayor.

DIESEL FUMES IN OPEN SPACES NOT HEALTH HAZARD

"Diesel fumes as such in open spaces are not considered a health hazard," Lindsay medical officer of health, Dr. Norma Gill, told health board members last night.
Dr. Gill was referring to a problem at Albert Street south and Durham Street residents.
"I sympathize with them but I do not think we as a health board can do anything," she said, suggesting action might be taken by police on the nuisance factor.

Health board chairman Lawrence Gamble told the members police had visited the problem area and the situation was better for two or three days. The problem seems to be diesel locomotives that are left idling overnight in the former round-house area.

Bridal Customs

From the earliest biblical days, the delivery of a ring was a sign that the giver intended the recipient with all the powers he himself possessed. The ancient Jews originated it as a wedding but it was placed on the right forefinger of the bride the day of the engagement. With the coming of Christianity the ring was no longer placed on the right forefinger, but on the left third finger.

The **Bridal Veil**, the veil originated in biblical times and was worn until all the public ceremonies were over, so it can readily be understood how Jacob was deceived into marrying Leah instead of his sister Rachel. In the Anglo-Saxon wedding ceremony a square piece of veiling was held over the head of the bride to conceal her embarrassment.

Throwing rice symbolized fruitfulness and plenty. Taking the husband's name originated in Roman times. When Julia married Pompey, her name became Julia of Pompey, until in more recent times the "of" was omitted from the name.

Wedding Cake The wedding cake originated at the wedding supper or eating together a mode of marriage practiced by the highest class in Rome. The cake was made of salt, water and wheat or barley, and was considered an emblem of firm alliance between husband and wife. Orange blossoms were used by European brides since the times of the Crusades.

It is never too late to be what you might have been.

Joe says:
"And you gave up drinking at her request?"

"Yes."
"And stopped smoking for the same reason?"

"Yes."
"And for her sake you gave up dancing, card parties and billiards?"

"Absolutely!"

"Then why didn't you marry her?"

"Well, after all this reforming, I realized I could do better."

Miss Linda Brown, daughter of Mr. and Mrs. W. G. Brown, R.R.3, Woodville, graduated from the Peterboro Civic Hospital School of Nursing on Wednesday, June 15 at a very impressive ceremony in St. Peter's Auditorium. In September Linda will be working at the Ross Memorial Hospital, Lindsay. She is a graduate of Fennell Falls High School.

HOMEMAKING HINTS
Frosted rins on glasses make dairy drinks even more appealing. Home economists at Macdonald Institute, University of Guelph, suggest dipping the edge of each glass into lemon or orange juice, then into granulated sugar and chilling.

Cheese butter is as delightful as it sounds. Combine ¼ pound butter, softened, and desired amount of grated, sharp cheese such as Parmesan or Romano. It's perfect for spreading on French or other crisp, crusted breads.

Want a "saucy" sauce, especially for hamburgers? Just Cream Chili Sauce is sure! For this "taste-catcher," combine 1 cup dairy sour cream, 2 tablespoons chili sauce, 5 drops liquid hot pepper seasoning, dash paprika and ¼ teaspoon seasoned salt.

A good white or cream sauce made from Ontario's milk is basic in all good cooking. With its smooth texture and mild flavour, it can be used for many dishes. But food specialists at Macdonald Institute, University of Guelph, warn that its consistency—thin, medium, thick, or very thick—determines its use.

HOW CAN I ???
Q. What is the most effective way to iron embroidered materials?

A. Iron the embroidery face down on a turkish towel, pressing it on the wrong side. This brings out the depth of the pattern, instead of flattening it. Use the same method also for braided trimmings.

Q. How can I reclaim stale, hardened vitamins, or other dried fruit?

A. By putting them into a strainer, setting the strainer with a cover on it over a pot of boiling water for about 15 minutes. This usually does a good freshening job.

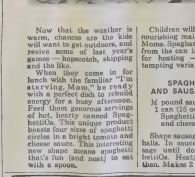

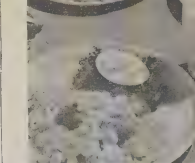

Q. How can I prepare my own furniture polish?

A. One very successful one consists of equal quantities of olive oil and turpentine, with a little vinegar added.

Stamp News

U.S. Postmaster General Lawrence F. O'Brien has made public the design of the 1968 Christmas postage stamp.

A painting by Hans Memling, Flemish master of the Renaissance, is basis for the 5-cent stamp which will be printed in five colours.

The stamp will be issued November 1 with three first day cancellations in Christmas, Michigan.

This is the fifth in the series of holiday stamps and the first that is that it will be another best-seller. An initial print order for one billion, two hundred million stamps has been set.

The stamp was designed from the central portion of Memling's oil, "Madonna and Child with Angels", which hangs in the National Gallery of Art, Washington, D.C., as part of the Mellon collection. Memling painted the scene on wood about 1460. It is small, measuring only about 18 x 23 inches and is an excellent example of the detail the German-born artist lavished on his work.

"This stamp design, which was unanimously recommended to me by the Citizens Stamp Advisory Committee, is entirely appropriate to the spirit of Christmas and at the same time it will be a miniature reproduction of an outstanding work of art," Postmaster General O'Brien said.

According to the National Gallery's description of the portion of the painting that will be reproduced on the stamp, "The Virgin, in a blue-green robe and red mantle, is seated on a red canopied throne. She holds in her lap the Infant Christ who with one hand touches the pages of a missal."

The Christmas stamp will be vertical, in the true colours of the painting, with inscription in red-ink. Set in a white panel, left, is "Christmas U.S. 5c". Across the bottom appears "Memling - National Gallery of Art".

The stamp was modeled by Howard C. Milner. Vignette is Edward R. Feiler, with lettering by Kenneth C. Wiran, of the Bureau of Engraving and Printing.

Lindsay Gideon camp meeting

The June meeting of the Lindsay Gideon Camp was held in Fennelon Falls on Monday night with all the newly elected officers present.

Everett Davy as Chaplain introduced the speaker of the evening Gideon Ken Mac Aleese who gave an enlightening and dynamic message on the doctrine of "Hell".

The new president, Jim Cooper, also occupied the chair. His first duty was to present a Bible to Oliver Smith and R. W. Pitts on their retirement from the Camp. Mr. Cooper spoke in glowing terms of the good work these two had done throughout the year.

Mr. Smith was a charter member of the Lindsay Camp and was a Gideon for many years prior to the organization of the local camp.

Mrs. Stan Kennedy of the Ladies' Auxiliary presented a cheque as their gift to the Camp.

Lindsay Gideons conducted eight church services during the month and also conducted services at the local jail.

Earl Pitts reported \$32 received from the Memorial Bible fund.

Max Aldous reported that over \$300 in excess of the quota of \$1,650 had been raised.

The meeting closed with prayer by Stan Kennedy. Lunch was served to the com-

COUNTY COUNCIL TO PREPARE BYLAW TO JOIN TWO PUBLIC SCHOOL AREAS

A bylaw to be prepared on authorization of Victoria County Council will have effect on action by the legislative assembly before it can be passed.

The Victoria County Council meeting as a standing committee of Education, passed a motion authorizing the preparation of a bylaw to join the Township Public School areas of Carden and Mara as one township school area. The bylaw to become effective upon the passing of an amendment to the Public Schools Act presently in the process of reviewing second and third readings by the legislative assembly.

County Clerk Frank Weldon read from Bill No. 154, an act to amend the Public School Act, that the council of a County may, by a bylaw passed before July 1st, add to a township school area, an area in an adjoining County providing it is recommended by the County Public School Consultative Committees concerned.

Present legislation states that in event the total enrollment of primary school pupils

in a township area falls below 100, that school board is dissolved and the township must join with another municipality and form an enlarged school area. When this takes place the public school principal must so advise the County Council.

The townships of Carden and Dalton each found themselves in this position, and the nearest feasible area to join with were the townships of Mara and Rama in Ontario County.

Previous to the introduction of Bill 154 to amend the Public Schools Act, public school areas in separate Counties could not be joined.

Transactions of this type must be recommended by the public school consultative committee of the County involved and reported to the county council. Victoria county council members will meet on June 20th and approved the plan, and resolutions and consent have been received from the townships of Carden and Dalton. Mr. Weldon said. The clerk said it will be necessary for Ontario County Council when they meet next week, to pass a bylaw accepting the township of Carden and Dalton into the Ontario public school system.

Woodville reeve Jack Campbell questioned the possibility of a provincial assessment equalization factor deciding the division of costs of the public school education system if the two counties were involved. Council members were of the opinion this could apply and further discussion of the matter was deferred until a representative of the Department of Municipal Affairs meets with council Friday.

NEW LANDS AND FORESTS DEPUTY MINISTER APPOINTED

Premier John Roberts today announced the appointment of G. H. U. Bayly, 48, as Deputy Minister of the Lands and Forests Department replacing P. A. MacDougall, who has retired after serving with the Department for 43 years.

Mr. MacDougall, a veteran of World War I has been Deputy Minister for 23 years. He joined the permanent staff of the Department on May 15, 1923 but prior to that had been on temporary staff before taking his degree in Forestry (B.Sc.F.) at the University of Toronto in 1923.

The new Deputy Minister who was an RCMP pilot in World War II, serving in the United Kingdom, Africa and the Far East, had been promoted with the Department since 1945. In that year he joined the Department's division of reforestation, following in the footsteps of his father George W. Bayly who had been a member of the Department during the 1920's and 1930's.

Mr. Roberts said that during the years Mr. MacDougall has been with the Department he has made a tremendous contribution in the reorganization of the Department which resulted in wide decentralization with administration and operations being handled from 23 district offices.

"No Deputy Minister ever has been with a larger long term tenure of service and devotion to the public interest," said Hon. Kelso Roberts, Minister of Lands and Forests.

Two four run wins in Pee Wee games

Two torrid contests were run off in Minor softball league action at the Central School grounds last night in the Pee Wee division.

On the north diamond, Lindsay Druggists led Olympia Tea Room 14 for three innings, went ahead 3-0 in the fourth before dropping behind but came on to win 10-6.

Mike Kirby finished the game on the mound and was the winning pitcher for the Druggists. Steady play at first base and several runs batted in by James Gallant won a "Parker Jotter" from Kirby in his first game of the season. Jim Willis pitched four shut-out innings for the Druggists and Byron Ott at third base made several fine plays.

On the south diamond, Silverwood led Polaris 1-0 for four innings and went on to win 15-11. Silverwood scored seven runs in the fifth inning to set up their win, although Polaris notched eleven runs in their last three frames.

Pete Tamblin fanned nine Silverwood batters in a losing cause. Doug Kingsborough fanned six, claiming the win and was named most valuable player and Golden's "Parker Jotter" winner in this game.

A LOVELIER YOU

By Mary Sue Miller

FASHION IS HOW YOU WEAR IT. Wear your hair long or short, wear your skirt short or knee-high... fashion allows for great freedom of choice. But whatever you choose, it is certain to have one element that is common to all current designing and that is freedom from constraint.

The goal is ease. Clothing sits lightly and moves freely with the body. Hair and make-up aim at unforced effects. In other words, the looser is the better.

But beware, be not fooled by the informality of fashion. To make a success of it you have to do something for it. Doubtless you have heard the cry, "You can't see the waist for the hair!" It was like that in the days when fashions were complicated. Today you see the woman—and the girl—and a good deal of her.

Authorities are agreed that it takes more doing to achieve the look of effortless loveliness than any other. The tactics of beauty are essentially a graceful figure, good skin, hair and hair grooming per excellence.

Although it may seem contradictory, uncontrolled hair and make-up require the most expert handling and they will appear more attractive if kept. The desired finish is neither done-up nor undone. And it's worth some effort, for it's charming.

Thornbury family reunion held at Woodville Legion

The Thornbury relatives gathered at the Woodville Legion Hall on Saturday, June 11th, for their annual reunion. The weather was perfect, which contributed a great deal to the success of the occasion. The afternoon was spent renewing friendships.

The president, Mr. George Oulton extended a welcome to all to come to the tables at 6 p.m. Approximately 110 guests were left in prayer by their leader, then, observed two minutes silence for two members departed during the year. Mr. John Campbell of Woodville and Mr. Robert Spence of Toronto.

At the conclusion of the meal the guests were requested to sign the registry book. Then the president made a few remarks and presented prizes as follows: The lucky prize was given to Roy Allen, Toronto, and the lucky chair prize, Ralph Reynolds of Port Perry.

The oldest and youngest members were Mrs. Elizabeth Spence of Hartley; the oldest man, Wm. Thornbury of Canby; the youngest child, Michael Argue, Canby. The prize for the couple married the longest was given to Will and Belle Thornbury. The mother with the

largest number of descendants present was Mrs. Anna Thornbury of Woodville.

Two couples present had Wedding Anniversaries on this date. They were George and Verna McDonald and Carl and Wynne Tamblin. The person having a birthday nearest the date was Mrs. Elizabeth Spence. The family coming from the greatest distance were Len and Marjorie Sandford of Cookville. A family tree book has started by Mrs. Thornbury of Ottawa.

The Sports Committee handled the program. The children enjoyed their prizes, treats and ice-cream.

Later in the evening a short programme, consisting of reading, piano, singing and dancing by the boys and girls was greatly enjoyed.

Progressive Euchre was played, women's first won by Verna Reynolds, men's first, Bud Warren.

The executive for the coming year are as follows: President, Bert Thornbury; vice-president, Gordon Thornbury; Secretary, Grace Thornbury; treasurer, Wm. Thornbury; youngest child, Michael Argue, Canby; and Belle Thornbury, Angus and Dorcas Thornbury, Mac and Ruth, McKillop, Morris and Helen Tompkins.

Hearing tests at town schools

Dr. Gill told members of the Lindsay Board of Health at their regular meeting last night that screening tests of hearing in grades one should be completed by the end of June.

Dr. Gill said an audiometer on loan from the Red Cross is being used, and the Peterboro Health Unit invited the Lindsay public health nurse to attend hearing tests in the Peterboro schools to become

Citizens of Lindsay and district who are due to be ectoragnaries will remember World War I and World War II because many of their kilt and kin served the empire in these two conflagrations. There were many senior citizens who recall the return of soldiers to Lindsay from the Boer War in South Africa and those pioneer residents talk about the Boer Rebellion.

It will come as news to many local people to learn that the village of Lindsay suffered four invasions. The bit of interesting history was revealed Monday by the visit to Lindsay by Professor Watson Kirkconnell, a Lindsay boy who retired a few years ago as Dean of Arcadia University at Seattle, W.S. Professor Kirkconnell was introduced at the Rotary dinner by his friend Dr. R. M. Parker.

It is worthy to note that Dr. Kirkconnell's history of Victoria County, published a quarter of a century ago, is being brought up to date by the gift of historian at the request of Victoria County Council as a centennial project and that the writer has been working on the edition for the past year.

The four "invasions" mentioned in the History of the County make interesting reading and are as follows:
The first was in 1837 as the result of a rumour spread by Major Murphy that William Lyon McKenzie was hiding in Lindsay. A detachment of militia 300 strong, stationed in Peterboro, marched upon Lindsay and when they arrived at the bridge, made their presence known by wild cheering, the blowing of trumpets, the roll of drums and a salvo of musket-fire. The rumour was false.

The second "invasion" was in 1838. The Purdy dam had backed up the waters of the Scugog over 60,000 acres of land along the lake and river. The forest was drowned out and all vegetation rotted and a plague of fever and ague carried off one third of the population. On one Sunday eleven deaths were announced in Ops; on another Sunday seven deaths of families died.

Armed with muskets, axes and pitchforks, a large band of farmers from Ops, Manvers and Cartwright marched upon the village and destroyed part

of the upper works of the dam. Hazard Purdy repaired the dam and built it at a lower level.

The third "army of invasion" threatened Lindsay on July 12, 1865. The date may be a clue to its cause. A certain Billy Parker, a noted Orangeman, had been rudely manhandled in the village. To avenge this insult and injury, several hundred of the Battle of the Boyne celebrants marched upon the hamlet. However the village had been warned of the impending attack and prepared to defend themselves. All who had muskets loaded them with powder and ball. Thomas Keenan prepared make-shift swords out of scythe blades, and pitchforks were to be used as bayonets. As in the defence of Rome against the Tuscans, the old bridge across the Scugog

was chopped down into the river. Sharpshooters took their places along the river bank.

At the last minute a ploy was made to the attackers. A party led by Alexander Bryson was sent into "no man's land" to confer with the foe. Wise counsel prevailed and no violence occurred.

The fourth and last "invasion" had to do again with Purdy's dam whose ownership had been transferred to Mr. Bigelow. The latter, with permission of the government had placed a line of planks one foot high along the length of the dam to maintain in the dry summer, a spring time flood level. Again the farm's armet with axe and muskets, marched to the dam and removed the planking. This occurred in 1847.

Blackmore-Cripps Wedding

Burnt River (PNS) — A very pretty wedding was solemnized on Saturday, June 11th at St. Luke's Anglican Church, when Sandra Ann Cripps and John M. son of Mr. and Mrs. Herbert Blackmore were united in marriage by the Rev. J. E. Mason.

Given in marriage by the groom's uncle, Mr. Percy Blackmore of Pembroke, the bride looked beautiful wearing lace over taffeta. The fitted bodice was fashioned with scalloped neck and 3/4 inch sleeves. The bell shaped skirt was three tiered, edged with satin roses. A seed pearl and crystal head dress held a bouffant tulle veil. The bride carried a formal cascade of white and red rose buds.

The bride's matron of honor was a cousin of the groom, Mrs. Janet Clarry and the bridesmaids were Misses Sandra Andrews and Jean Schaffer, all of Toronto wearing identical ankle length gowns of blue and white shantung with lace bodice and short sleeves. With blue matching head pieces, carrying pink and white carnations.

The flower girl, Susan, six of the groom, carried a pink and white bouquet, wearing a blue tulle shantung dress with a full skirt, and headpiece of blue and white flowers, and blue accessories.

Mr. Ted Carry of Toronto was the groom's best man. The ushers were Messrs Gene and Gordon Cameron.

cousins of the groom.

The reception was held on the lawn of Mr. and Mrs. H. D. Cameron, where a buffet dinner was served to about 70 guests with the groom's parents receiving. His mother wearing a silver grey printed silk dress, with three quarter bell sleeves, with pink and black accessories, and corsage of deep pink carnations.

For a trip to Niagara Falls and other points the bride travelled in a ensemble of pink acetate and nylon lace, and a corsage of pink carnations with a red rose bud in centre.

On their return they will reside at Burnt River, Gustaf were present from Pembroke, Toronto, Lindsay, Peterborough, Milton, Kilmont, and Bobcaygeon.

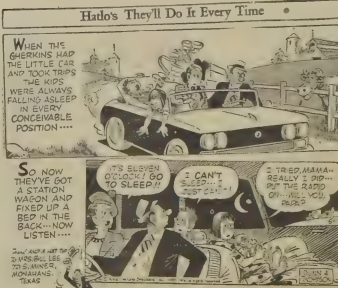

National Medicare

Russell C. Honey, M.P., Durham, told the House of Commons Tuesday afternoon that does not subscribe to the agreement that the introduction of a national medical programme must await a state of Utopia in medical personnel and facilities.

Mr. Honey was speaking in support of legislation to establish a Health Resources Fund of \$300,000,000 to train medical personnel and improve existing facilities. He urged the passage of the legislation as the groom's best man.

Council Quitties

Police committee chairman Dr. R. K. Hollows Monday night requested the Town Property committee to make a survey of the inadequacy of facilities of the Police Department and bring in a report in September.

Councillor David Logan, in responding to the motion, said a great deal of discussion had recently centered on the inadequacy of both the Police and Fire Departments. He said a study of the needs over the next five years should be made to be of guidance to the finance committee in preparing their long range forecast.

The Board of Works reported as presented by the chairman David Logan indicated that the existing cement platform on the east side of the New Royal Hotel will be supported by a cement curbing, before laying the new sidewalk in the area.

Stewart Peel and Lawson Blakely of the Academy Theatre reported to a meeting of the Advisory Committee of the Board of Works that work in front of the Academy Theatre was progressing satisfactorily and according to pre-viously discussed plans.

The Board of Works Advisory Committee learned that no statutory authority exists to prohibit the placing of advertising materials on vehicles, but it was suggested that persons wishing to advertise by this means should perhaps be licensed to do so.

Dr. Reg. Hollows expressed alarm lest man's freedom of free speech and distribution of literature be endangered. Councillor Brown said no control regarding the distribution of pamphlets will be exercised. He said the idea of licensing was to authorize certain persons who would see that the material is put in the proper place.

Councillor Robert Beaton said that he was not alarmed by curtailing a person's freedom of expression. He said it is an attempt to attain orderly distribution. A recommendation from the Advisory Committee was made that the existing bylaw prohibiting the littering of town streets be enforced, and the committee also recommended a bylaw be passed licensing persons distributing advertising materials.

Two steps were recommended to Council Monday night in a clean-up programme. The

Mr. and Mrs. Bert Spence and son Mr. and Mrs. Earl Spence and family attended the 35th wedding anniversary celebration honouring Mr. and Mrs. Elmer Moynes at Zion-Fundon held at their home last week.

Friends and neighbours enjoyed a surprise party Monday night in honour of Mr. and Mrs. William Thorburn's 45th wedding anniversary. Progressive supper and dancing completed the happy occasion.

refuse containers on the main street are recommended for a fresh yellow paint job with large black lettering "Throw Litter Here". In addition the Town Engineer was authorized to hire a workman to sweep the Kent Street side walks between Cambridge and Lindsay Streets and the William Street sidewalks between Peel and Russell Streets each Saturday night for the month of July and August.

Laneways that form access to parking lots between Peel and Kent Streets and between Cambridge and William Streets were discussed by the Board of Works Advisory Committee. The committee recommended that Town Council authorize the grading and graveling the Elmure Lane, the laneway running east and west behind the commercial establishments on the north side of Kent Street between the Olympia Restaurant and the rear of the Lindsay Daily Post, and the laneway from Peel Street to the parking area owned by Miss Florence Jamieson. Council members were told this action was recommended for the present rather than going to the expense of searching titles of each parcel of property.

Town Engineer Eric Booth was authorized to purchase a lane striping machine for approximately \$900.

Mr. and Mrs. Gordon Brown, Douglas and Diane of Oshawa were Sunday visitors at the home of Mr. Brown's sister and husband, Mr. and Mrs. Granlin McKay.

Pupils attending Itlay school accompanied by their teacher Mrs. Sprague also a number of parents travelled by chartered bus and visited Midhurst, the Martyr's Shrine, Harris and points of interest in Midland while pupils with their teacher of the Long Point School the same day enjoyed a bus trip to Toronto.

Mr. and Mrs. Jack Hartle and as visitors at their home friends, Mr. and Mrs. Leslie Delong and sister, Mrs. Bruce Rodgers of Cameron and later in the week they themselves were visitors at the home of Mr. and Mrs. Eddie Nesbitt in Lindsay and also attended the Orange Lodge Services held at Zion (Fenelon) on Sunday.

Congratulations are extended to Mr. and Mrs. Charlie McInnis who during the week celebrated their 25th wedding anniversary and were recipients of gifts on two occasions from their friends and relatives to mark the occasion.

The many friends of Donald McMillan were glad to hear he was able to return from the Rose Memorial Hospital where he was a patient (for observation and treatment) and hope he may continue to return to health.

WEDNESDAY, JUNE 22ND, 1966

WARP and WOOF by SCOTTY

JUNE turned out a new leaf or two on the weekend, with nearly perfect weather. Palooza were well-attended. Barbecuing chefs were out in full force, and the tantalizing aroma of burning hamburgers and scorched steak burgers waited over the back yards.

Centennial festival plans in Quebec City a home call. The church opens its door to scores of Protestant laymen. Out West, adherents of the Menominee faith spent a day touring a mosque and meeting Muslims in Edmonton.

A continuous series of such social and educational exchanges between Canada's many faith groups will light the fire of ecumenism across the country during the 1967 Centennial.

Look Out Below!

Right now there are about 500 objects circling the earth: dead satellites, burned-out carrier rockets and the remnants of exploded rockets.

Getting married?

Better look into your horoscope first. In India, where a future husband and wife often do not see each other before marriage, a suitable horoscope—put together with riches and social standing—may be a decisive factor in arranging a marriage. It will also almost certainly determine the exact date and time of their wedding.

With this thought in mind,

the first act of orthodox Hindu parents on the birth of their child is to summon the family astrologer to prepare a horoscope. (The War Cry).

High Residue.

I'll hold my candle high, and then perhaps I'll see the hearts of men above the sordidness of life.

Beyond misunderstandings,

strife.

Though many deeds that others do seem foolish, rash and sinful too.

Just who am I to criticize?

What I perceive with my dull eyes?

I'll hold my candle high, and then,

Perhaps I'll see the hearts of men.

SINGLE UNIT CONSTRUCTION NOW FROM AMERICAN MOTORS!

When Rolls-Royce announced that it would build its new Silver Shadow model with *monocoque construction* we blushed—with pride. We've used the same technique for years—except that we call it *Single Unit Construction*. The body and frame on all our cars are welded together into one, single, solid unit for tremendous strength and safety. It's only one of the advanced engineering features you get from American Motors today—features others won't offer you for years to come.

Engineering leadership is the extra value you get from American Motors. Years-ahead features. Built-in quality from drawing board to finished car. For example:

Double Safety Brakes. Not just one braking system, but two. If one set ever fails, the other stops you safely. (Double Safety Brakes have been an exclusive feature, at no extra cost, on all our models since 1962. Some other manufacturers have now announced that they will adopt this feature—but not until their 1967 models.)

Ceramic-Armoured Exhaust System. Not just sheet metal alone, but a ceramic-armoured coating closely like the nose cone of a space rocket. Resists heat, corrosion, wear—season after season.

World's best rustproofing. All our cars get a "bath." They're dipped under to their rooflines in rustproofing compound *as they leave the factory*. Then they're dipped again in primer and given a separate *severe* coat of primer. Then come time glazing coats of Lutrol-Gard super enamel. You get a beautiful finish and long-lasting protection from the ravages of rust.

Most powerful steering systems in their classes. Swift, smooth, teen-main-bearing steers. Powerful, vibrate-free. Take your choice.

Widest range of seating options in the industry. Luxurious redlining

seats (bucket, if you want), armrests and adjustable headrests. And fine-tune coil springs in all our seats in all our models. (Only one other North American car offers this—and it's in the luxury class.)

Fiberglass roofliners and double door seals. A far cry from flimsy fabric roofliners and single door seals. No air gets out. Drafts, winds, chills can't get in.

Attention to detail. American Motors offers the durability of plastic kick panels, all-metal floor-plates, yes—even ashtrays that roll out on to the floor! Small details, yes—but they add up to a great quality.

Beautiful vinyl fittings. A big, big selection! All the power equipment and features you want. And floor consoles. Truck-out pile carpeting. Wire wheel discs. Walnut interior paneling. Handsome Check fabric. Rambler, Rambler and Rambler Rebel.

New car quality. We believe that quality is what you build in—not what you own. On we can do quality, into all our cars and trucks. We always have. We always will.

Use our quality. The exclusive quality and features that we build into our full line of cars mean that an American Motors used car is a better value and a better buy.

SEE AMBASSADOR, RAMBLER CLASSIC and RAMBLER AMERICAN FROM AMERICAN MOTORS (CANADA) LTD.

Father's Day passed with the usual fanfare. Father declaring he didn't want a thing, and you were about tempted to take him at his word, but knowing how devious men creatures can be, did, as usual, get him something, thus saving your bacon and his pride.

Two residents of Kawartha Drive are now laying claim to having the biggest pot in town.

The neighbour kids were all taken swimming Saturday afternoon. On their return the five-year-old declared: "I've swam and I can dog-paddle." The five-year-old thought, "I can horse paddle," and the one after a lot of thinking said: "Well, I can can paddle."

Did you see the ad in The Post that said "My husband's \$100 fishing rod for sale, cheap. If he answers, hang up."

The bathtub was invented in 1830, and the telephone in 1875. If you lived in 1830 you could have sat in the bathtub for 25 years without too darn phone ringing once.

Some rosebushes in town are in bloom, some are in bud and some are like our full-of-caterpillars. Not only the rose bushes but other flowers, trees, shrubs, and even lawn ornaments are crawling up the stems of the birthdays—and it's plain to see. A Petrolia Control Unit has been set up and the caterpillars are having a rager time to survive in our country. Sorry we couldn't take part in the big Rose Show last weekend, one of them got on about a month, we might have a rose by then.

Hear about the two Cub Scouts, whose younger brother had fallen into the lake. They scolded home to mother with tears in their eyes. "We're trying to give him artificial respiration," one of them sobbed, but he keeps getting up and walking away."

An expensive new gym was recently completed and newly launched with a dance for teenagers, complete with rock and roll band and blues singers.

A young man who had attended the dance was asked the next day, "How were the acoustics?" "They couldn't come," replied the lad.

"Miss Whidmiers 11", with owner Norman Buckler at the controls, speeds over Lake Whidmiers in north-west England. The hydroplane broke the world's three-hour water speed record recently, with an average of 75.9 miles (122.1 kilometres) per hour. The Jaguar engine powered speedboat covered 227 miles (365 kilometres) in 150 minutes. The previous record held by an Italian craft, was 55 miles (88.5 kilometres) per hour. Norman Buckley (29) is a holder in Whidmiers. Among those watching his latest record success was the world's fastest man on water, Donald Campbell, whose famous "Bluebird" holds the speed record at 276.39 miles (444.7 kilometres) per hour. —HIS photo.

Kawartha Valley W.I. meeting

Dr. R. Parker of Lindsay was guest speaker at the regular meeting of Kawartha Valley W.I. held in the home of Mrs. Bert Robertson, on June 15, with 15 members and 13 visitors present. President Mrs. Robert Johnston was in the chair.

The minutes of the last meeting were read and approved, and the treasurer's report and cheer report given. Business was dealt with and

the programme committee, Mrs. Delmar Robertson and Mrs. Leslie Knox continued with the programme. Mrs. Joe Thompson spoke on the work of the Girls' Kawartha 4-H Club, and also on the Achievement Day, held in Lindsay. Mrs. Martin Johnston also spoke on this club's activities and Miss Joan Simson gave the paper she had prepared and read at Achievement Day, the museum, reminding people of the way our forefathers

worked and their handicraft, and what hardships they endured.

They were a happy people and passed on down to another generation, fine qualities of character and fortitude, which should stimulate younger ones to appreciate just what it took to clear and establish the beautiful area of Victoria County, he said.

Mrs. Laverne Mitch moved a vote of thanks to the hostess and all who contributed to the meeting.

Two little girls Julia Scott and Sally Thurston played two lively solos on the piano.

Mrs. D. Robertson introduced Dr. Parker who gave a talk on "Pioneer Work, through the early years of the township. He also spoke on the Victoria County Museum at Lindsay, and of many articles which have been collected for the museum, reminding people of the way our forefathers

Modern Metropolis Aglow with Vitality

Montreal, site of the 1967 world's fair, is itself a good example of the exhibition's theme — "Man and His World". Modern and progressive, this is a city that works hard and plays successfully, is ever eager to lead the way with the new and cherish the old, surge forward with technology and relax with the culture of civilized mankind. In a city haunted by networks of ultra-modern expressways and cluttered with a parking-new rubber-wheeled subway system, where close pedestrian walkways, skyscrapers and electronic telephones are coming into operation, the world of culture drives. The spacious Place des Arts where audiences throng to see the ballet and hear the symphony, the flourishing colonies of artists, museums, universities and spacious parklands reflect from every side the proven adage that man lives not by material things alone. Between big, industrial plants concerned with space exploration and revolutionary ideas in the world of science are numerous peaceful backwaters of antique showrooms, bookshops and art galleries. From where the

changer of massive engineering and ship-building works produces ponderous producers for big industry, a 70-mile-an-hour automobile brings the traveller within a few hours of dense, forested wilderness where harking moose and wary black bear roam in remote, natural splendor beside crystal-clear rivers and lakes. For Montrealers there are several of the many worlds of man to choose from and enjoy—and share with visitors from overseas during Canada's coming centennial year.

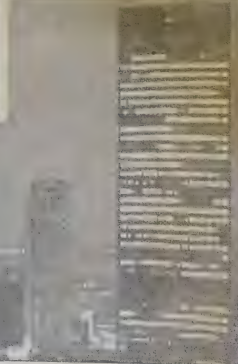

Ardie Godfrey Stevens at work in his Montreal studio, above, is one of the thousands of creative people who gather in the city's conducive atmosphere to work and live.

French flavor in Montreal is found city-wide, down side streets, in restaurants, night life and in its vital world of art.

50th Wedding Anniversary

It was a happy occasion on Sunday June 5th, when hundreds of friends, neighbours and relatives came to extend their congratulations and best wishes to Mr. and Mrs. J. Stewart MacFarlane on the occasion of the 50th anniversary of their marriage.

Mr. MacFarlane was a son of the late Mr. and Mrs. MacFarlane and the former Eva Marie Dure, daughter of the late Mr. and Mrs. Nicholas Dure.

They were married at St. Andrew's Presbyterian Church, Sarnia, by the Rev. Capt. Thomas D. Dodds, minister of St. Andrew's Presbyterian Church, Sarnia. They have one son, Reid F. Dure. Mr. MacFarlane worked overseas in the Air Force in World War II while stationed in London, England, he married Elsie Leopold. They have one daughter, Lucene E. MacFarlane.

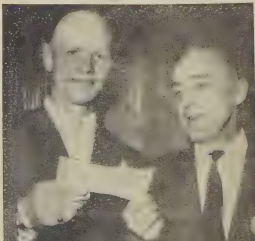

Mr. and Mrs. MacFarlane have taken an active interest in the home, church and community. Mr. MacFarlane has served for many years on the Central Ontario Area School Board, was a member of Reach Council and County Council. He is clerk of section of St. Andrew's Presbyterian Church, Sarnia and is active in politics.

Mrs. MacFarlane takes an active interest in her home and family. The church, Women's Missionary Society where she has been a member of the executive of Lindsay Presbyterian for over thirty years. A life member of Seagang Chapter, Post Perry Imperial Order Daughters of The Empire, and was twice Regent of the order.

Beautiful baskets of roses, mums, carnations and other flowers all gifts from friends helped bring the living and dining room, where Mr. and Mrs. MacFarlane received their guests. Mrs. Lorne Dure, sister of Mrs. MacFarlane and Mrs. Reid MacFarlane welcomed the guests. Mrs. E. E. MacFarlane looked after the Guest Book.

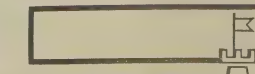

Congratulatory messages were received from the excellencies of their Government, George Vanier and Jean Vanier, Prime Minister Lester Pearson, Hon. Michael J. St. Pierre, Hon. M. B. Dymond and Mrs. Dymond, Hon. John and Mrs. Diefenbaker, a citation from H. J. Roberts, Devotions.

Mr. and Mrs. Robert Graham who are at their summer home at Bridgework were Sunday visitors at the home of Mrs. Grant Christie. Mrs. D. Ferguson. Mr. and Mrs. Hughie Endicott, Post Perry, Mrs. Norris and Sharon of Peterboro Brandon, Toronto. Mrs. John were weekend guests of Mr. Summerfield and Mrs. Scott and Mrs. George McDonald Brandon, Cammington. Other visitors at the same time were Mr. and Mrs. Delbert Thornbury of Perth who were Mr. Norman Kennedy, Mrs. Nancy Dure, Uxbridge. Miss Nancy Dure, Uxbridge. Mr. M. B. Dymond, Uxbridge.

Lindsay actor, local artist and Cameron apprentice take part in KLTA summer theatre

The second season of the Kawartha Summer Theatre will open on Monday, June 27th at the Klta Theatre in Lindsay. The theatre is unique in that it is sponsored by the Kawartha Lakes Region and is the only tourist association which involves itself in the presentation of the theatre. The "White Sheep of the Family" is the first production. Produced for the season is Dennis Sweeting, Toronto actor, critic.

Opening play is George Bernard Shaw's classical comedy "Arms and the Man". The play is by the leading role of Captain Bluntschli. Dawn Greenhalgh, one of Canada's leading actresses plays opposite him as Mrs. Ted Follows.

Also in the cast will be followed by "White Sheep of the Family", then the tense "The Witch Will Return". This is to be followed by a translation of a play by Mike Walker, "The Egyptian". The play is "The Witch Will Return", and is the story of the re-education of a young man, an archaeologist in northern Turkey. The play will be followed by "The Egyptian". Provincial assessor praises work of County assessor E. F. Hall

Provincial Assessor with the Department of Municipal Affairs, G. J. Walsh Friday praised the work of the County Assessor E. F. Hall when he told members of the Victoria-Haliburton County Council that his department used the same methods used by his department.

Mr. Walsh said he and Mr. Hall did not agree on everything but Mr. Hall was very competent and was doing a very good job.

Mr. Walsh was called in by the County Council to explain why assessment ratios varied between county and provincial assessments. The County Council was concerned with the figures used by the Department of Education for the Victoria-Haliburton County Council.

Mr. Walsh said he could not say what figures department did with figures compared by his department. Mr. Walsh said when stories of the controversy over High School assessment ratios, his first reaction was, "Thank goodness, Dick Hall had a proper job."

Mr. Walsh said that there was certainly an equalized assessment made in Victoria.

Mr. Walsh gave the history of the change from the spot check method of assessment for the Victoria-Haliburton County Council to the present sales value method.

Mr. Walsh said the reason for a difference between his assessment and that of the County Council was because Mr. Hall took all properties to a common level.

Mr. Walsh said that the purpose of equalized assessment, whereas the Municipal Affairs Department did not. He said his department did not equalize assessment.

One of the leading articles in the new publication in D. G. Creighton, a historian of the Victoria-Haliburton County Council.

COUNCIL MEMBERS REFER GOOSE LAKE PROJECT BACK TO ARDA FOR STUDY

"Raising the level of Goose Lake into Goose Lake. The project area 464 acres now under water would be increased to 1811 acres at a depth of five feet rise which would involve several areas of low lying agricultural land. The total cost of the project would be \$184,000 plus the cost of purchasing additional land, the latter stated, which would average at \$35 per acre-foot of water. The cost of clearing trees would also be additional council members were told.

Mariposa Township reeve John Starr said much more investigation must still be done before that a five or ten ft. elevation of the Goose Lake area and also noted that Mariposa Council had been unable to discuss the project as the necessary information had not been supplied.

He said he thought other sources of money for the projects are still to be explored.

KILLING YOURSELF

By Peter J. Steinrohn, M.D., F.A.C.P.
 Author of "How to Avoid Years to Your Life"

FAITH HASN'T LET ME DOWN

Dear Dr. Steinrohn: I talk with God. Now, please don't get me wrong. I'm not one of those fanatics who see visions. I'm not suffering from paranoid delusions, either. My doctor will tell you that I'm perfectly sane.

But I have a reason for writing you. I feel that your column is widely read, and perhaps my two-cent worth may help many other sick people.

Those who have been struck down by illness repeatedly are usually the ones who ask "Why does this have to happen to me? It can't be there is God. If there is, he is certainly overlooking me. He's too busy watching over sparrows and the like."

So I hold myself up as an example. I have had major surgery so often I've lost count. But I do remember these operations: gall bladder removed; hysterectomy and oophorectomy (which was the same breathy two pneumonias; one streptococcal infection; and probably a few other things I have forgotten. Having had all these things, why should I talk to God? Just in thankfulness for being alive after all these threats to my life. When I talk to God I

don't ever call him. I take care of myself. I just ask him. I say "Will you please take care of me" and so far he has not let me down. I think it's good for a patient to offer up this kind of prayer. Don't you, Dr. Steinrohn?

Comment: I do. I always feel better when the pillow has a Bible under it.

FALLING HAIR AND THYROID

Dear Dr. Steinrohn: Please is there anything that can stop my son's falling hair? Six years ago at the age of 17 he had some bald I sent him to a skin specialist who treated him with X rays. After seven or eight treatments his hair started falling out at an alarming rate. Since improved but the falling hair persists. He used to have a fine head of hair, but now it has receded way back.

Shortly after his hair started falling out he was with out pep or energy. Metabolism test and a PBI showed an underactive thyroid. He now takes three grains of thyroid extract a day. Now please tell me, could X-ray treatments have injured his thyroid? So will they cause cancer of the thyroid? Worried—Mrs. G.

Comment: I presume a recognized dermatologist would know to use X rays. Therefore, I doubt that there is any connection between these treatments and the falling hair.

Half of solicitor's fee for county employee to be paid by council

A motion by Woodville reeve of the fee of the solicitor who Jack Campbell was not seconded and the subject was lost on the 11th meeting. Warden George Pinney, at the Thursday meeting of the Victoria County Council, after charges of brutality at the Victoria County Home for the Aged, and the following report, reeve Campbell questioned if the refusal of the County to pay solicitor's fees of a county employee, and the terms for visitation by a brother of one of the County Home residents was satisfactory.

Reeve Campbell said the resident's brother was not on trial, and moved that James Gordon be allowed to visit his brother provided he goes to the proper room and behaves himself. This motion was not seconded and Warden Pinney decided the question.

Reeve Campbell then moved that Victoria County pay half the solicitor's fee.

As for the hypothetism, I doubt that the X ray is the cause of that. I don't know how long your son has been with the thyroid extract, but you may find that his energy will pick up and he will have less hair loss when the medicine begins to take effect. For me that falling hair is one of the common symptoms of an underactive thyroid. Better forget about the past X-ray treatment and concentrate on properly managing his thyroxine. I think you can forget about cancer of the thyroid. Just keep checking on the thyroid periodically and your doctor will have everything under control.

**REPORT OF THE SELECT COMMITTEE
QUEEN'S PARK, ON MINING PUBLISHED**

A report of the Select Com-
mittee of the Ontario Legisla-
ture on Mining has recently
been published. R. Glen Hodgson
member of the Ontario Legisla-
ture and a member of the
13 man committee.

On May 8th, 1964, the Leg-
islative Assembly of the Pro-
vince of Ontario appointed a
Select Committee on Mining.
Rene Roblin was appointed
chairman, and on June 8th,
1964, George Mason was named
secretary.

The committee was re-ap-
pointed June 22, 1965 with
Hollis Beckett and Lloyd Lay-
berry replacing R. Alan Eggle-
ton and Lorne C. Henderson.
In August, 1965, George R.
Langford, Ph.D., P. Eng., Colin
A. Campbell, P. Eng., and
John Beattie, P. Eng., were
retained as consultants.

Under the powers granted
to it with the respect to the
convening of sessions, the re-
ceiving of briefs and presenta-
tions, and the examining of
witnesses, and within the
broad framework of its terms
of reference, the committee
immediately commenced work.

During the month of July,
1964, the committee heard
mining municipalities of
northeastern Ontario from
Timmins to the Sudbury basin
for the purpose of gaining
first hand knowledge of the
nature of mining operations
above the surface and un-
derground, the setting of the
industry, and the problem
and needs of the mining com-
munity as a whole.

Twenty-two public hearings
were held between October 14,
1964 and January 6th, 1965
in southern and northern On-
tario, at which time numerous
submissions, documents and
statements were received.

In October, 1965, the com-
mittee visited the Department
of Lands and Mines of New
Brunswick in Fredericton,
and the Department of Mines
of Nova Scotia in Halifax,
and gained much useful infor-
mation.

Studies and other back-
ground material including the
transcript of the Committee's
hearings and discussion will be
placed in file in the Legisla-
tive Assembly Library and the
Library of the Department of
Mines for reference.

A and W Twins finished their first half of the schedule in the Peterborough City and Lindsay with a 4-1 win over Peterborough last night for a 5 win 6 loss record and third place in the standings. When Carl tossed the win backed by long hitting in change, Bill Hennessey homered over the left centre-field fence, and Jerry Dillew crossed a triple in caravans with the Twins play Norm Bowles Tuesday night then await the week-end tournament in the Ashburham Bowl.

Little Brian Piratini will be trying another tournament entry on or size Saturday night when they meet Peterborough juniors in a scheduled Lakeshore Junior game at the Marjorie park. Next Friday at 1:30 p.m. the eleven game twelve team tournament gets under way with four games, followed by six games Saturday and the final Sunday July first.

Sonya Heaven visit Woodville tonight in Victoria Independent league action. Sunderland visits Valencia and Port Perry goes to Manilla Saturday evening, and Valencia journeys to Stouffville and Sunderland will be at Sonya Sunday afternoon.

Lindsay Orfuns are scheduled to visit Cunningham Monday evening, Oakwood goes to Cambridge, Beaverton OYS and Stouffville visit Woodville. The Oryas came up with some man-sized hitting at the George Street park Wednesday evening and reports indicate the large turnout of fans lined up for the game.

The remaining three poles have been installed on the south side of the proposed soccer field, and the aiming diagram is expected shortly for minor adjustments of the scoreboard lights. From the next pre-view Wednesday night the system looked quite adequate.

Must be close to thirty years since the House of David baseball team performed in this area with their own portable floodlight system and their. He served Saturday, July 9th, for another look when the men with white shirts and blue trousers in stadium to play the Pirates. The visitors are former professional players who put on a side-splitting show along with exciting baseball.

Presentations made to teachers at trustees and teachers dinner

Lindsay Public School board members, their husbands and wives, entertained the teachers, their husbands and wives at a dinner at the Bonfire Restaurant on Wednesday evening.

The dinner was organized by Trustee Mrs. Alison McCarthy.

School board chairman George Irig extended a welcome to the group and made special mention of the services of Miss Edna Montgomery who retired from the public school teaching system in December 1965 after 18 years service with Lindsay school board and a total of 40 years teaching.

Mrs. Irig called on present Mrs. Barbara Trux to trustee Miss Montgomery with a vast of roses.

Mrs. Irig extended a welcome to Mrs. Mary Endicott who was present at the dinner. She was a former school trustee from 1958-65 and was the guest of her sister, Mrs. Jane, who was a former school trustee who has recently joined Lindsay public school system.

Congratulations were extended to Roy Neville, principal of the Central School on attaining a B.A. with honours from Western University.

Mrs. John Eakin and his wife were present and the mayor greeted the teachers on behalf of town council.

G.A. Docker, principal Victoria Public School made a presentation to Miss Edna Montgomery on behalf of the Lindsay Public School Teachers' Association. Roy Neville, principal of Central School made a presentation to J.A. Docker who is leaving the Lindsay system to become superintendent at Carleton Place.

Several other presentations were made to persons leaving Lindsay system who have served for a short period of time.

Grant McArthur, president of the Lindsay Public School Teachers' Association expressed the thanks of the teachers for the outing. Entertainment was supplied by teachers and board members.

Life
Little self-denials, little hostilities, little passing words of sympathy, little nameless acts of kindness, little silent virtues over temptations—these are the silent threads of gold which, when woven together, gleam out brightly in the pattern of life.—Parar.

Daughters of late Lindsay doctor tell "teenager volunteers" at RMH

The two daughters of the late Dr. H. G. Metcalfe have offered their services to the Ross Memorial Hospital as "teenage volunteers" at RMH.

In pediatric, he said, they would feed other children who require assistance, help settle the children for their rest period, read stories and play games with the children.

Ability impaired woman fined \$50

A R.R. 4, Lindsay woman, Anita Ada Endicott was fined \$50 and costs in Lindsay magistrate's court yesterday for driving while her ability was impaired.

Lindsay OPP Constable Robert McGregor said the pickup truck driven by Mrs. Endicott crossed the white line in front of his cruiser on Highway 35B at midnight on June 15 and he had to apply his brakes.

Constable McGregor said Mrs. Endicott was the vehicle which wandered on the road. He said he stopped the truck and told about the blurred signs of having been drinking.

Constable McGregor said Mrs. Endicott was driving a pickup truck and she found the steering difficult.

ENLARGED FORCE
A six man Provincial Police detachment will soon be in operation at Cobcock, Lindsay detachment, Constable Grant Saunders reported today. Constable Saunders told "The Post" the Pension Falls detachment will be moved to Cobcock and the enlarged force will be under Corporal Hector Gould.

No accidents
The Lindsay detachment of the Ontario Provincial Police report no motor vehicle accidents took place during the past twenty-four hours but an ice and a busy weekend. They expect the fine weather and school closing will bring an increase in accidents and their suggestion is for drivers to show the same caution and courtesy to each driver that motorists in general show for a Provincial Police officer.

Seven occurrences were checked out Thursday but no major problems were encountered. Constable Grant Saunders.

**POLICE PLAN EXTENDED
OVER LONG HOLIDAY WEEKEND**
The Ontario Provincial Police
this weekend anticipate
the greatest increase in traffic
along the highway in the history
of the province and with the
increase comes the possibility
of an increase in accidents
and loss of life, Lindsay OPP
Sergeant Gordon Stout
said.
Sergeant Stout said maximum
patrol officers will be
maintained in the Lindsay
area by every available officer
on patrol duty. Sergeant
Stout urged motorists to drive
with extra care and caution to
keep the number killed and in-
jured to a minimum.
Assistant Commissioner J.
McNedra, traffic division
of the OPP in Toronto said
today that all available
force personnel would be
on for the combined Dominion
Day and United States In-
dependence Day celebrations.
McNedra said for the
same holiday period last year
there were 869 accidents with
injured and 8 killed on the
highways in Ontario. He urged
the motoring public to drive

**POLICE SEARCH
BY AIR FOR
MISSING YOUTH**
Police have stepped up the
search for a missing 18-year-
old Lindsay youth, David
Bishop of 82, Patrick Street,
who escaped custody over a
week ago while awaiting sen-
tencing on charges of break-
entry and theft.
Bishop, who remained in
custody after he and another
youth, Donald Hutchinson, 19,
were charged with the break-
entry of the charges by Judge
H. E. Richardson. A few days
ago, Bishop was taken to the
Memorial Hospital after he
complained of being ill and
during the night he escaped.
Police Constable Ronald Graham
made an air search of areas
where police suspected the
youth might be, while other

**STUDENTS RECEIVE AWARDS AT
CENTRAL SCHOOL GRADUATION**
Graduating students of Central
School were told last night
that students they would have
known during their school years
were leaving as young adults.
Addressing the graduates before
the presentation of individual
awards, the valedictorian,
Brenda McLaren told the stu-
dents, "This building has
changed in our minds from
something unfamiliar and un-
friendly to a sort of home
where we have met many new
friends. It is this school, and
not the one which lies ahead
that has started us on the way
to being responsible, active
citizens."
She said it was at Central
School the students had pro-
gressed more mentally in two
years than they probably
would during any other period
in their lifetime.
"We look forward with
great anticipation to our years
in secondary school and are
confident that we will carry
on the work we did here with
the same effort and will do our
very best," said Miss McLaren.

Canada's Future In Graduates Hands

The success or failure of thousands of companies twenty years hence will depend upon whether we, today's young people, have learned to understand the technical and social effects of change, and respond to them courageously, said the valedictorian Teresa Becke at the 1966 graduation at St. Mary's School Tuesday evening.

"Whether a person is fit to make up what he is doing now to fit himself into the future, the student of the club," she stated.

Teresa Becke told her listeners that students today have three factors to face which the older generations did not have, the increased amount of knowledge in the world; the advanced stage of education given to every pupil, and the pressure of ever-improving techniques.

"Today's young people must develop a capability to invest in new tools. This means you will spend more time on school and spending that time in a which has deepened our faith, our knowledge, and our sense of responsibility," she said.

She said that the difficulties of the task were not from them, but from the world they are moving into. They are not to be afraid of change, but to embrace it. They are not to be afraid of the future, but to embrace it. They are not to be afraid of the world, but to embrace it.

The Board of Works

One of the most difficult and most criticized departments in the council to chair is the Board of Works. Works carried out by the board must of necessity be inconvenient to many citizens and the Board of Works chairman bears the brunt of criticism the whole year round.

He is criticized when a street isn't filled and dust flies everywhere, he is criticized when streets are filled and children track in the tar. He is criticized when roads are bumpy and when they are torn up to be fixed. He is criticized when streets are widened to facilitate the flow of traffic and when trees have to be removed.

In the winter he receives dozens of irate phone calls when streets and sidewalks are not plowed quickly enough after a snow storm.

Although this newspaper has leveled criticism (constructive we hope) on

chairman of the Board of Works (past and present), we wish also to make public our awareness of the many problems the chairman faces and state our sincere belief that the present chairman is doing an excellent job.

Councillor David Logan has been on Lindsay town council for a number of years and his performance has been commendable especially in the difficult Board of Works position.

Mr. Logan brings to council cogent argument backed with substantial facts. He is interested in producing for Lindsay road works that will last, and refuses to cut costs just to make apparent savings. He is, however, most conscious of the need to obtain the maximum, long-term benefit for the taxpayers dollar.

It is a difficult job, and an easily criticized one. Councillor Logan is doing a fine job for Lindsay.

U.S. Supreme Court Making the law

The United States Supreme Court judgment putting sweeping limitations on the power of police to question suspects taken into custody has caused a great deal of heart-searching in Canada. Do our police practices give the suspect the protection he is entitled to against self-incrimination? The consensus is that they do and that it can easily be left to the courts to decide in the specific case whether the police have gone too far in interrogation.

There is another aspect to the judgment that must cause some heart-searching in the United States. This is the power the Supreme Court assumes not only to interpret the law but to make it. True, the court majority in this case to four decision entered in its own caveat when it encouraged "Congress and the states to continue their laudable search for increasingly effective ways of protecting the rights of the individual while promoting effective enforcement of our criminal laws." But the majority then goes on to say: "The following safeguards must be observed", it then proceeds to lay down the law, when it is really entitled to do so. It says "These are the rules this court will follow in dealing with the particular case."

A one-two traffic punch on weekend

Ontario's traffic authorities are bracing for a one-two traffic punch this weekend.

Beginning Thursday, thousands of Ontario motorists—adding another 700 to the 17,000 already expected to be out on the roads of the Province. And they will be followed in close succession by a host of U.S. visitors whose July 4 holiday falls this year on Monday.

This unusual Friday-Monday combination is expected to tax roads and highways to capacity particularly in "Border areas and the cities." The "Individual driver will be called upon to show exceptional caution and courtesy," said Hon. Irvin Harkin, Minister of Transport. "With no many visitors on our roads our normal holiday traffic hazards will be compounded." The Minister stressed the responsibility of the individual driver in road accidents. "The statistics have shown that most accidents are caused by the human failure of average individual drivers rather than by defective vehicles," he said.

Figures for 1967, released by the De-

partment have shown that 94.4 per cent of vehicles involved in accidents were apparently in good condition. In 3.1 per cent, the condition was not known and the remainder of vehicles actually found to be defective was 2.5 per cent.

Mr. Harkin suggested the following as ways of improving individual efficiency:

1. Travelling when over-tired is dangerous. "Take frequent rest stops along the way."
2. Keep your car well-ventilated; fresh air keeps you alert.
3. Allow yourself sufficient time to reach your destination and to get home safely.
4. Plan your trip ahead of time. Maps should be consulted before you set out, not when you arrive at a crossroad. Indecision can and does trigger accidents.
5. Treat other drivers with the courtesy you would like them to show you.
6. Maintain a clear field of vision at all times. Be sure that luggage boxes and trailers don't obscure car windows.

Wounded
Pte. J. A. Watson, of 82 Dism. Ave., Toronto, was reported wounded in today's casualty list and has been admitted to the East Suffolk Hospital at Ipswich, England, suffering from wounds of the right thigh.

He is 19 years of age and enlisted a year ago last March with the 23rd Battalion, but was transferred before going to the front. He was born in Victoria County, and before enlisting was employed with his father in Saugev. Two brothers, Lieut. W. H. Watson and Pte. T. M. Watson were with the 10th Battalion.

Teachers' Patriotic Club
The Teachers' Patriotic Club of Lindsay held their final meeting of the year on Monday when the remaining work was handed in.

Turbotrains feature comfort

Turbotrains will incorporate a number of new features in the interior design and passenger comfort and convenience.

Canadian National and United Aircraft designers are working together to create an interior that will have a recognizable "CN look" which will be totally new to the world of travel.

Improved features will include better heating and air conditioning, greater noise suppression, more comfortable seating and an elegant interior environment, unmatched in attractiveness.

There will be sweeping throughout the train, united glass and adjustable blinds for each window, soft indirect lighting and individually controlled reading lights for each traveller.

Parlour car passengers, who will occupy about 25% of the passenger space, will be served meals and beverages at their seats, from galley in each car.

Coach passengers will have buffet-lounges or service centres at several points in the train where they can obtain hot and cold food and refreshments to take back to their seats.

In both coaches and parlour cars there will be fold-away trays at each seat from which meals will be taken. The reclining seats, situated two abreast on each side of the centre aisle, will be designed for comfort and roominess.

Individual reading lamps, controlled separately by each passenger, will be

Temple Band
Arrangements were well in hand for the visit to Lindsay and vicinity of the well-known and highly rated Salvation Army Band, which is attached to the Toronto Temple Corps.

Arriving at approximately 4:30 p.m. Saturday the Band lined up and marched up Kent Street from William to the town hall where it was met and greeted by its Worship, Mayor A. T. Preston. Who extended a civic welcome to the band and accompanying guests.

A welcome supper was served to the band and invited guests at the Salvation Army canteen at 5:30 p.m.

The usual Saturday night Open Air was held on Kent Street at 7:45 p.m. after which the band marched up Kent to the Victoria Park, where it presented a programme for an hour.

located in the overhead luggage racks in coaches and in the ceilings in parlour cars. Both coaches and parlour cars will be equipped with luggage compartments from outside suits.

All cars will be airconditioned, with injection vents in the ceiling and exhaust vents over the baggage racks to remove time will be totally new to the air. The injection vents will also serve to heat the car.

Each car will be slightly pressurized to prevent dust and dirt from entering the cars and also to contribute to the quietness of the ride by isolating travellers from outside noise.

The four dome cars per tandem train, will each offer a sweeping view of the passing countryside. Two of them will serve as refreshment lounges. Each dome will seat twelve passengers.

Boarding from the low level platforms of Toronto's Union Station, passengers will go up three steps into the train while from the higher platforms in Central Station they will descend two steps.

The new equipment will meet all the safety and structural requirements of the association of American Railroads and the Board of Transport Commissioners.

LINDSAY

On the Main Street

late hour, the young merchant, decided to retire to the country once more and so the house of George Durke, north of Lindsay, which is now occupied by Gordon Mackay, being a land owner and a farmer, Harold stocked up with a large flock of sheep and did well.

A few years later the McMillens decided to retire to Lindsay, Apart from the activities reported above, Harold Mullin took his place as a community minded citizen, becoming a member of the Board of Managers of St. Andrews Presbyterian Church, a member of the Lawn Bowling Club, a member of the Independent Order of Oddfellows and a member of the Maonic Lodge. He is the proud possessor of fifty-year jewels from two fraternal societies.

Today he is happy and content in the presence of his family and grand children.

Faithful Brethren Maonic Lodge closed down for a month following a special meeting held at the Temple recently.

On Saturday, June 25th Mr. McMillen passed another important milestone in the ever evolving cycle of time. He was surrounded by his family and congratulated by many friends.

"Hard work never hurt anybody and in my day I had to work long hours. When I was married I was earning \$12 a week and thought I was doing well," said the octogenarian.

Considerable water had passed under the bridge since the early days of Harold McMillen. He has a touch of the blood of the one time Cavan Biazers in his veins as he was born in the above township near the village of Bethany. At a tender age he moved with his parents to Lindsay and it was then that W. J. McMillen founded the dairy business which still bears the family name. The original dairy was located on 14 acres where the Dominion Foodshed, now known as Abex Industries, now stands.

Will Durant, the great philosopher, in addressing a school exercises said, in closing, "Good health to you, good work, good fortune, good character, good children and good grandchildren." He told them they were so rich they could never exhaust their heritage of technology, morals, manners, good literature and philosophy. All these were theirs—they were very, very rich.

Friendship consists in forgetting what one gives and remembering what one receives.

Courage — Fear that has said its prayers.

Reformer — One who insists upon HIS conscience being YOUR guide.

Joe Pat. Announcer's boob-oop "Our TV station was off the air for a few minutes, but the relief was short-lived."

Harold McMillen worked on the farm and grew up in the dairy business from the time he was a milkmaid until he drove a milk wagon. The dairy owned one single rig and one team wagon.

The day arrived when Harold decided "all work and no play" was not for him. The future was too long and the work too hard. At this time he entered into a somewhat remarkable marriage.

His first job was with the R. Neill Limited shoe store on the north side of Kent Street, and later moved to a more remunerative job in the clothing department of the Dundas and Favelle store.

Still in the notion of advancing himself in business, he returned to the Neill firm but his big venture was when he and his wife decided to buy the W. M. Robson grocery and confectionary business at the northwest corner of Kent and Sussex Streets, which was carried on successfully for a number of years following which a sale was made to James Robson.

Still ambitious and having a heart for the boot and shoe business Harold established business in the premises now occupied by Kent Cleaners, the property being owned by Mrs. McMillen, the former Ellen Terry. A few years later the young shoe merchant opened an up-date store on the north side of Kent Street which in time he sold to Joe Leith.

For Ford Moyne

"If you can't be honest with yourself, you can't be honest with the other fellow." This was the slogan and philosophy which was instilled into the mind of Harold McMillen by his father four score years ago.

At the close of the meeting, members had the annual try of hearing the Lindsay Barbershop group under the direction of Eric Booth. A number of fine vocalizations delighted the audience.

The gathering was treated to strawberry shortcake and coffee by the members of the Eastern Star lodge.

Reference was also made to his service to the church of his reverence as well as to his long and successful career as a member of the newspaper and printing fraternity.

Vacation: A period during which people find out where to day away from next year.

Let this not be the case in our area. Help Scotty the Bear keep our forest green by observing all the safety fire rules... and with courtesy, help keep Lindsay green... with money.

Thinking is the hardest work there is... which is probably why so few people do it.

Cat brought home a baby rabbit in her mouth, and deposited it at her mistress' feet with a plaintive "Mrow, please can I keep this one play with?" CAT, every summer, regularly brings home cats or two baby rabbits, unharmed, no doubt with the hopes that she can get to keep one. Unfolding mistress, via son back out in the field.

Shut-In's Corner. Reflection. I have to live with myself and know I want to be fit for myself to know.

Always to look myself straight in the eye. I don't like to stand with the setting sun.

Sidney C. Lonie, of 47 Francis Street, Lindsay, entered into rest at the Home Memorial Hospital on Tuesday, June 21st, 1966. He was in his 61st year.

Sidney Lonie was born in London, England and had resided in Lindsay for the past 28 years. He is survived by three daughters, Margaret of Toronto, Ruth at the University of Toronto, and Marjorie at home, as well as two sisters, Margaret (Mrs. Robert Eakin), Marjorie (Mrs. W. Buckner), and a brother Edward of Brampton.

A teacher at the Lindsay Collegiate Institute, Uthridge High School, Mr. Lonie graduated from Victoria College in 1934. He was a member of the Cambridge Street United Church and was an elder and former choir member for many years. He had also been

The garden is coming along like a girl on fire. The peonies planted on the 12th day of June, are coming and bearing their bow in exactly 8 days. So now if the cut worm, the cut onion, and the mean money bugs get lockjaw, we expect that the garden will come along quite normally.

Can't park the car on the side of the roadway as there's nothing but ditches on either side. There must be some other way to keep the dust down instead of tarring all the cars, kids, people, cats, dogs, there must be some other way. There ain't!

One of the nice things about gardening, see Aunt Kirsty, is that if you put it off long enough it eventually becomes too late. Well, we almost did just that.

You'll see the world at Expo 67. Here's what the world will see of Canada.

Next year, every town and village in Canada will be celebrating. But the biggest whoop-do of all, the great get-together for all Canadians from all the provinces (and half the world as well) will be... Expo 67, at Montreal. With over 70 foreign nations coming to help make Expo 67 the biggest, most imaginative exhibition ever staged here, obviously Canada couldn't be left behind. And it won't be. At Expo 67, the biggest, the most colorful achievements of this vast country of ours will be on show for all the world to see. Our history, industries, culture, and our future, will come to the notice of soaring pavilions, and a whole series of exciting events. You won't want to miss it, any more than you'd miss your own birthday. Plan now to visit Expo 67. Meet the world, and discover your own country. It will be a wonderful time to be a Canadian.

Dennis D. Sweeting, a house-hold name in the theatrical realm in Toronto and elsewhere in Canada is the person who has given the task of producing the Summer Theatre shows at the Academy Theatre.

1966

He and his family located in Lindsay recently and many preliminary details are underway. "I find Lindsay people in a receptive mood and are buying tickets for the performances," he said. "I have a friend in former Councillor Russell Taylor who has turned over a part of the old grist mill where we can have carpenters and craftsmen work on scenery etc."

Mr. Sweeting said he was looking for furnished apartments for some of the young actresses who will be spending two months in Lindsay.

1966

Mr. Sweeting has received the welcome news that Lady Eaton will attend one of the shows next week. Lady Eaton has always shown an interest in theatrical productions, and is a regular visitor to the Shakespeare theatre at Stratford and also attends the best shows in Toronto.

1966

Of interest to many readers will be the information that Lady Eaton was born in Omnesse where her generous philanthropy included the building of Coronation Hall, the United Church parsonage and the chapel at the Omnesse Cemetery and the Memorial Gate.

1966

Always interested in furthering musical talent, Lady Eaton "discovered" Sir Oswald Johnston, the Canadian born world renowned tenor and operatic singer.

Lindsay is a musical world. Try running up and down the scale or octave. Believe it or not, there are a number of towns and cities in the United States called Lindsay. We are indebted to well known local businessman Henry Houser for this information.

Sunderland Public School Graduation

Sunderland (PNS) — The annual banquet held in honour of the graduating class of Sunderland Public School and sponsored by Brock Branch No. 141 Royal Canadian Legion was held this year in the Brock Memorial Arena.

1966

Two tables were arranged for the 60 graduates with plates of food and a gift from the women's Auxiliary by Mrs. Graydon Hogg.

1966

Mrs. Fretz gave a most interesting talk which was mostly directed to the graduates and concluded by wishing them every success in the future. She was presented with a gift from the graduates and the women's Auxiliary. Gifts were presented to Mr. Groves, Mrs. Brethour and Mrs. McMillen.

Wesley Irwin

Wesley Garnet Irwin of 3 George Street, Lindsay, entered into rest at his late residence on Monday, June 20th, 1966. He was in his 77th year. Born at Dundas, Ontario in 1889, Wesley Irwin was the son of the late William Irwin and Margaret Poole, and was the beloved husband of Gladys Mary Nicholson. Mr. Irwin farmed in the Dundas area and had retired to Lindsay seven years ago. He had been in ill health for the past two years.

Wesley Irwin is survived by his wife, the former Gladys Nicholson, a sister-in-law Mrs. Florence Irwin of Oshawa, two nieces Mrs. Ora Iversen, of Bowmanville and Mrs. Betty Brown, of Oshawa, and two nephews, Ross Bick of Peterboro and Lloyd Bick of Bobcaygeon.

After attending Pleasant Point School, Mr. Irwin took up the farming profession. He was a member of St. Andrew's Presbyterian Church in Lindsay.

The funeral service was held from the Mackey Funeral Home at 2:30 p.m., Wednesday, June 22nd. Rev. O. G. Locke of St. Andrew's Presbyterian Church, conducted the service with interment at Dundas Cemetery.

Rae Bruce Fleming, son of Mr. and Mrs. V. B. Fleming, of Argyle, received an honour Bachelor of Arts degree in English and French at the June 3 convocation of the University of Toronto.

THE PRICE OF MILK

If you drink or buy milk, this may be of interest to you.

Effective July 1st, 1966, the price of milk paid by dairies in Ontario farmers for each 100 pounds of milk and the farm milk value will be increased by 4 percent. This means that the dairy farmer will be receiving about 120 more for each quart of milk he produces.

The dairy farmer is caught in a cost-price squeeze which makes it increasingly difficult for him to stay in business while producing milk at existing payment levels. If there is to be an adequate farm milk supply, it is absolutely necessary that the dairy farmer receive this price increase.

Virtually everything that the dairy farmer needs to operate his farm, has risen in price faster than the prices for milk. It has been possible to offset some of these rising costs by increasing productivity and greater efficiency. However, the trend has been towards a general decrease in the dairy farmer's personal standard of living.

Reproduced in this advertisement are some comparative prices of commonly required dairy farm purchases. It is evident from these figures that the economic pressure of the dairy farmer are real and appreciable. Reasons for labour and investment have become so inadequate that farmers are leaving the dairy industry. To ensure a continuing supply of fresh milk to consumers now and in the future, the price must rise.

Beef Does A&P Sell?

That's a fair question. And an easy one to answer.

A&P sells only Canada's finest, Red Brand Beef.

But that's not the whole story.

This is important!

A&P buys only Red Brand beef that meets our

High "Super-Right" Quality specifications.

Some beef labelled Red Brand

just isn't good enough to be called "Super-Right."

You see we're very firm

about the meat we label "Super-Right."

Are "Super-Right" meats a good reason for shopping A&P?

KILLING YOURSELF

By Peter J. Steinhorn, M.D., F.A.C.P.
Author of "How to Add Years to Your Life"

CAUSE OF ITCHING MAY BE SIMPLE OR SERIOUS
Dear Dr. Steinhorn: For quite a while now I have been troubled by a terrific itching over the most of my body, especially the legs, arms and chest. This is both embarrassing and annoying. I will appreciate your opinion as to the cause.

There's no evidence of redness or bites on the skin—just the itching. It's not constant just comes and goes. I am 60 and aside from this itching am in good health.

I have heard that this is due to improper functioning of the nerves. Also, that it might be due to a deficiency of vitamin B. I have been taking B vitamins based only on what I have heard. I confess I haven't been to a doctor yet. Will you advise?—Mrs. W.

Comment: You are depending on hearsay (evidence) which will note I get "evidence" in parentheses and quotes) because it can't really denote, even when circumstantial. Not even circumstantial. You are relying on what

you've heard. From whom? From everyone but a doctor—the only one who would be likely to find the cause of your itching and offer a remedy.

Itching is no fun. In fact, it is a pain. When you have pain day after day you would surely run to your doctor for advice. You should do the same with an itch which holds on tenaciously.

I can't even offer an intelligent guess. So, many conditions might be the cause of your trouble. And that's your doctor's job to discover. I will give you some possible reasons.

It may be simple. Your skin may be too dry from excessive bathing. You may have a low grade skin infection which does not make itself evident as sores or eruptions. Perhaps your skin is especially sensitive to soaps or detergents.

DIABETIC COMPLAINT
I have seen many diabetics whose first recognizable complaint was generalized itching. Examination showed that

urine was loaded with sugar. I recall some patients with blood sugar diseases who complained of itching more than of anything else.

Whether your itching is due to contact dermatitis or any other form of allergy; to parasites; to generalized disease; I hope I've made it evident that you may be suffering unnecessarily by using guessing games.

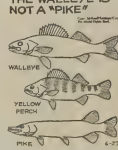

I think you'll agree it's time to use your family doctor. If your itching symptoms persist, he can always call on the help of a skin specialist or allergist to track down the culprit that's giving you the itch. I hope it will be to stop scratching.

WATCH NOT TO BLAME

Dear Dr. Steinhorn: This came to me out of nowhere. I feel like Sherlock Holmes. I think I know the cause of heart disease. I blame it on wearing the ordinary wrist-watch. There's the band, of ten so tight it cuts off circulation. There's the metal of the band and the heart, causing electrical currents which interfere with the heart's normal function. What do you think?—Mrs. W.

Comment: Interesting. But think you'd better, when the

KILLING YOURSELF

By Peter J. Steinhorn, M.D., F.A.C.P.
Author of "How to Add Years to Your Life"

STOP DRIVING, SEE DOCTOR

Dear Dr. Steinhorn: Will you advise: 1. My father, who is 68, easily becomes confused lately. When he drives downtown, he sometimes forgets where he has parked his car and has trouble finding his way home again. He fell in the bathroom over two years ago and he didn't remember what happened. Shall he see his doctor—Mrs. C.

Comment: My advice comes in two parts. The first is ur-

gent: Why do you allow him to drive a car? He is a menace, not only to himself but to all innocent drivers whom he meets and passes every day. For your sake and his, see if you can talk him out of getting behind the wheel again.

Part two: My guess is it's likely that your dad suffered a stroke two years ago. Better consult your family doctor and a neurologist.

Cleaning Zinc

To clean zinc, put carefully with kerosene, then polish with newspapers. This combination of kerosene and printer's ink is usually an effective stain-remover.

IODE visit Burnt River school

Burnt River, (PNS) — Some years ago, the Imperial Order of the Daughters of the Empire, an organization most commonly referred to as the I.O.D.E., accepted the Burnt River School. They have from time to time sent useful materials, books and equipment, but had never visited the new school or become acquainted with the many children they so ably assisted.

On Monday afternoon, May 30th the Burnt River Public School was honoured with a visit from six members of the I.O.D.E.

Mrs. Clara of the District explained the history and the function of the organization, and gave examples of how they give assistance to individuals, schools, and the needy.

At the end of the talk a library book was donated to each classroom.

The students enjoyed pop and doughnuts, a treat from the I.O.D.E., and tea was served by Mrs. Robinson.

During the afternoon, the subject of a museum was mentioned, and the I.O.D.E. members said they would be delighted to assist this project. If a sponsor could be obtained, Mrs. Robinson, the local teacher, was asked to prepare a list of anything that could be used in the school, and they would do their utmost to fulfil the desires.

One of the visitors took a number of pictures which will be placed in the I.O.D.E. scrap book.

JEAN MCBRIEN GETS DEGREE

Miss Jean Lenore McBrien, daughter of Mr. and Mrs. William H. McBrien has graduated from Western University in London with a BSc degree in nursing. Jean attended schools in Lindsay and Dunnville and resided in Dunnville when she graduated from public school. She attended the Toronto School of Nursing and after graduation in 1958, at Pembroke Western University for one year to get a diploma for Public Health Nursing.

She worked for the Department of Public Health in Toronto, Ontario, Norman Wells in North West Territories and the city of Calgary, before returning to Western University to get her degree.

Mr. Hutton told those making the trip they were relying on one thing, the wonderful hospitality of the French speaking people. "You and your French partner will be welcome as twins during your four weeks together. If your partner washes dishes you wash dishes, if your partner has a carter you have a carter," the director said.

Noble Hutton, who is regional director for the Canadian Council of Christians and Jews, organizers of the annual student exchange programme, told the group details of travel arrangements from the time they will leave Port Hope on July 7 and of their luggage, heads and social commitments during their visit to Quebec and also during the return visit of their French speaking partner to their home in the Lindsay area.

Seven students were accepted this year for the trip, compared to two in 1965, and one in 1964 when the Lindsay students were combined with the Peterborough contingent.

Hutton said he regretted that Hutton could not be found for some late arrivals. The Lindsay contingent who will leave by train from Port Hope on Saturday July 6th includes five students from Lindsay, one from the Woodville area and one from Coborn. They are Karen Beaton, Mary Louise Miller, Mike Martin, Mary Tangney and Sharon Cook of Lindsay. Isabel Parment of R.R. 1 Woodville, and Lynda Bellamy of Coborn. The Lindsay group will return accompanied by their French speaking partners on Thursday July 21st. This year there were 2500 students taking part in this exchange from all over Canada, Mr. Hutton said.

Fenelon Falls seeks Centennial caravan

The Fenelon Falls area centennial committee has appointed a steering committee to canvas all Fenelon Falls businessmen to determine their plans for centennial celebrations. They will also investigate the possibility of having the centennial caravan visit Fenelon Falls.

Represented at the meeting were the village of Fenelon Falls, Township of Fenelon Falls, Fenelon Falls Senior Citizens Club, Powell Corner Women's Institute, village of Badcom, and the Fenelon Falls Agricultural Society.

The meeting approved applying to the village council, the township council and the agricultural society for minimum grants to defray incidental expenses in connection with centennial celebrations.

THE WONDERFUL WORLD OF women

with Gloria Barrett

Gloria Barrett is guest columnist during absence of Helene Scott

Examination results: School is out and here is about the boy who didn't pass a Peterboro woman. You're sad about your year you is shattered. And desolation wraps you like a shroud.

Your laughter, only yesterday so happy, is silent now. Your head with hurt is empty. Your eyes are quiet pools of deep emotion.

Mirroring disappointment and pain. You have slipped the bitter cup of dreams. And now your future lies broken at your feet.

And I can just stand by and watch your sorrow. Helpless to thank you for the biting pain.

For you must learn that life is not all brightness. And sunny days are enevier after rain. And if on this grey day you've lost a battle, I don't mean that you have lost the war.

And when to-morrow's chapter has been written. Your world will be a happy place once more.

It's really not the failure that matters.

The wisest men know failure now and then.

If you can stand upright before a mirror.

And say, "I tried my best—'till the end."

Life is your school, adversity your teacher.

And you must give the best that you possess.

For in the giving you will grow in wisdom.

And find your efforts happy with success.

Another year lies fresh and clear before you.

Like a new book with pages clean and white.

Will it be filled with entree, not word reading?

Or will its contents glow with inner light?

It is your book and you alone its author. And the story that it tells.

So take your failure, use it as a weapon.

To help you gain the height where triumph dwells.

—Isabelle Kemp

D. Curran, the Pulper Brush personnel manager in Lindsay informs us that soon only women will be their representative.

Women enjoy meeting other women and discussing household problems. Mrs. Theodora Moyes of Lindsay and Mrs. Gordon Bentley of Newland assist the housewives as "Pulletteers" in the area. Pulper Brush also carry cosmetics which is also something new in the brush business.

Nothing will ever make a boy more educational, than when Dad trips over it.

Mrs. Mason Sproule is the Lindsay Professional Club delegate to the International Convention at Victoria, B.C. Lenore will be flying out in less than two weeks.

Mrs. Jeanie Black asked us if we had ever seen the sign in

Kins. Ross Magahay's office at the Ross Memorial Hospital. It reads: "I was sitting brooding when a quiet little voice came to me and said: 'Cheer up, things could be worse.' So I did, and sure enough things got worse."

Drive as if your family were in the car.

Miss Dorothy Sine, Mrs. G. H. Hetherington and Mrs. C. J. Vesey of Fenelon Falls area entertain and delight many with their melodious voices. As well as being soloists they excel in leading sing-alongs at whatever gathering they are in attendance.

Mrs. D. A. Macgillivray has informed us that both the Blythe Chapter and the Lady Hughes chapter IOOE will work together in convening a Centennial Ball in January. The Blythe chapter convenors are Mrs. G. McFadyen and Mrs. D. Lovelady. Mrs. Jack Beall and Mrs. Steve Blasco are the convenors for the Lady Hughes chapter.

CAESAR SALAD IS THE MOST RELIABLE
A good Caesar Salad, particularly during the summer, can be a meal in itself. Of course, there are several variations of this classical salad, but none of them should stray too far from the basic recipe. As with any other salad, it is important to use fresh crisp vegetables and leaves. Romaine is the basic leaf and there should be no substitution for it.

CAESAR SALAD
4 heads romaine, washed and chilled, 1 cup crisp croutons, 8 tablespoons garlic flavoured salad oil, or plain salad oil with 1 clove garlic chopped, 1/2 cup Worcestershire sauce, 2 raw or slightly boiled eggs (2 minutes), Juice of 2 lemons, 4 anchovies finely minced, Pepper from peppermill, coarsely ground, Salt to taste.
Break romaine into large salad bowl, add other ingredients, the eggs last with the lemon juice. Toss well. Serves 6 to 8.

When you have finished with your testakite, empty out any water that may be left. Then, before filling it again, rinse out with cold, clear water. This prevents the formation of sediment in the fuel tank.

Easter Stringing
When re-stringing beads or pearls in graduated sizes, first arrange them in order in one of the grooves of a piece of corrugated paper. In this way

attend the recent annual All-Ontario Junior B. basketball tournament at the Zille Memorial Stadium, July 1, 2 and 3. Twelve top ranking junior teams from Central Ontario will be competing in the modern park in Central Ontario region. Ample seating accommodation as well as car parking facilities within sight range are available plus efficient snack bar facilities and picnic tables in a well shaded area adjacent to the playing field.

The tournament gets underway Friday at 1:00 p.m. with Peterboro playing Scarboro. Two hours later Toronto High Park will oppose Toronto Peoples Credit, followed by Oakville versus Toronto Richmonds at five p.m.

The twilight game Friday will feature the winners of the first two games and will be a total of four games for one admission.

Mr. and Mrs. Morley Griggs of Little Britain and Mr. and Mrs. Reuben Ford of Lindsay and Mr. and Mrs. John Rodgers of Lindsay all celebrated their wedding anniversaries on Wednesday, June 29.

They said us the other day that June is a girl's idea of the perfect end to a marry chase.

"You down there" shouted the father from the head of the stairs — "The two-chirpy! Do you think you can stay all night?"

"Er, thank you" said the callow boy, "but I'll have to phone home first."

It will take only a few minutes to slip them on the neck.

HOW CAN I ???
By Anne Ashley

Q. What can I do about my deposit, hard-water scales, and other discolorations in aluminum vessels, caused by constant boiling of water?

A. These can often be removed by boiling vinegar in the vessel. Another method is to cup a raw lemon, put this into the pot with water, and boil for 15 minutes before scouring. And still another approach is to boil rubab in the discoloured vessel.

Q. How can I darken light tan leather articles, such as belts, shoes, etc.?

A. Try rubbing them with a cloth dipped in ammonia. This gives a deep brown finish. Be sure to apply uniformly, so the finish won't be spotted.

Q. How can I remove air-plane cement from furniture?

A. One easy and quick way of dealing with it is by rubbing over the stains with some of mild soap and cold cream.

Twelve top ranking junior teams from Central Ontario will be competing in the modern park in Central Ontario region. Ample seating accommodation as well as car parking facilities within sight range are available plus efficient snack bar facilities and picnic tables in a well shaded area adjacent to the playing field.

The tournament gets underway Friday at 1:00 p.m. with Peterboro playing Scarboro. Two hours later Toronto High Park will oppose Toronto Peoples Credit, followed by Oakville versus Toronto Richmonds at five p.m.

The twilight game Friday will feature the winners of the first two games and will be a total of four games for one admission.

Mr. and Mrs. Morley Griggs of Little Britain and Mr. and Mrs. Reuben Ford of Lindsay and Mr. and Mrs. John Rodgers of Lindsay all celebrated their wedding anniversaries on Wednesday, June 29.

They said us the other day that June is a girl's idea of the perfect end to a marry chase.

"You down there" shouted the father from the head of the stairs — "The two-chirpy! Do you think you can stay all night?"

"Er, thank you" said the callow boy, "but I'll have to phone home first."

It will take only a few minutes to slip them on the neck.

HOW CAN I ???
By Anne Ashley

Q. What can I do about my deposit, hard-water scales, and other discolorations in aluminum vessels, caused by constant boiling of water?

A. These can often be removed by boiling vinegar in the vessel. Another method is to cup a raw lemon, put this into the pot with water, and boil for 15 minutes before scouring. And still another approach is to boil rubab in the discoloured vessel.

Q. How can I darken light tan leather articles, such as belts, shoes, etc.?

A. Try rubbing them with a cloth dipped in ammonia. This gives a deep brown finish. Be sure to apply uniformly, so the finish won't be spotted.

Q. How can I remove air-plane cement from furniture?

A. One easy and quick way of dealing with it is by rubbing over the stains with some of mild soap and cold cream.

60th Wedding Anniversary

Mr. and Mrs. Hammond Leo, 35 Marlow Ave., Toronto, celebrated the occasion of their 60th Wedding Anniversary on June 11th, 1966.

Miss Geraldine Leo, Reg. N., their only daughter, received with them the many friends and relatives calling during the afternoon and evening to celebrate the occasion.

The tea table was prettily decorated with a large wedding cake which was served with the luncheon by the younger set.

Many beautiful floral bou-

quets decorated their home. They received many tokens and cards expressing best wishes from their friends, relatives and neighbours, as well as a telegram from The Queen, Prime Minister, Hon. Lester B. Pearson, Hon. John Roberts and Mayor Philip Givens.

Mr. and Mrs. Leo formerly lived in Peterboro, his home town, and lived in Lindsay where he managed one of the first automatic telephone Systems for several years. They have resided in Toronto for the past forty years.

In Memoriam

WEBSTER — In loving memory of a dear uncle, Stanley Webster who passed away June 28, 1965.

He was anxious to please, he hated to offend. A wonderful uncle, a faithful friend.

He would not wish for sadness, but only to be remembered. Throughout the passing years. Ever remembered by Marjorie, Brenda, Paul, Doreen, Sandra and Marie, Ralph and Linda. (H838)

PEEL — In loving memory of my wife Cora Vesta Peel, who passed away June 28, 1964. Two years have passed since that sad day. When one I loved was called away.

A silent thought, a secret tear, Keep her memory ever near. Ever remembered by loving husband and son. (H902)

PEEL — In loving memory of a dear sister Cora Vesta Peel, who passed away June 28, 1964.

The depths of sorrow we cannot tell, Of the loss of one we loved so well.

And while she sleeps a peaceful sleep Her memory we shall always keep.

Ever remembered by her sister and brother-in-law Irene and Harold Tiers. (H908)

Modern Metropolis Aglow with Vitality

Montreal, site of the 1967 world's fair, is itself a good example of the exhibition's theme — "Man and His World". Modern and progressive, this is a city that works hard and plays zealously. It ever eager to lead the way with the new and cherish the old, surge forward with technology and relax with the cultures of civilized mankind. In a city bounded by networks of ultra-modern expressways and bisected with a sparkling new rubber-wheeled subway system, where the game pedestrian walks link skyscrapers and electronic telephone are coming into operation, the world of culture thrives. The spacious Place des Arts where audiences throng to see the ballet and hear the symphony, the flourishing colonies of art museums, universities and spacious parklands reflect from every side the proven stage that man lives not by material things alone. Between big industrial plants concerned with pure exploration and revolutionary ideas in the world of science are numerous peaceful backwaters of antique shops, bookshops and art galleries. Where the

changer of massive engineering and ship-building works produces ponderous products for big industry, a 70-mile-an-hour autocar busses the traveller within a few hours of dense, forested wilderness where hulking moose and very black bear roam in remote, natural splendor beside crystal-clear lakes and rivers. For Montreal there are several of the many worlds of man to choose from and enjoy—and share with visitors from overseas during Canada's coming centennial year.

French flavor in Montreal is found city-wide, down side streets, in restaurants, night life and in its vital world of art.

Ardie Godfrey Stevens at work in his Montreal studio, above, is one of the thousands of creative people who gather in the city's conducive atmosphere to work and live.

Worsley family re-union

Zion-Pension (PNS) — The Worsley family re-union was held at Bruce Cooper's cottage on Cameron lake. The ninety persons sat down to a chicken and salad supper on the lawn. The sports committee had lined up a good programme, with races for all the children and grown-ups with prizes for all.

Later in the evening singing, recitations and readings were enjoyed by everyone. Prizes were awarded to the following:

Mr. Wm. Parkin of Lindsay (the oldest man, Mrs. Arthur Byrnell of Zion, the oldest woman, the youngest member, Susan Henry of Scarborough. Most recently married couple, Mr. and Mrs. Salmon of Wilmotville (nee Doris Kett of Woodville).

The longest married couple, Mr. and Mrs. Wm. Parkin of Lindsay. Largest family representation was the family of Mr. and Mrs. Robt. Lee, Toronto.

The couple with the most grandchildren were Mr. and Mrs. Garfield Henry of Zion; the relative furthest from the distance was Miss Cindy Marx of New Lakehead, Ont., granddaughter of Mr. and Mrs. Charles Kett of Woodville, Ont.

Officers were elected for the coming year: President, Mr. Marvin Hill; first vice-president, Bob Lee; Secretary-Treasurer, Mrs. Hugh Moore; Programme Committee: Bruce Cooper, Mrs. Roy Parkin, Mrs. Ruby Lee, Mrs. Walter Gordon, Mrs. Nelson Palmer, and Mrs. Oscar Brokenshire.

Sports Committee: Nelson Palmer, Murray Connor, Chas. Kent, Arthur Hill, Bob Lee, Bill Nicholls.

Two minutes of silence were observed for those who had passed on during the year.

Teacher changes at Cannington

Cannington (PNS) — With local schools closing this week, a number of staff changes will be taking place. At H. W. Knight Public School, four teachers are leaving, Mrs. Doris Garland, Miss Mary Hobanauer, Miss Jane Kelly, and Mr. J. N. White. Replacing these staff members will be Miss Smockom of Peterborough, Miss Gloria Doher of Campbellford, and Miss Gloria Doble of Sunderland and Mr. Hendricks of Scarborough.

Remaining on the staff are Mrs. Harold Gordon, Mrs. Mason Parliament, Mrs. G. Snodden, Mrs. John Doble, and Mr. Roden Rutledge. Mr. Rutledge will be principal, replacing Mr. White who has accepted a position at Brock District High School.

The Cannington Public School staff will be the same to this year. Mr. Lorne Graham, Principal, Mrs. Olive McDonald, Mrs. Jean Sanderson, Mrs. Paula Sproule, Miss Florence Nancekivill, Mr.

Gerrald Robson and Mrs. Elsie Hall, Kinderkanten.

HYDRO'S OLD FAITHFUL

Utilizing a principle developed in the 13th Century, a unique power station on the Montreal River near Cobalt produces a consistently scintillating display of place in a world of distractions.

Rugged Chute, Ontario Hydro's only experimental air plant, produces power in a uniquely beautiful environment. It is a 100-foot tower of water and air.

Why compressed air? Rugged Chute was built during the 1910s. Cobalt silver boom to provide a quiet, reliable and economical source of power for the new mine. Hydro acquired the installation along with other properties of the Northern Ontario Power Company in 1962.

With its moving parts, the operation of Rugged Chute is simple and almost maintenance free. Water tumbles down a 350-foot vertical intake shaft sucking in air at the same time — like the gurgling drama in a bathtub. The air-water mixture is deflected along a horizontal tunnel where the trapped air bubbles out and compresses it at a rate of 100 feet per second. Here it is compressed to 125 pounds a cubic foot by the weight of the 300-foot column of water in a shaft which rises to a ring level 1,000 feet downstream from the powerhouse.

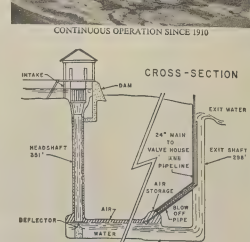

Rugged Chute's spectacular geocentric when a building of air depresses the water in the underground chamber, exposing it to the atmosphere.

A nine-mile surface pipeline carries the compressed air from the plant to mine outcrops.

The use of water to compress air is not new. A hydraulic device called a trompe provided compressed air for iron smelting in the 13th Century.

C.M. Taylor, a Canadian inventor, in 1893 built a number of compressed air plants in Canada and the United States.

Continued operation since 1910.

Cannington bowlers start new season

Cannington (PNS) — Opening of the summer activities on the Cannington Bowling Green got off well recently. The greens were all filled with thirty four players participating.

The president, Mr. Orville Lawton, extended a warm welcome to the bowlers, especially the ten new prospective members, two of them coming from Pefferlaw.

Two ten games were enjoyed and the potluck lunch was served by the women.

The first tournament of the year was held on the green Saturday afternoon, June 13th. It was mixed doubles with teams participating from Pefferlaw, Port Perry, Toronto, Agincourt, Richmond Hill as well as Cannington.

High three game winners Mr. and Mrs. Gimblett of Pefferlaw. Three game winners, Mr. DeNure and Mrs. Bentley of Port Perry. Two game winners Mr. and Mrs. Raymond, Pefferlaw. High one game winner Mr. Scott and Mrs. Grainger.

C.T.C. and Beaver win Atom games

In minor softball Atom division action last night Canadian Tire and Xenon Studios had the real squaker with C.T.C. winning 16-15.

Larry Aldred pitched three perfect innings to gain the win for the team while Doug Price and Mike Hadley starred in the field. Hadley carried three nifties as well as gain the player of the game award.

Rich Peters clouted two doubles and a homer in Jim McGee fired four shut-out innings to pace Beaver Lumber in an 18-3 win over Carver's B/A in the other Atom game. McGee proved to be the winning pitcher and Rich Peters was named player of the game.

Miss Sauer has been in charge of the orphanage at Glenora since the change in ownership. She has been more and more authority is being assumed by her with Mrs. Glenora McGee. Mrs. McGee thanked Miss Sauer for her challenging message. Miss Jones for her solo and Mrs. Kennedy for her hospitality. Following the singing of a hymn, Mrs. M. Deschamps closed the meeting with prayer and gave thanks for the refreshments which were served by the hostesses. A social hour was enjoyed.

Missionary addresses Baptist meet

Fenelon Falls, (PNS)—Miss Mary Sauer, of the Baptist Church, Orono, Ontario, was the special speaker at the June meeting of the Mission Society of Fenelon Falls. Mrs. Sauer, who was accompanied by her husband, Mr. Sauer, who is a member of the church, addressed the meeting at the home of Mrs. S. J. Kennedy, who is a member of the church.

A good attendance of members and several visitors.

In the absence of the president, Mrs. Sauer, Mrs. Sandy McGee presided for the meeting which was opened with a hymn by Mrs. Glenora McGee.

Mrs. McGee thanked Miss Sauer for her challenging message. Miss Jones for her solo and Mrs. Kennedy for her hospitality.

Following the singing of a hymn, Mrs. M. Deschamps closed the meeting with prayer and gave thanks for the refreshments which were served by the hostesses. A social hour was enjoyed.

Cardwright Central School holds first grade 8 graduation dinner

Blackstock (PNS)—The Cardwright Central Public School held its first graduation dinner for the grade eight students on Tuesday evening, June 21st.

The O.N.O. Club served the meal to the students who were accompanied by a large number of parents and friends.

One of the most entertaining items on the programme was the reading of a book entitled Grade Eight compiled by the Grade 7 students. As Carol Werry and Donald Wright read the amusing accounts of the students each one was required to stand up and bear their future careers.

Achievement bars were awarded for Perfect Attendance, membership and more. The recipients of these were as follows: Perfect Attendance, Linda Mountjoy, Lorraine Turner and Bob Swain. Penmanship, Linda Mountjoy, Lorraine Turner, Donna Swain, Gal MacDonald, Lori Gekkes, Beth Dunsmore, Paul Frey, Rick Polan, Linda Wilkins, and Sandra Rogan.

Music bars were given to the girls who took first in the triple trio at the Kinnmount Festival at Peterborough in the spring with a mark of 94. The girls were Linda Mountjoy, Lorraine Turner, Carol Werry, Leanne Dorrell, Linda Wilkins, Kay Porritt, Heather Brin, Norma Wotten and Donna Swain.

Next was the presentation of the special awards. Medallions presented by Mr. Challice to Lorraine Turner. Literature presented by Mr. Campbell to Rolf Frey. Science presented by Mr. Holden to Donna Swain. English presented by Mrs. Thompson to Carol Werry. The
